Deathtoll Dana Marton
A thrilling new heart-pounding suspense from NY Times and USA Today bestselling author of over 40 novels. The only person who can identify the most notorious hit man in the country, Kate Bridges is running for her life. Murphy Dolan is in the Army Reserves, returning from his 2nd tour of duty, only to find a stranger hiding in his house. She's scared spitless. He's completely burned-out on violence. Neither of them has any trust left to give. " Dana Marton grabbed my attention with the first sentence and proceeded to take me on a roller coaster ride filled with chills, thrills, sizzling emotion and non-stop action." (The Romance Dish)

Deathwatch Dana Marton

The Broslin Creek Series, a reader favorite, began with the story of Kate and Murph (an eye-witness running from a deadly assassin and the soldier who steps between her and a violent death). DEATHTOLL, the last book, features the same couple. Kate and Murph are back in Broslin Creek, thinking they're safe, their worst enemy dead. But soon people around Kate begin to die under suspicious circumstances, and she and Murph must face the terrible

realization that Asael followed them home, and not only are their lives in danger, but also the lives of the townspeople who took Kate in years ago. Don't miss the stunning conclusion to this immensely satisfying suspense series. Click above to preorder now.

Deathwish Human Rights Watch

Officer Gabriella Maria Flores desperately needs a big win to save her career. A case that proves that she has her act together, something non-controversial to make people forget the recent scandal she's been involved in. Instead, the murder she catches couldn't be more high-profile, the number one suspect her boss's brother. Means, motive, opportunity--check. And open-and-shut case, if she's ever seen one. But then, instead of arresting the suspect, why is she falling in love with him?

The Handbook of Conflict Resolution Dana Marton
This popular reference facilitates diagnostic and therapeutic decision

making for a wide range of common and often complex problems faced in outpatient and inpatient medicine. Comprehensive algorithmic decision trees guide you through more than 245 disorders organized by sign, symptom, problem, or laboratory abnormality. The brief text accompanying each algorithm explains the key steps of the decision making process, giving you the clear, clinical guidelines you need to successfully manage even your toughest cases. An algorithmic format makes it easy to apply the practical, decision-making approaches used by seasoned clinicians in daily practice.

Comprehensive coverage of general and internal medicine helps you successfully diagnose and manage a full range of diseases and disorders related to women's health, emergency medicine, urology, behavioral medicine, pharmacology, and much more. A Table of Contents arranged by organ system helps you to quickly and easily zero in on the information you need. More than a dozen new topics focus on the key diseases and disorders encountered in daily practice. Fully updated decision trees guide you through the latest diagnostic and management guidelines.

NEW YORK TIMES
BESTSELLER • From the author of On Tyranny comes a stunning new chronicle of the rise of authoritarianism from Russia to Europe and America. "A brilliant analysis of our time." —Karl Ove Knausgaard, The New Yorker
With the end of the Cold War, the victory of liberal democracy

seemed final. Observers declared the end of history, confident in a peaceful, globalized future. This faith was misplaced.

Authoritarianism returned to Russia, as Vladimir Putin found fascist ideas that could be used to justify rule by the wealthy. In the 2010s, it has spread from east to west, aided by Russian warfare in Ukraine and cyberwar in Europe and the United States. Russia found allies among nationalists, oligarchs, and radicals everywhere, and its drive to dissolve Western institutions, states, and values found resonance within the West itself. The rise of populism, the British vote against the EU, and the election of Donald Trump were all Russian goals, but their achievement reveals the vulnerability of Western societies. In this forceful and unsparing work of contemporary history, based on vast research as well as personal reporting, Snyder goes beyond the headlines to expose the true nature of the threat to democracy and law. To understand the challenge is to see, and perhaps renew, the fundamental political virtues offered by tradition and demanded by the future. By revealing the stark choices before us--between equality or oligarchy, individuality or totality, truth and falsehood--Snyder restores our understanding of the basis of our way of life, offering a way forward in a time of terrible uncertainty. The Road to Unfreedom HarperCollins UK
This book offers a clear, accessible exploration of lifelong learning and educational opportunities for women in higher education. It

has been developed from work undertaken by members of the Women in Higher Education Network with chapters organized in three thematic sections: Ambivalent Positions in the Academy, Process and Pedagogy at Work, Career — Identity — Home.

