European Union Law Taylor & Francis

The fourth edition of this well established and highly regarded work on EU law maintains its character by combining comprehensive yet accessible coverage with in-depth analysis of the law and student-friendly pedagogy. It is fully up to date so encompassing critical examination of new important judgments of EU and national courts and developments in institutional, constitutional and substantive EU Law. The book keeps its unique style in that it is both a textbook and a casebook. Case summaries are highlighted in colour-tinted boxes for ease of reference, and are accompanied by key facts and critical analysis, often in the light of subsequent developments. The student-friendly approach is enhanced by market-driven pedagogical features, including: Concise outlines, at the beginning of each chapter describing its content and assisting in revision; An aide-mémoire, often presented in diagrammatic form, at the end of each chapter to highlight and reinforce key points; End of chapter recommended reading lists to encourage and facilitate further research; End of chapter problem and essay questions testing the students' ability to apply what they have learnt; Cross-references to show how topics are interrelated; and A map identifying EU Member States, candidate States; and, potential candidate States. The book's companion website offers a range of teaching and learning resources including an interactive timeline of the EU, useful web links, self-test questions and much more. This book is essential reading for those studying EU law on both undergraduate and postgraduate courses and will be of interest to students of political science, social science and business studies.

Preliminary References to the European Court of Justice OUP Oxford

Among the criteria for accession to the European Union are democracy and the Rule of

Law. In the insightful analysis offered by the author of this book, these concepts - while admirable and even necessary criteria in principle - are almost impossible to measure, and any judgement grounded in them will always be difficult to justify. In his words, 'by including analysis of democracy and the Rule of Law within the field of the EU enlargement law, the Union entered an unstable terrain of vague causal connections and blurred definitions.' Dr Kochenov addresses this problem by proceeding as follows: 1. Outlining EU enlargement law in general, including the principle of conditionality and the role played by the analysis of democracy and the Rule of Law in enlargement preparation; 2. Focusing on the role actually played by the monitoring of democracy and the Rule of Law in ten candidate countries, scrutinizing the way the EU used the legal tools and competences outlined in its enlargement law. The book adopts the EU's own understanding of democracy and the Rule of Law, as derived directly from the substance of the numerous legal and political instruments issued by the Community Institutions and especially the Commission in the course of the pre-accession process. In this way it demonstrates the actual - as opposed to the officially announced - role played by the assessment of democracy and the Rule of Law in the candidate countries in the regulation of enlargement. Many formidable inconsistencies in the application of the conditionality principle are thus laid bare. This leads the author to a series of recommendations on policy and procedure that he demonstrates could be profitably applied to the regulation of current and future accessions, using the Commission's own structure of monitoring pre-accession reforms in the three areas of the legislature, executive, and judiciary in candidate countries. The probity and soundness of these recommendations, firmly grounded as they are in the actual pre-accession monitoring and its consequences for the pre-accession progress of ten Eastern European countries admitted to the EU in 2004 and 2007, will greatly interest policymakers and scholars concerned with the future of European integration.

Text, Cases and Materials on European Union Law Bloomsbury Publishing

'European Union Law' provides students with a clear understanding of the law of the EU and the fundamental principles that support it. Essential information is provided in a user-friendly format to facilitate learning and understanding of this key discipline.

EU Law Oxford University Press

Includes the decisions and orders of the Board, a table of cases, and a cross

reference index from the advance sheet numbers to the volume page numbers.

Reports of Cases Before the Court of Justice and the Court of First Instance Bloomsbury Publishing

The Court of Justice of the European Union has exclusive jurisdiction over European Union law and holds a broad interpretation of these powers. This, however, may come into conflict with the jurisdiction of other international courts and tribunals, especially in the context of so-called mixed agreements.

While the CJEU considers these 'integral parts' of EU law, other international courts will also have jurisdiction in such cases. This book explores the conundrum of shared jurisdiction, analysing the international legal framework for the resolution of such conflicts, and provides a critical and comprehensive analysis of the CJEU's far-reaching jurisdiction, suggesting solutions to this dilemma. The book also addresses the special relationship between the CJEU and the European Court of Human Rights. The unique interaction between these two bodies raises fundamental substantive concerns about overlaps of jurisdiction and interpretation in the courts. Conflicts of interpretation manage largely to be avoided by frequent cross-referencing, which also allows for much cross-fertilization in the development of European human rights law. The link between these two courts is the subject of the final section of the book.

Essays in European Law and Integration Oxford University Press

This essential Q&A study and revision guide contains a variety of model answers and plans to give you the confidence to tackle any essay or problem question, and give you the skills you need to excel in law exams and coursework assignments.

Visit the EU Law Analysis blog page and Steve Peers' Twitter page for additional insight into EU law.

Concentrate Questions and Answers EU Law Routledge

This is the second edition of this wide-ranging survey of EU law. The new edition has been significantly enlarged. Unlike many other EU law books it takes full account not only of the Lisbon Treaty changes to the EU treaties, but also of the fact that the EU Charter of Fundamental Rights now has the same legal value as the EU Treaties. It therefore not only covers the relevant case law of the Court of Justice of the European Union, but also ties that case law into the decisions of the European Court of Human Rights, because it is clear that EU law can only now properly be understood and applied against this background of European fundamental rights jurisprudence. The book sets out very clearly the broad shape of the European Union's legal systems, while also giving the reader a good feel for the policy motivations in the Court of Justice of the European Union and the scope of EU legislative activity. Written in a lively and accessible style, it is an ideal guide for practitioners, whether those coming to the subject for the first time or those already with a background in EU law. Among the additions and changes in this expanded edition the book includes new chapters on the EU and fundamental rights, on commercial agency, on criminal law and on private international law in the EU. It also contains a full treatment of EU equality law. The first edition 'EC Law for UK Lawyers' by Aidan O'Neill and Jason Coppel (ISBN: 9780406024596) was published by Butterworths in 1994.
