Finding Purpose in Your Life and Work Penguin

This epic Gothic Western about a half-Indian outcast who becomes a famous buffalo hunter is “a big sprawling novel of the West as it really was” (The Denver Post). Perhaps Joe Cobden was always destined to be an outcast. His Indian mother died in childbirth, alone on a stagecoach road under a pitch-black prairie sky. His white father abandoned him in the name of his own ambition. The wife of the doctor who adopted him despised him for his mixed race. His classmates teased him for his curved spine. Joe leaves nothing but pain behind as he lights out for the Kansas frontier. It is the 1870s and Joe makes a name for himself as a famed buffalo hunter, tracking a phantom white buffalo from the Mississippi River to the Rocky Mountains. But his glory days as “Joe Buffalo” die as quickly as the slaughtered herds, and he finds himself forced to settle in Valley Forge, where the townsfolk each hide their own twisted secrets. “[A] gutsy, raunchy, rough, blunt, down-to-earth (or mud) novel in which little is sacred,” Heart of the Country paints a broad panorama of a demythologized American West, populated with unforgettable—and often unforgivable—characters, brought to life with stunning imagery and bold, baroque prose (Los Angeles Times).

On his thirtieth birthday, Jeff Goins quit his job and began his pursuit of becoming a full-time writer. While certainly that was a milestone day, it was still less significant than the ones that lead to that memorable moment. The journey he took leading up to that daring decision involved twists, turns, and surprises he never expected. In the end, he found his life ’ s purpose, his calling; and in The Art of Work, he wants to share his journey with you and help you, too, discover your life ’ s work, along with the invaluable treasure that comes with doing so. As writer, keynote speaker, and award-winning blogger Jeff Goins explains, our search for discovering the task we were born to do begins with passion but does not end there. Only when our interests connect with the needs of the world do we begin living for a larger purpose. Those who experience this intersection experience something exceptional and enviable. Though it is rare, as Jeff discovered along the journey he shares in this one-of-a-kind book, such a life is attainable by anyone brave enough to try. Through personal experience, compelling case studies, and current research on the mysteries of motivation and talent, Jeff shows readers how to find the vocation they were meant for and what to expect during the long, arduous journey to discovering and pursuing it.
