"Meticulously researched and beautifully crafted.... This is glorious work." – Washington Post "A gripping, deeply relevant book." – New York Times Book Review From Paulette Jiles, author of the critically acclaimed New York Times bestsellers *Enemy Women* and *Stormy Weather*, comes a stirring work of fiction set on the untamed Texas frontier in the aftermath of the Civil War. One of only twelve books longlisted for the 2009 Scotiabank Giller Prize—one of Canada's most prestigious literary awards—*The Color of Lightning* is a beautifully rendered and unforgettable re-examination of one of the darkest periods in U.S. history.

The inspirational story of how Nobel Prize winner Muhammad Yunus invented microcredit, founded the Grameen Bank, and transformed the fortunes of millions of poor people around the world. Muhammad Yunus was a professor of economics in Bangladesh, who realized that the most impoverished members of his community were systematically neglected by the banking system -- no one would loan them any money. Yunus conceived of a new form of banking -- microcredit -- that would offer very small loans to the poorest people without collateral, and teach them how to manage and use their loans to create successful small businesses. He founded Grameen Bank based on the belief that credit is a basic human right, not the privilege of a fortunate few, and it now provides \$24 billion of micro-loans to more than nine million families. Ninety-seven percent of its clients are women, and repayment rates are over 90 percent. Outside of Bangladesh, micro-lending programs inspired by Grameen have blossomed, and serve hundreds of millions of people around the world. The definitive history of micro-credit direct from the man that conceived of it, *Banker to the Poor* is the moving story of someone who dreamed of changing the world -- and did.

The former Guardian royal correspondent "wisely explores a host of issues surrounding the royals, from the monarchy's role to the legacy of Diana" (Get Surrey). It was an amazing feat in the twenty-first century that Queen Elizabeth II, a

small woman in her late-eighties, was one of the most recognisable people on the planet. The world had utterly, irreversibly, and radically evolved since she ascended the throne in 1952 and yet, in an era of instant celebrity, she remained, more popular than ever: a bastion of certainty and comfort to the British and many other people during uncertain times. But with her death on September 8, 2022, questions remain: How secure is the British Royal Family? How much depended on the person of the Queen herself, and how much on the institution? To answer these questions, *Royalty Inc.* combines a history of the British Crown's evolution through the modern age with a journalistic peek behind the curtain at the machinery that sustains the Windsors today. Written by the Guardian's former Royal correspondent, its line is neither royalist nor republican. Instead it takes a clear-eyed look at a host of issues, including the future of the Commonwealth, the Monarchy's role in the British constitution and class system, King Charles' notorious "black spider memos," the true scale of the Royal finances, the legacy of Diana, and the problems and pressures faced by any heir to the throne in the future. "Fearless and perceptive... Stephen Bates tells it like it is, covering every aspect with rare humour and intelligence. I couldn't recommend it more highly." —Literary Review

As the financial crisis puts a stranglehold on credit and funding, the upcoming 2012 Olympics in London already look to fall well short of their current budget. Fortunately, London has been through just such hard times before in the run-up to an Olympics, and in 1948 it showed how to run a fantastic event on a tiny budget. This thrilling history of the last Olympics in London is a tale of female competitors sewing their own kit, teams ferried to events on red London buses and billeted in Spartan hostels or even army camps, and the main stadium being hastily

cleared of greyhound racing to allow the athletics to take place. The total budget was a shockingly low £760,000, and great athletes like Emil Zatopek and Fanny Blankers-Koen thrilled the crowds nonetheless.

