The rice beer bellies of a Christian village in Meghalaya; food fed to departed Zoroastrian souls; a Kolkata-based Jewish community in decline; Tibetan monks who first serve Preta, the hungry ghost; and fifty-six-course feasts of the Jagannath temple--these are the stories in *Bhagwan Ke Pakwaan* (or, food of the gods), a cookbook-cum-travelogue exploring the connection between food and faith through the communities of India. There are legends and lore, angsty perspectives, tangential anecdotes, a couple of life lessons and a whole lot of food.

"Jim Harrison has probed the breadth of human appetites--for food and drink, for art, for sex, for violence and, most significantly, for the great twin engines of love and death. Perhaps no American writer better appreciates those myriad drives; since the publication of his first collection of poetry . . . Harrison has become their poet laureate."--Salon.com In Jim Harrison's new book of poems, birds and humans converse, biographies are fluid, and unknown gods flutter just out of sight. In terrains real and imagined--from remote canyons and anonymous thickets in the American West to secret basements in World War II Europe--Harrison calls his readers to live fully in a world where "Death steals everything except our stories." In *Search of Small Gods* is an urgent and imaginative book--one filled with "the spore of the gods." Maybe the problem is that I got involved with the wrong crowd of gods when I was seven. At first they weren't harmful and only showed themselves as fish, birds, especially herons and loons, turtles, a bobcat and a small bear, but not deer and rabbits who only offered themselves as food. And maybe I spent too much time inside the water of lakes and rivers. Underwater seemed like the safest church I could go to . . . Jim Harrison is the author of thirty books of poetry, fiction, and nonfiction, including *Legends of the Fall* and *Shape of the Journey*. A long-time resident of Michigan, he now lives in Montana and Arizona.

It began as a vacation out west for Jim Wagner and his family...until Jim discovers his brother, particle physicist Dr. Warren Wagner, is missing from his Nevada home. The mystery leads to the desert laboratory of corporate giant Forsythe-Hammond. There Jim discovers the truth behind Warren's disappearance and its connection to the company's deepest secrets, a technology where faith and science collide. It's the beginning of a thrilling and dangerous adventure to rescue his brother. Jim is joined by the affable Lyle Bumgardner, particle physicist and atheist at heart; and by Dr. Lawrence Macklin, devout Christian and Biblical scholar. Their odyssey becomes destiny, a struggle for survival and a quest for truth, leading them to a place where Christian faith and secular atheism alike will be put to the test. Their journey puts them on the trail of the historical Jesus...

What do we think about when we think about Greek food? For many, it is the meze and the traditional plates of a Greek island taverna at the height of summer. In *Gifts of the Gods*, Andrew and Rachel Dalby take us into and beyond the taverna in our minds to offer us a unique and comprehensive history of the foods of Greece. Greek food is brimming with thousands of years of history, lore, and culture. The country has one of the most varied landscapes of Europe, where steep mountains, low-lying plains, rocky islands, and crystal-blue seas jostle one another and produce food and wine of immense quality and distinctive taste. The book discusses how the land was settled, what was grown in different regions, and how certain fruits, herbs, and vegetables became a part of local cuisines. Moving through history--from classical to modern--the book explores the country's regional food identities as well as the export of Greek food to communities all over the world. The book culminates with a look at one of the most distinctive features of Greece's food tradition--the country's world renown hospitality. Illustrated throughout and featuring traditional recipes that blend historical and modern flavors, *Gifts of the Gods* is a mouth-watering account of a rich and ancient cuisine.

The north and the west and the south are good hunting ground, but it is forbidden to go east. It is forbidden to go to any of the Dead Places except to search for metal and then he who touches the metal must be a priest or the son of a priest. Afterwards, both the man and the metal must be purified. These are the rules and the laws; they are well made. It is forbidden to cross the great river and look upon the place that was the Place of the Gods--this is most strictly forbidden. We do not even say its name though we know its name. It is there that spirits live, and demons--it is there that there are the ashes of the Great Burning. These things are forbidden-- they have been forbidden since the beginning of time.

There are many things in this world the average person cannot see...but a chosen few can. Such is the case with Lala, the five-year-old Mexican-American child at the heart of this unique coming-of-age novel. Divine Sight finds Lala at a critical point in her life, where she is learning how to deal with the different perspectives of her multicultural, multigenerational family and coming to terms with her sixth sense of second sight. Set in the 1950s and spanning both the United States and Mexico, the story is told through a series of vignettes written in Lala's voice. Each chapter casts Lala against a challenging situation and shows how she, with the aid of her family members and otherworldly allies, works to overcome it and becomes more comfortable in her own skin--as a medium between two worlds and two cultures. A truly touching and thoughtful tome, *Divine Sight* explores many common, and uncommon, themes from an encouraging and empowering angle. It speaks volumes about cultural and spiritual understanding and tells a tale of hope and helpfulness that's sure to appeal to open-minded readers who want to better understand and appreciate life's many marvels.

