The love of God is perhaps the most essential element in Judaism--but also one of the most confounding. In biblical and rabbinic literature, the obligation to love God appears as a formal commandment. Yet most people today think of love as a feeling. How can an emotion be commanded? How could one ever fulfill such a requirement? *The Love of God* places these scholarly and existential questions in a new light. Jon Levenson traces the origins of the concept to the ancient institution of covenant, showing how covenantal love is a matter neither of sentiment nor of dry legalism. The love of God is instead a deeply personal two-way relationship that finds expression in God's mysterious love for the people of Israel, who in turn observe God's laws out of profound gratitude for his acts of deliverance. Levenson explores how this bond has survived episodes in which God's love appears to be painfully absent--as in the brutal persecutions of Talmudic times--and describes the intensely erotic portrayals of the relationship by biblical prophets and rabbinic interpreters of the Song of Songs. He examines the love of God as a spiritual discipline in the Middle Ages as well as efforts by two influential modern Jewish thinkers--Martin Buber and Franz Rosenzweig--to recover this vital but endangered aspect of their tradition. A breathtaking work of scholarship and spirituality alike that is certain to provoke debate, *The Love of God* develops fascinating insights into the foundations of religious life in the classical Jewish tradition. Marie is a girl with the gift of understanding, who is often misunderstood, both at home and in her Catholic school, where she confounds her fellow pupils and teachers as she tries to understand and love those few special people who need her help to be themselves. But understanding and loving people is harder than it sounds, and Marie soon realizes that having faith and living in 1960s Britain doesn't leave much room for those who are different from the norm. They only really leave room for shame, prejudice, and, oh yeah, more shame. So Marie decides to do as she sees fit with some hilarious, moving, and unexpected results. As we follow Marie from the sixties to the nineties, we find out what it means to be a spirited young woman from a religious household who believes--that maybe, just maybe, God doesn't care WHAT you do with your body as long as it makes you happy. Because really, what harm can come from loving people?"

They weren't ordinary visions from her Savior, but instructional visions from Jesus to aid author Laura Bon in discovering and presenting biblical principles to readers through her new book, The Love of God. In her latest book, Laura discusses our walk in Christ and what we are to do as Christians filled with the Holy Spirit. Her principles come from several visions she experienced from Jesus, as He fought against the devil for her and encouraged her to believe the truth and not lies. Victory in faith is what Jesus proclaimed to her, so The Love of God expounds on this belief with spiritual principles to prompt obeying God's instructions, witnessing to others and strengthening intimacy with God. As Christians choose to walk in faith and not in sight, they will feel the heart and love of God in daily life and come to know more of God's eternal plan.

Theology has constantly wrestled with the nature of God's love and what it means for how God relates to the

world. In this comprehensive canonical theology of divine love, John C. Peckham argues for an account that avoids the errors of both voluntarist and experientialist theologies and faithfully represents the full biblical witness.

Being a Christian means learning to love with God's love. But God's love is not a warm feeling in the pit of the stomach. It has definite characteristics we learn in the course of our life, in the behavior and teaching of the early monastics, as we ponder over what we can say about God as God deals with us, and finally, as we model our own lives on what we have learned.
