Splinterlands Dana Marton

This textbook takes a unified view of the fundamentals of wireless communication and explains cutting-edge concepts in a simple and intuitive way. An abundant supply of exercises make it ideal for graduate courses in electrical and computer engineering and it will also be of great interest to practising engineers.

Deathmarch Dana Marton

The Handbook of Conflict Resolution, Second Edition is written for both the seasoned professional and the student who wants to deepen their understanding

of the processes involved in conflicts and their knowledge of how to manage them constructively. It provides the theoretical underpinnings that throw light on the fundamental social psychological processes involved in understanding and managing conflicts at all levels—interpersonal, intergroup, organizational, and international. The Handbook covers a broad range of topics including information on cooperation and competition, justice, trust development and repair, resolving intractable conflict, and working with culture and conflict. Comprehensive in scope, this new edition includes chapters that deal with language, emotion, gender, and personal implicit theories as they relate to conflict.

Financing Metropolitan Governments in Developing Countries Psychology Press

This "gorgeously written" National Book Award finalist is a dazzling, heart-rending story of an oil rig worker whose closest friend goes missing, plunging him into isolation and forcing him to confront his past (NPR, One of the Best

Books of the Year). One night aboard an oil drilling platform in the Atlantic, Waclaw returns to his cabin to find that his bunkmate and companion, M á ty á s, has gone missing. A search of the rig confirms his fear that M á ty á s has fallen into the sea. Grief-stricken, he embarks on an epic emotional and physical journey that takes him to Morocco, to Budapest and M á ty á s's hometown in Hungary, to Malta, Italy, and finally to the mining town of his childhood in Germany. Waclaw's encounters along the way with other lost and yearning souls—M á ty á s's angry, grieving half-sister; lonely rig workers on shore leave; a truck driver who watches the world change from his driver's seat—bring us closer to his origins while also revealing the problems of a globalized economy dependent on waning natural resources. *High as the Waters Rise* is a stirring exploration of male intimacy, the nature of memory and grief, and the cost of freedom—the story of a man who stands at the margins of a society from which he has profited little, though its functioning depends on his labor.

72 Hours (Mills & Boon Intrigue) Catapult

This book offers a clear, accessible exploration of lifelong learning and educational opportunities for women in higher education. It has been developed from work undertaken by members of the Women in Higher Education Network with chapters organized in three thematic sections: Ambivalent Positions in the Academy, Process and Pedagogy at Work, Career – Identity – Home.

Broslin Creek Boxed Set (Books 4-6) City Lights Books

When Ridley Jones steps off a New York street corner to save the life of a young child, she is thrown into a world of violence, deception & fear. Her world is turned upside down. But just as she has a chance to pick up the pieces another seemingly ordinary act leads her into dark territory she never knew existed.

Girl in the Water Random House

The Broslin Creek Series, a reader favorite, began with the story

of Kate and Murph (an eye-witness running from a deadly assassin and the soldier who steps between her and a violent death). *DEATHTOLL*, the last book, features the same couple. Kate and Murph are back in Broslin Creek, thinking they're safe, their worst enemy dead. But soon people around Kate begin to die under suspicious circumstances, and she and Murph must face the terrible realization that Asael followed them home, and not only are their lives in danger, but also the lives of the townspeople who took Kate in years ago. Don't miss the stunning conclusion to this immensely satisfying suspense series. Click above to preorder now.

Deathwatch Dana Marton

This Christmas, the McCabe brothers are coming home to Texas... Virgil by USA TODAY bestselling author Julie Miller Detective Virgil "Bull" McCabe hadn't been back on the J-Bar-J Ranch in more than a decade. What he finds is his family in turmoil and his childhood friend, Tracy Cobb, all grown up...and more beautiful than ever. Morgan by Dana Marton It took a lot to bring ex-soldier Morgan McCabe home. But when his brothers sent out a call for help, that was all the incentive he needed. Once there, though, it's his former flame, Dakota Dayton, and her toddler son who might just convince him to stay. Wyatt by Paula Graves Sheriff Wyatt McCabe has faced a lot of criminals, but none as ruthless as the one holding his sister hostage. Now, forced to work with Elena Vargas, Wyatt has to ensure his family's safety without giving in to his burning attraction to the gorgeous agent.