Three of the most original thinkers of our time explore issues that call into question our current views of reality, morality, and the nature of life. • A wide-ranging investigation of the ecology of inner and outer space, the role of chaos theory in the dynamics of human creation, and the rediscovery of traditional wisdom. In this book of "dialogues," the late psychedelic visionary and shamanologist Terence McKenna, acclaimed biologist and originator of the morphogenetic fields theory Rupert Sheldrake, and mathematician and chaos theory scientist Ralph Abraham explore the relationships between chaos and creativity and their connection to cosmic consciousness. Their observations call into question our current views of reality, morality, and the nature of life in the universe. The authors challenge the reader to the deepest levels of thought with wide-ranging investigations of the ecology of inner and outer space, the role of chaos in the dynamics of human creation, and the resacralization of the world. Among the provocative questions the authors raise are: Is Armageddon a self-fulfilling prophecy? Are we humans the imaginers or the imagined? Are the eternal laws of nature still evolving? What is the connection between physical light and the light of consciousness? Part ceremony, part old-fashioned intellectual discussion, these dialogues are an invitation to a new understanding of what Jean Houston calls "the dreamscapes of our everyday waking life."

NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning *The Daily Show* with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, *The Daily Show* with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched

the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics-a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, The Daily Show has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

*From Recollection to Recipe* Bantam  
"This quietly profound book belongs on the shelf next to Jon Krakauer's *Into the Wild*." -The New York Times The riveting true story of Dick Conant, an American folk hero who, over the course of more than twenty years, canoed solo thousands of miles of American rivers-and then disappeared near the Outer Banks of North Carolina. This book "contains everything: adventure, mystery, travelogue, and unforgettable characters" (David Grann, best-selling author of *Killers of the Flower Moon*). For decades, Dick Conant paddled the rivers of America, covering the Mississippi, Yellowstone, Ohio, Hudson, as well as innumerable smaller tributaries. These solo excursions were epic feats of planning, perseverance, and physical courage. At the same time, Conant collected people wherever he went, creating a vast network of friends and acquaintances who would forever remember this brilliant and charming man even after a single meeting. Ben McGrath, a staff writer at *The New Yorker*, was one of those people. In 2014 he met Conant by chance just north of New York City as Conant paddled down the Hudson, headed for Florida. McGrath wrote a widely read article about their encounter, and when Conant's canoe washed up a few months later, without any sign of his body, McGrath set out to find the people whose lives Conant had touched--to capture a remarkable life lived far outside the staid confines of modern existence. *Riverman* is a moving portrait of a complex and

fascinating man who was as troubled as he was charismatic, who struggled with mental illness and self-doubt, and was ultimately unable to fashion a stable life for himself; who traveled alone and yet thrived on connection and brought countless people together in his wake. It is also a portrait of an America we rarely see: a nation of unconventional characters, small river towns, and long-forgotten waterways.

A poignant tale of love and friendship in a world beyond hope...*Outpost Three*: a huddle of crumbling buildings choked by a concrete wall. Cracked pavement, rusted metal, splintering boards. Huge robotic Sentries police the streets, but the Ten Laws are broken every time one turns its back. Eden is determined, smart, and a born survivor. Stripped of her memories and dumped on the streets of the Outpost, slavers and starvation are only the beginning of her problems. A devastating conflict is coming that threatens to consume her world and tear her newfound family apart. Life is harsh. It makes no exceptions. Not even for the innocent. "Absolutely heart-stopping! Grizzly, dark, haunting and gripping in a way that kept me glued in to the very end. If you are looking for a strong and smart heroine in a kick butt dystopian world, this is the book for you." - Leti Del Mar, author of *Land of the Unaltered* "A dark dystopian world, intelligent robots, warlords, rats...oh and sexy boys. 'E' has everything you could ask for." - Nicola S. Dorrington, author of *Chasing Freedom* "The characters are fascinating, especially the enigmatic love interest Jonas, and his threatening rival, the dark and sizzling Matt." - Pol Blaze, author of *Pan-Dim*.

Experience True Liberation by Seeing Your Beauty, Femininity, and Freedom From Heavens Point of View Has Christianity kept women trapped in the stone age? In many ways, yes; but this is not by Gods design. As society offers women opportunities to explore outer-space and govern nations, the church often stifles and limits them. The tide is changing, though. Amber Picotas Gods Feminist Movement is a new covenant manifesto calling women to embrace their true identity in Christ and fulfill their destiny as revolutionaries who shape the course of history with the Kingdom of God. There is a powerful new feminist movement emerging in the body of Christ. Its not politically driven and its not being championed by an uprising of angry man-haters. Based on an intense study of Scripture, factoring in historical and contextual hermeneutics and original languages, Picota shares a practical, non-legalistic, and non-traditional (yet deeply Biblical) look at topics that women commonly face, such as: Dating and Modesty Female Leaders in the Church Submission in Marriage Beauty and Self-Image Celebrate the power and beauty of womanhood. God has given you permission to change the world by being you! Break off religious traditions that keep women trapped in old school legalism and move beyond Christian clichés that minimize a womans true position in Christ!
