This volume addresses the challenges facing explorers and developers alike in a region that is becoming a major focus of the petroleum industry in the United Kingdom, Faroes and North Norway. Several West of Shetland fields are still in the appraisal phase almost a decade after discovery. Sub-volcanic exploration risks remain high: sub-volcanic structural traps are imaged poorly, and so the geophysical community is responding with the application of latest technology. The more simple reservoirs might not be large enough to prompt informed and speedy development decisions; larger fields might have a combination of complexities, requiring a phased approach to the development. Infrastructure has been slow to arrive and planned developments have been subject to dramatic swings in fiscal regime ranging from special allowances to unexpected tax increases. Environmental challenges are significant when moving into more remote, deeper water. The perception of these challenges by the third parties has become much more acute. To sustain its right to operate, the industry has to demonstrate safe drilling operations and appropriate response capability with government agencies.

How the Bible's Problems Enhance Its Divine Authority Prabhat Prakashan In Inspired Imperfection, Gregory A. Boyd adds another counterintuitive and provocative thesis to his corpus. While conservative scholars and pastors have struggled for years to show that the Bible is without errors, Boyd considers this a fool's errand. Instead, he says, we should embrace the mistakes and contradictions in Scripture, for they show that God chose to use fallible humans to communicate timeless truths. Just as God ultimately came to save humanity in the form of a human, God chose to impart truth through the imperfect medium of human writing. Instead of the Bible's imperfections being a reason to attack its veracity, these "problems" actually support the trustworthiness of Christian Scripture. Inspired Imperfection is required reading for anyone who's questioned the Bible because of its contradictions.

Inspiration and practical tips for runners who prioritize enjoyment over pace and embrace their place as an "average" runner In her first book, popular runner blogger Amanda Brooks lays out the path to finding greater fulfillment in running for those who consider themselves "middle of the pack runners" -- they're not trying to win Boston (or even qualify for Boston); they just want to get strong and stay injury-free so they can continue to enjoy running. *Run to the Finish* is not your typical running book. While it is filled with useful strategic training advice throughout, at its core, it is about embracing your place in the middle of the pack with humor and learning to love the run you've got without comparing yourself to other runners. Mixing practical advice like understanding the discomfort vs. pain, the mental side of running, and movements to treat the most common injuries with more playful elements such as "Favorite hilarious marathon signs" and "Weird Thoughts We all Have at the Start Line," Brooks is the down-to-earth, inspiring guide for everyone who wants to be happier with their run.

Jesus's view of women was radical. So why does it seem like the Church does not view women the same way? Why, in so many parts of the world (including America) are women not encouraged towards their full potential as leaders in the church? Are you living with a very palpable tension between your roles of wife, mother, and career woman? You are not alone. The secular world attempts to embrace women as equals. We are equals in many ways, but we are not exactly the same. I believe as women, we are uniquely created for such a time as this. Let us lay aside the damaging judgements that we bring against each other (working or not, divorced or not, single, childless, many children, black, brown, yellow or white) and let us unite. Let us come to the table and have conversations about the strong, vibrant, thriving place the Lord has designed women to live in. We are His ezer warriors. May we be humble as we allow space for this new kind of conversation. May we step boldly into the conversation and even more so as we are propelled into battle. I see you warrior woman.