Beyond Disappearance Dana Marton

Falling in love can be a deadly proposition in this pulse-quickening Mission Recovery novel from the New York

Times bestselling author. Jess Taylor and Derek Daley were in the throes of first love in a small Vermont town when they were kidnapped by a serial killer. They escaped his clutches--but not the trauma of the unsolved crime. With their lives changed forever and their romance cut short, they went their separate ways to exorcise their fears. Jess is living on the edge as Hollywood's hottest stuntwoman. It's no longer terror thrumming through her veins. It's adrenaline. Derek is a former Navy SEAL spinning his ordeals into heart-pounding bestselling thrillers. But when Jess is called home on a family emergency, she must face the past--and face the man she left behind, who is just as haunted and, like her, still so much in love. Now, as an old flame reignites, Jess and Derek are taking advantage of second chances and putting their bad memories behind them. But here, in the quiet town of Taylorville, a killer is getting a second chance as well.

Return to Bachelor Moon Dana Marton

On the verge of losing her business, Allie Bianchi, a historical reenactor, must return to her hometown that never accepted her family. The sooner she leaves again, the better. But when the town recluse is murdered on the night of her arrival, his prepper hoard stolen, she becomes Detective Harper Finnegan's number one suspect. In what universe is her bad-boy ex-boyfriend now a cop, arresting her for murder? "I laughed, cried, kept me at the edge of my seat, could not put it down." Maple River Review /BROSLIN CREEK SERIES

Ironclad Cover (Mills & Boon Intrigue) Dana Marton

Billionaire tycoon Akeem has loved his best friend's little sister Taylor for years, yet now Taylor's little boy has gone missing. The heir to a sheikhdom vows to bring her son home. Will it be enough to claim Taylor's heart?

The Handbook of Conflict Resolution Dana Marton
NEW YORK TIMES BESTSELLER • From the author of *On Tyranny* comes a stunning new chronicle of the rise of authoritarianism from Russia to Europe and America. "A brilliant analysis of our time."—Karl Ove Knausgaard, *The New Yorker* With the end of the Cold War, the victory of liberal democracy seemed final. Observers declared the end of history, confident in a peaceful, globalized future. This faith was misplaced. Authoritarianism returned to Russia, as Vladimir Putin found fascist ideas that could be used to justify rule by the wealthy. In the 2010s, it has spread from east to west, aided by Russian warfare in Ukraine and cyberwar in Europe and the United States. Russia found allies among nationalists, oligarchs, and radicals everywhere, and its drive to dissolve Western institutions, states, and values found resonance within the West itself. The rise of populism, the British vote against the EU, and the election of Donald Trump were all Russian goals, but their achievement reveals the vulnerability of Western societies. In this forceful and unsparing work of contemporary history, based on vast research as well as personal reporting, Snyder goes beyond the headlines to expose the true nature of the threat to democracy and law.

To understand the challenge is to see, and perhaps renew, the fundamental political virtues offered by tradition and demanded by the future. By revealing the stark choices before us--between equality or oligarchy, individuality or totality, truth and falsehood--Snyder restores our understanding of the basis of our way of life, offering a way forward in a time of terrible uncertainty.

National Insecurity and Human Rights Dana Marton

GIRL IN THE WATER She's been under his protection for years. Now she wants to be in his heart. When army vet Ian Slaney's best friend disappears in South America, Ian flies down only to discover that his friend was murdered. Ian's single lead is Daniela, a mysterious woman very much in need of protection. But as the two of them track down clues and try to untangle an impossible case, they draw the attention of all the wrong people, and danger follows them back to the US. Ian wants the murderers. Daniela wants that too, but even more, she wants Ian to acknowledge the love that's growing between them. Except, getting Ian to set aside his protective instincts proves more difficult than turning an anaconda vegetarian.

Death toll University Press of Kentucky

Three rough and tough former Navy SEALs who don't know the meaning of impossible. Three adventurous, irresistible women who don't mind teaching them. Add a secret FBI mission and a corrupt politician who wants them all dead, and watch the fireworks erupt. (Or is that gunfire?) A team that fights together sleeps together? Well, not ALL together. (But-okay, fine-love IS in the air.) (Seriously, these guys are hotter than a fire on a submarine.) "Action packed and breathtakingly romantic!" Susan

Mallery #1 NEW YORK TIMES bestselling author ..".started with a bang and the tension never let up..." Paula Graves bestselling author

