When Jonathan Tibbs awakes in a puddle of his own blood, there isn't a scratch on him to explain it. In the weeks to follow, he comes to find he's been drafted for a war with a violent otherworldly species. A

war that only he can remember. Now, the man Jonathan imagined himself becoming is no longer the man who can endure his future. The first installment in this science fiction action adventure series, *The Never Hero* is a gritty and honest look at the psychological journey of a man forced to forge himself into a weapon.

Abandoned with little guidance, and at the mercy of a bargain struck far outside his reach, Jonathan races to unlock the means to surmount the odds, and understand the mystery behind a conflict raging outside of time and memory. In the end, the real question is what Jonathan is willing to become to save a planet that will never see his sacrifice. May the Best Dog Win! her husband is killed, the path is clear for me to step in and claim her for myself. I'll give her a glimpse into the truth. I give Calla and her kids one year to grieve their loss. When the year is over, I pluck them from the grey world she clings to and insert them into the vivid color of my Bellandi life. Even when it hurts, and she rails against me. Rising tensions in my world threaten to steal her away from me, but I won't let anyone take what is mine. Instead, I'll demand every piece of her: her heart, her body. Her soul. And I won't stop until I've taken everything. The Never Hero
Be Active Your Way Edward W. Robertson
If you lost a piece of your memory...Would you trust yourself to have made the right choices...In the moments you can't remember.The Ferox assault has been

escalating, drawing Jonathan into combat more and more frequently. With each passing day, he's grown stronger. He can't be certain, but his attackers seem to be getting... more dangerous'...and, of course, Heyer is gone, again. Then came the glitch. Unexpectedly pulled from battle, Jonathan finds he cannot recall the final moments of his last confrontation. Convinced that his memory loss was no accident, he

must uncover the truth. His only leads are a less than helpful artificial alien intelligence, and Rylee, a mysterious and possibly crazy woman, who seems to think they share a history he doesn't remember. With no means to contact the only being who can give him answers, and knowing he has gaps in his memory, Jonathan must make every move uncertain of the consequences. The blond man better show up soon, because events hidden in Jonathan's lost memories may trigger a war humanity isn't ready to fight. The Never Paradox is book two in The Chronicles of Jonathan Tibbs, readers who have not yet completed book one, The Never Hero, will have difficulty following. Parental Warning: This series attempts to keep swearing to a minimum. However, the sequel has one unavoidable usage of the F-word. This is due to its presence in a direct quote taken from another piece of fiction.