Broslin Bride City Lights Books
Programmed cell death (PCD) plays pivotal roles in tumor progression, cancer therapeutics and resistance of tumor cells to therapy. This book examines the mechanisms involved in mediating and regulating PCD in cancer. It also provides a detailed indication of the utility of PCD in cancer therapy. The book features chapters on the current and future of RNA interference in therapeutics and Pathways involved in Stem Cell Survival and Death.

THEY WERE A KIDNAPPED HEIRESS'S LAST CHANCE...
Evidence Based Pathology and Laboratory Medicine Berghahn Books

If Ridley Jones had slept ten minutes later or had taken the subway instead of waiting for a cab, she would still be living the beautiful lie she used to call her life. She would still be the privileged daughter of a doting father and a loving mother. Her life would still be perfect—with only the tiny cracks of an angry junkie for a brother and a charming drunk with shady underworld connections for an uncle to mar the otherwise

flawless whole. But that 's not what happened. Instead, those inconsequential decisions lead her to perform a good deed that puts her in the right place at the right time to unleash a chain of events that brings a mysterious package to her door—a package which informs her that her entire world is a lie. Suddenly forced to question everything she knows about herself and her family, Ridley wanders into dark territory she never knew existed, where everyone in her life seems like a stranger. She has no idea who 's on her side and who has something to hide—even, and maybe especially, her new lover, Jake, who appears to have secrets of his own. Sexy and fast-paced, Beautiful Lies is a true literary thriller with one of the freshest voices and heroines to arrive in years. Lisa Unger takes us on a breathtaking ride in which every choice Ridley makes creates a whirlwind of consequences that are impossible to imagine . . .

Agents Under Fire (Second, Expanded Edition) Springer Science & Business Media
#1 Romantic Suspense Bestseller! A thrilling new full-size novel from NY Times and USA Today bestselling author of over 40 novels. (Broslin Creek series. Can be read as standalone.) After a near-death experience, artist Ashley Price is compelled to paint visions of the dead, and fears she's gone crazy. Then she paints a man buried alive and, recognizing the surroundings, she rushes to save him. Instead of being grateful to her for rescuing him, Detective Jack Sullivan accuses her of

being in league with a serial killer.

He swears he will put her behind bars. Except, the more time he spends with her, the more he falls under her spell. Can he trust her, or is he walking into another deadly trap? "A delightfully chilling suspense tale." Night Owl Reviews "Spine-chilling suspense that will leave you on the edge of your seat." The Romance Reviews
Desert Ice Daddy (Mills & Boon Intrigue) Montlake Romance
Former small-town football hero turned cop, Joe Kessler never met a linebacker, perp, or a woman he couldn't handle. Then a troubled single mom walks into his life, and the only place this hot jock will ever see 'easy' again is in the dictionary. Hiding out in Broslin, PA was working pretty well for Wendy Belle until Cop Casanova took her under his protection. Now she 'll either lose her life to one man, or her heart to another.
Fundamentals of Wireless Communication HarperCollins UK

Falling in love can be a deadly proposition in this pulse-quickenning Mission Recovery novel from the New York Times bestselling author. Jess Taylor and Derek Daley were in the throes of first love in a small Vermont town when they were kidnapped by a serial killer. They escaped his clutches--but not the trauma of the unsolved crime. With their lives changed forever and their romance cut short, they went their separate ways to exorcise their fears. Jess is living on the edge as Hollywood's hottest stuntwoman. It's no longer terror thrumming through her veins. It's adrenaline. Derek is a

former Navy SEAL spinning his ordeals into heart-pounding bestselling thrillers. But when Jess is called home on a family emergency, she must face the past--and face the man she left behind, who is just as haunted and, like her, still so much in love. Now, as an old flame reignites, Jess and Derek are taking advantage of second chances and putting their bad memories behind them. But here, in the quiet town of Taylorville, a killer is getting a second chance as well.

Broslin Creek Boxed Set (Books 1-3) Dana Marton

Focusing on practical, patient related issues, this volume provides the basic concepts of Evidence Based Medicine (EBM) as they relate to Pathology and Laboratory Medicine and presents various practical applications. It includes EBM concepts for use in the identification of cost-effective panels of immunostains and other laboratory tests and for improvement of diagnostic accuracy based on the identification of selected diagnostic features for particular differential diagnosis. EBM concepts are also put forth for use in Meta-analysis to integrate the results of conflicting literature reports and use of novel analytical tools such as Bayesian belief networks, neural networks, multivariate statistics and decision tree analysis for the development of new diagnostic and prognostic models for the evaluation of patients. This volume will be of great value to pathologists who will benefit

from the concepts being promoted by EBM, such as levels of evidence, use of Bayesian statistics to develop diagnostic and other rules and stronger reliance on "hard data" to support therapeutic and diagnostic modalities.