Deathmarch Dana Marton

"...what a delight!!... An extremely fun read with moments of great hilarity, some surprisingly steamy interludes and good suspense with unexpected twists and turns... A plucky, touching, slow-burning and vivid puzzle." Ripe For Reader Reviews "A quirky murder mystery that leaves you guessing until the end." SNS Reviews The worst time to be charged with murder is: When you have no alibi for the night in question. When you have no memory of the night in question. When you told people you hated the victim. When the detective is the 1st guy you ever slept with--which didn't end well. Check all of the above for Luanne Mayfair. If it wasn't for bad luck, she wouldn't have any luck at all. Okay, maybe a little luck. As it turns out, Detective Chase Merritt doesn't hold grudges. He still looks at Luanne just as he did in high school, except he's grown some serious 'hot cop' muscles--very distracting when Luanne is trying to avoid the very law Chase represents. Is she the killer? Is she being framed? Is she the next victim? As Chase and Luanne race to find some answers, danger and heat ratchet up in this fast-paced romantic mystery that will stop your heart one second, then steal it in the next. "Marton knows what makes a hero...her characters are sure to become reader favorites." RT Book Review Magazine "It's impressively easy to become immersed in Marton's fantasy world.

Readers will find it impossible not to care what happens next..." Kirkus Review

Deathwish Springer Science & Business Media

The economic activity that drives growth in developing countries is heavily concentrated in cities. Catchphrases such as "metropolitan areas are the engines that pull the national economy" turn out to be fairly accurate. But the same advantages of metropolitan areas that draw investment also draw migrants who need jobs and housing, lead to demands for better infrastructure and social services, and result in increased congestion, environmental harm, and social problems. The challenges for metropolitan public finance are to capture a share of the economic growth to adequately finance new and growing expenditures and to organize governance so that services can be delivered in a cost-effective way, giving the local population a voice in fiscal decision making. At the same time, care must be taken to avoid overregulation and overtaxation, which will hamper the now quite mobile economic engine of private investment and entrepreneurial initiative. Metropolitan planning has become a reality in most large urban areas, even though the planning agencies are often ineffective in moving things forward and in linking their plans with the fiscal and financial realities of metropolitan government. A growing number of success stories in metropolitan finance and management, together with accumulated experience and proper efforts and support, could be extended to a broader array of forward-looking programs to address the growing public service needs of metropolitan-area populations. Nevertheless, sweeping metropolitan-area fiscal reforms have been few and far between; the urban policy reform agenda is still a long one; and there is a reasonable prospect that closing the gaps between what we know how to do and what is actually being done will continue to be difficult and slow. This book identifies the most important issues in metropolitan governance and finance in developing countries, describes the practice, explores the gap

between practice and what theory suggests should be done, and lays out the reform paths that might be considered. Part of the solution will rest in rethinking expenditure assignments and instruments of finance. The "right" approach also will depend on the flexibility of political leaders to relinquish some control in order to find a better solution to the metropolitan finance problem.

Bridal Op (Mills & Boon Intrigue) (Miami Confidential, Book 4) HarperCollins UK

Here, for the first time in more than eighty years, is a detailed study of political Antimasonry on the national, state, and local levels, based on a survey of existing sources. The Antimasonic party, whose avowed goal was the destruction of the Masonic Lodge and other secret societies, was the first influential third party in the United States and introduced the device of the national presidential nominating convention in 1831. Vaughn focuses on the celebrated "Morgan Affair" of 1826, the alleged murder of a former Mason who exposed the fraternity's secrets. Thurlow Weed quickly transformed the crusading spirit aroused by this incident into an anti-Jackson party in New York. From New York, the party soon spread through the Northeast. To achieve success, the Antimasons in most states had to form alliances with the major parties, thus becoming the "flexible minority." After William Wirt's defeat by Andrew Jackson in the election of 1832, the party waned. Where it had been strong, Antimasonry became a reform-minded, anti-Clay faction of the new Whig party and helped to secure the presidential nominations of William Henry Harrison in 1836 and 1840. Vaughn concludes that although in many ways the Antimasonic Crusade was finally beneficial to the Masons, it was not until the 1850s that the fraternity regained its strength and influence.

World Report 2005 Human Rights Watch

This is a work written by a very young writer who displays infinite maturity in terms of her ability to delve into the deepest recesses of character and make it possible to understand, for example, a grasping social upstart and a wife abuser, yet, at the same time, alongside the wisdom and comprehension that would befit a psychologist, there shines a lively wit and, despite so many bleak realities, a youthful zest for life. It is a novel that touches raw nerves, that shocks, intrigues, cries out against injustice and engages the reader's attention from the first page to the last.

Threat of Danger Cambridge University Press

A sweet, romantic Christmas short story from the author of the NY Times bestselling Broslin Creek series. Maggie O'Connor thought she lost everything when she lost her true love, Cameron Gardner, four years ago. Grab this story and find out about her Christmas miracle.