FEDERER is almost universally recognised as the greatest tennis player of all time; he might also be the greatest athlete. Adored around the world, Federer has become one of sport's most iconic and popular figures. In this innovative graphic biography, Federer's genius is explored and celebrated like never before, with beautiful infographics looking at his serving patterns, the speed of his shots, the spin he generates, his movement, as well as his performance in high-pressure situations such as tiebreaks and Grand Slam finals. Federer's astonishing records - no man has won more majors, or spent more weeks as the world number one - are also showcased against his rivals and the legends of the game. Drawing on his conversations with Federer, as well as exclusive interviews with those close to the Swiss, Mark Hodgkinson tells the story of how a young hothead from Basel transformed himself into a calm and poised athlete who came to dominate tennis. And who, while deep in his thirties, has continued to seek improvements, to challenge men many years younger than him and to contend for the sport's biggest prizes. The infographics, stunning photography and insight and analysis - from Federer's rivals, idols, coaches and members of his inner circle - will give you a new appreciation of his greatness and how his tennis has moved so many people.

In August 1964 The Kinks released their third single. After a little noticed debut and a follow-up that had failed to chart at all, Pye Records were threatening to annul the group's contract. But with its unforgettable distorted guitar riff, 'You Really Got Me' went on to reach No.1, entering the US Top Ten later the same year. Followed by a string of hits, it marked the breakthrough of one of Britain's most innovative and influential bands, and a turning point in the fortunes of two brothers whose troubled story is as tumultuous and characterful as the music they produced: Ray and Dave Davies. Born into a deeply musical working-class family in London's Muswell Hill, Ray and Dave grew up in a city recovering from the bombs and privations of the Second World War. More than any other musicians of the Sixties, they crafted the soundtrack that made it swing again. In songs such as 'Dedicated Follower of Fashion', 'Sunny Afternoon' - which toppled The Beatles to become the hit of Summer 1966 - 'Waterloo Sunset', 'Days' and 'Lola', they drew on music hall, folk and rhythm and blues to craft a peculiarly English pop idiom, inspiring generations of songwriters from David Bowie to Jarvis Cocker and Damon Albarn. Pocked by sibling rivalry, furious on-stage violence, walkouts, overdoses, a career-threatening ban from the US, gross self-indulgence, and the band's curious rebirth as eighties stadium rockers, the story laid bare in *God Save The Kinks* is one of the greatest in British pop history.

"Kings of the Mountains" tells the amazing and little-known story of how an impoverished, politically turbulent Latin American country produced a breed of cyclist capable of taking on the world's best - in the 2002 Tour de France the top Colombian rider Santiago Botero beat even the great Lance Armstrong to win the time trial.; Matt Rendell tells of how Colombia's first cycle races during the 50s were held on dusty, unpaved roads - with consequentially many accidents; of how the first top Europeans to race in Colombia found themselves utterly vanquished by its endless mountain climbs; of how the biography of Colombia's first cycling superstar was written by Gabriel Garcia Marquez. Then, in the 70s and 80s, its cyclists began to make their mark, even in the Tour de France - especially as victors in its draining mountain stages, to become King of the Mountains - before Colombia's pathological political instability led to the rise of the cocaine cartels, and cycling became inextricably linked with the world of drug smuggling.

Love and tragedy dominate book four of Virgil's most powerful work, building on the violent emotions invoked by the storms, battles, warring gods, and monster-plagued wanderings of the epic's opening. Destined to be the founder of Roman culture, Aeneas, nudged by the gods, decides to leave his beloved Dido, causing her suicide in pursuit of his historical destiny. A dark plot, in which erotic passion culminates in sex, and sex leads to tragedy and death in the human realm, unfolds within the larger horizon of a supernatural sphere, dominated by power-conscious divinities. Dido is Aeneas' most significant other, and in their encounter Virgil explores timeless themes of love and loyalty, fate and fortune, the justice of the gods, imperial ambition and its victims, and ethnic differences. This course book offers a portion of the original Latin text, study questions, a commentary, and interpretative essays. Designed to stretch and stimulate readers, Ingo Gildenhard's incisive commentary will be of particular interest to students of Latin at both A2 and undergraduate level. It extends beyond detailed linguistic analysis to encourage critical engagement with Virgil's poetry and discussion of the most recent scholarly thought.