Decision Making in Medicine Montlake Romance

Three gripping, fast-paced novels of romantic suspense from New York Times and USA Today bestselling author Dana Marton.

"Marton knows what makes a hero...her characters are sure to become reader favorites." RT Book Review Magazine

DEATHWATCH: The only person who can identify the most notorious hit man in the country, Kate Bridges is running for her life. Murphy Dolan is in the Army Reserves, returning from his 2nd tour of duty, only to find a stranger hiding in his house. She's scared spitless. He's completely burned-out on violence. DEATHSCAPE: After a near-death experience, artist Ashley Price is compelled to paint visions of the dead, and fears she's gone crazy. Then she paints a man buried alive and, recognizing the surroundings, she rushes to save him. Instead of being grateful to her for rescuing him, Detective Jack Sullivan accuses her of being in league with a serial killer. He swears he will put her behind bars. Except, the more time he spends with her, the more he falls under her spell. Can he trust her, or is he walking into another deadly trap?

DEATHTRAP: She'd been "the sick girl" for most of her life. She refused to go straight to "the weird

girl". Heart-transplant recipient Sophie Curtis has been in her own antiseptic bubble for so long, she just might not be able to venture out into the real world again. Her spooky body memories are scary enough, but then she finds herself in the cross hairs of a killer. "Love was blind, people said. But lust was blind, deaf and reckless." Ethan Bing hadn't been a great romantic before he became a cop. Whatever shred of optimism he had left after becoming Broslin Chief of Police had been seared out of him by the unsolved murder of his wife two years before. A new case brings the killer within reach just as Sophie pops into his life. She gets through his defenses like no other before, but soon it becomes clear that she's been selected as the killer's next victim. "These tales artfully combine thrilling adventures with a enhancing element of paranormal that adds to the chills up one's spine. " Night Owl Reviews

When You Return to Me Dana Marton

With six Academy Awards, four entries on the American Film Institute's list of 100 greatest American movies, and more titles on the National Historic Register of classic films deemed worthy of preservation than any other director, Billy Wilder counts as one of the most accomplished filmmakers ever to work in Hollywood. Yet how American is Billy Wilder, the Jewish émigré from Central Europe? This book underscores this complex issue, unpacking underlying

contradictions where previous commentators routinely smoothed them out. Wilder emerges as an artist with roots in sensationalist journalism and the world of entertainment as well as with an awareness of literary culture and the avant-garde, features that lead to productive and often highly original confrontations between high and low.

World Report 2005 Marta Dana

"...what a delight!!... An extremely fun read with moments of great hilarity, some surprisingly steamy interludes and good suspense with unexpected twists and turns... A plucky, touching, slow-burning and vivid puzzle." Ripe For Reader Reviews "A quirky murder mystery that leaves you guessing until the end." SNS Reviews The worst time to be charged with murder is: When you have no alibi for the night in question. When you have no memory of the night in question. When you told people you hated the victim. When the detective is the 1st guy you ever slept with--which didn't end well. Check all of the above for Luanne Mayfair. If it wasn't for bad luck, she wouldn't have any luck at all. Okay, maybe a little luck. As it turns

out, Detective Chase Merritt doesn't hold grudges. He still looks at Luanne just as he did in high school, except he's grown some serious 'hot cop' muscles--very distracting when Luanne is trying to avoid the very law Chase represents.

Is she the killer? Is she being framed? Is she the next victim? As Chase and Luanne race to find some answers, danger and heat ratchet up in this fast-paced romantic mystery that will stop your heart one second, then steal it in the next. "Marton knows what makes a hero...her characters are sure to become reader favorites." RT Book Review Magazine "It's impressively easy to become immersed in Marton's fantasy world. Readers will find it impossible not to care what happens next..." Kirkus Review

A Foreign Affair John Wiley & Sons

The introduction to this annual publication reflects on recent events and recent changes in the world. The body of the annual report considers the human rights record of some 150 governments throughout the world.
