Most studies of the history of interpretation of Song of Songs focus on its interpretation from late antiquity to modernity. In *My Perfect One*, Jonathan Kaplan examines earlier rabbinic interpretation of this work by investigating an underappreciated collection of works of rabbinic literature from the first few centuries of the Common Era, known as the tannaitic midrashim. In a departure from earlier scholarship that too quickly classified rabbinic interpretation of Song of Songs as allegorical, Kaplan advocates a more nuanced reading of the approach of the early sages, who read Song of Songs through a mode of typological interpretation concerned with the correspondence between Scripture and ideal events in Israel's history. Throughout the book Kaplan explores ways in which this portrayal helped shape a model vision of rabbinic piety as well as of an idealized vision of their beloved, God, in the wake of the destruction, dislocation, and loss the Jewish community experienced in the first two centuries of the Common Era. The archetypal and idealized language of Song of Songs provided, as Kaplan argues, a textual landscape in which to imagine an idyllic construction of Israel's relationship to her beloved, marked by mutual devotion and fidelity. Through this approach to Song of Songs, the Tannaim helped lay the foundations for later Jewish thought of a robust theology of intimacy in God's relationship with the Jewish people.

This book presents a study of the history of ancient Chinese books, not only highlighting specific aspects of the ontology of book history, such as printing and publishing, but also analyzing the internal and external causes of the development of book undertakings from a macro-perspective. Placing the development of and changes in the history of books in the context of social development, it investigates its interaction with politics, economy, society, education, and religion, especially with the big culture, and constructs a book-centered history of ancient Chinese culture.

Two prominent translators present the first complete English-language edition of one of

India's greatest works of classical literature: the Purananuru. This anthology of four hundred poems by more than 150 poets between the first and third centuries CE in old Tamil—the literary language of ancient Tamilnadu—was composed before Aryan influence had penetrated the south. It is thus a unique testament to pre-Aryan India. Beyond its importance for understanding the development of South Asia's history, culture, religion, and linguistics, the Purananuru is a great work of literature, reflecting accurately and profoundly the life of southern India 2,000 years ago. One of the few works of classical India that confronts life without the insulation of a philosophical facade and that makes no basic assumptions about karma and the afterlife, the Purananuru has universal appeal. It faces the world as a great and unsolved mystery, delving into living and dying, despair, love, poverty, and the changing nature of existence. To this hidden gem of world literature George L. Hart and Hank Heifetz add a helpful appendix, an annotated bibliography, and an excellent introduction describing the work and placing it in its social and historical context.

This is the first systematic literary study of one of the masterpieces of classical Arabic literature, the fourth/tenth century Kitāb al-aghānī (The Book of Songs) by Abū l-Faraj al-Isbahānī. Until now the twenty-four volume Book of Songs has been regarded as a rather chaotic but priceless mine of information about classical Arabic music, literature and culture. This book approaches it as a work of literature in its own right, with its own internal logic and coherence. The study also consistently integrates the musical component into the analysis and proposes a reading of the work in which individual anecdotes and poems are related to the wider context, enhancing their meaning.

Drawing from the riches of the English poetic tradition—meter, rhyme, music—the poet considers the mysterious man from Nazareth and the world he came to set on fire with splendor. Having made a career translating the Italian masters Dante and Tasso,

Anthony Esolen now puts on the dusty mantle of such English craftsmen as Donne, Milton, and Hopkins in his first book of original contemplative poetry. *The Hundredfold* contains dramatic monologues set in first-century Greece and Palestine; lyrical meditations on creation, longing, failure, modern emptiness, and unshakeable hope; and twenty-one brand-new hymns, set to such traditional melodies as “Picardy” and “Old One-Hundred-Twenty-Fourth”. The book includes an introduction with diamond-sharp insights into English poetic form—at a time when form is so often misunderstood, if not dismissed. It provides an invaluable resource for students, teachers, and poets themselves, as well as those who simply read poetry for pleasure.

An authoritative new translation of the complete Hundred Thousand Songs of Milarepa, the teaching songs and stories from Tibet's most beloved Buddhist yogi, poet, and saint. Powerful and deeply inspiring, there is no book more beloved by Tibetans than *The Hundred Thousand Songs*, and no figure more revered than Milarepa, the great eleventh-century poet and saint. An ordinary man who, through sheer force of effort, faith, and perseverance, overcame nearly insurmountable obstacles on the spiritual path to achieve enlightenment in a single lifetime, he stands as an exemplar of what it is to lead a spiritual life. Milarepa, a cotton-clad yogi, wandered and taught the dharma, most famously through spontaneously composed songs, a colorful and down-to-earth way to convey the immediacy and depth of the Buddhist teachings. In this work, the songs are woven into a narrative that tells the stories of his most famous encounters with his students, including Gampopa and Rechungpa, and recount his victories over supernatural forces in the remote Himalayan mountains and caves where he meditated. In this authoritative new translation, prepared under the guidance of Dzogchen Ponlop Rinpoche, Christopher Stagg brilliantly brings to life the teachings of this extraordinary man. This classic of world literature is important for its narrative alone but is also a key contribution for those who seek inspiration for the spiritual path.

Everything I've ever done Everything I ever do Every place I've ever been Everywhere I'm going to Over a career that spans four decades and thirteen studio albums with Pet Shop Boys, Neil Tennant has consistently proved himself to be one of the most elegant and stylish of contemporary lyricists. Arranged alphabetically, *One Hundred Lyrics and a Poem* presents an overview of Neil Tennant's considerable achievement as a chronicler of modern life: the romance, the break-ups, the aspirations, the changing attitudes, the history, the politics, the pain. The landscape of Tennant's lyrics is recognisably British in character - restrained and

preoccupied with the mundane, occasionally satirical, yet also yearning for escape and theatrical release. Often surprisingly revealing, this volume is contextualised by a personal commentary on each lyric and a fascinating introduction by the author which gives an insight into the process and genesis of writing. Flamboyant, understated, celebratory and elegiac, Neil Tennant's lyrics are a document of our times.

Chinese traders and explorers first visited the Maldives, an archipelago in the Indian Ocean, in the early fourteenth century. The traveler Wang Dayuan “discovered” the island sultanate for the Chinese world, and merchants increasingly dealt in Maldivian goods such as coconuts, cowrie shells, and ambergris. Zheng He’s fifteenth-century voyages ventured to the islands, by then a trading hub, and brought their envoys to Beijing. But the Maldives faded from Chinese records by the end of the sixteenth century, after the Ming state suddenly retreated from the Indian Ocean and shifted focus to Southeast Asia. *Discovered but Forgotten* is a pioneering examination of China’s relations with the Maldives and Sino-Indian Ocean interactions, offering new ways to understand Chinese maritime exploration and the global history of the Indian Ocean. Drawing on a wide range of sources—including written records, Chinese and Jesuit maps, and archaeological analysis of shipwrecks—Bin Yang provides a comprehensive account of Chinese links to the Maldives and the Indian Ocean world from ancient times through the late Ming era. He scrutinizes Chinese understandings of the islands, emphasizing both seafaring material culture and textual knowledge production. Yang reconsiders the works of travelers such as Marco Polo and Ibn Battuta in light of Chinese explorations, and he opens a window onto a colorful world of intriguing commodities, port marriages, and voyages across the vast waters of maritime Asia. Transregional and interdisciplinary, *Discovered but Forgotten* reveals how a remote archipelago shaped the vast Chinese empire.