From the acclaimed author of *The Night Portrait* comes a stunning historical novel about two women, separated by five hundred years, who each hide Leonardo da Vinci's Mona Lisa—with unintended consequences. France, 1939 At the dawn of World War II, Anne Guichard, a young archivist employed at the Louvre, arrives home to find her brother missing. While she works to discover his whereabouts, refugees begin flooding into Paris and German artillery fire rattles the city. Once they reach the city, the Nazis will stop at nothing to get their hands on the Louvre's art collection. Anne is quickly sent to the Castle of Chambord, where the Louvre's most precious artworks—including the Mona Lisa—are being transferred to ensure their safety. With the Germans hard on their heels, Anne frantically moves the Mona Lisa and other treasures again and again in an elaborate game of hide and seek. As the threat to the masterpieces and her life grows closer, Anne also begins to learn the truth about her brother and the role he plays in this dangerous game. Florence, 1479 House servant Bellina Sardi's future seems fixed when she accompanies her newly married mistress, Lisa Gherardini, to her home across the Arno. Lisa's husband, a prosperous silk merchant, is aligned with the powerful Medici, his home filled with luxuries and treasures. But soon, Bellina finds herself bewitched by a charismatic monk who has urged Florentines to rise up against the Medici and to empty their homes of the riches and jewels her new employer prizes. When Master Leonardo da Vinci is commissioned to paint a portrait of Lisa, Bellina finds herself tasked with hiding an impossible secret. When art and war collide, Leonardo da Vinci, his beautiful subject Lisa, and the portrait find themselves in the crosshairs of history.

"An enchanting, ghostly story that had me in its grip until the last page."—Jennifer A. Nielsen, *New York Times* and *USA Today* best-selling author of *The False Prince*
"Keep calm and carry on." That's what Katherine Bateson's father told her, and that's what she's trying to do: when her father goes off to the war, when her mother sends Kat and her brother and sister away from London to escape the incessant bombing, even when the children arrive at Rookskill Castle, an ancient, crumbling manor on the misty Scottish highlands. But it's hard to keep calm in the strange castle that seems haunted by ghosts or worse. What's making those terrifying screeches and groans at night? Why do the castle's walls seem to have a mind of their own? And why do people seem to mysteriously appear and disappear? Kat believes she knows the answer: Lady Eleanor, who rules Rookskill Castle, is harboring a Nazi spy. But when her classmates begin to vanish, one by one, Kat must uncover the truth about what the castle actually harbors—and who Lady Eleanor really is—before it's too late.

"An exceptional and compelling biography about one of the Tudor Age's most complex and controversial figures." —Alison Weir
Thomas Cromwell has long been reviled as a Machiavellian schemer who stopped at nothing in his quest for power. As King Henry VIII's right-hand man, Cromwell was the architect of the English Reformation; secured Henry's divorce from Catherine of Aragon and plotted the downfall of his second wife, Anne Boleyn; and was fatally accused of trying to usurp the king himself. In this engrossing biography, acclaimed British historian Tracy Borman reveals a different side to one of history's most notorious characters: that of a caring husband and father, a fiercely loyal servant and friend, and a revolutionary who was key in transforming medieval England into a modern state. Thomas Cromwell was at the heart of the most momentous events of his time—from funding the translation and dissemination of the first vernacular Bible to legitimizing Anne Boleyn as queen—and wielded immense power over both church and state. The impact of his seismic political, religious, and social reforms can still be felt today. Grounded in excellent primary source research, Thomas Cromwell gives an inside look at a monarchy that has captured the Western imagination for centuries and tells the story of a controversial and enigmatic man who forever

changed the shape of his country. “An intelligent, sympathetic, and well researched biography.” —The Wall Street Journal “Borman unravels the story of Cromwell’s rise to power skillfully . . . If you want the inside story of Thomas Cromwell . . . this is the book for you.” —The Weekly Standard “An engrossing biography. . . . A fine rags-to-riches-to-executioner’s-block story of a major figure of the English Reformation.” —Kirkus Reviews “An insightful biography of a much-maligned historical figure.” —Booklist
