From three award-winning and bestselling
humor writers comes a hilarious guide to
everything you need to know about Jewish
history, holidays, and traditions. Why do
random Jewish holidays keep springing up
unexpectedly? Why are yarmulkes round? Who
was the first Jewish comedian? What's "Christian
humor" and have you ever even heard of that

phrase? Who is "the Golem" and whom do you
want it to beat up? These baffling questions and
many more are answered by comedy legends
Dave Barry, Adam Mansbach, and Alan Zweibel,
two-thirds of whom are Jewish. In A Field Guide
to the Jewish People the authors dissect every
holiday, rite of passage, and tradition, unravel a
long and complicated history, and tackle the
tough questions that have plagued Jews and non-
Jews alike for centuries. Combining the sweetness
of an apricot rugelach with the wisdom of a
matzoh ball, this is the last book on Judaism that
you will ever need. So gather up your chosen
ones, open a bottle of Manischewitz, and get
ready to laugh as you finally begin to understand
the inner-workings of Judaism.

The U.S. Navy is ready to execute the Nation's tasks at sea, from prompt and sustained combat operations to every-day forward-presence, diplomacy and relief efforts. We operate worldwide, in space, cyberspace, and throughout the maritime domain. The United States is and will remain a maritime nation, and our security and prosperity are inextricably linked to our ability to operate naval forces on, under and above the seas and oceans of the world. To that end, the Navy executes programs that enable our Sailors, Marines, civilians, and forces to meet existing and emerging challenges at sea with confidence. Six priorities guide today's planning, programming, and budgeting decisions: (1) maintain a credible, modern, and survivable sea based strategic deterrent; (2) sustain forward presence, distributed globally in places

that matter; (3) develop the capability and capacity to win decisively; (4) focus on critical afloat and ashore readiness to ensure the Navy is adequately funded and ready; (5) enhance the Navy's asymmetric capabilities in the physical domains as well as in cyberspace and the electromagnetic spectrum; and (6) sustain a relevant industrial base, particularly in shipbuilding.

A tour de force from acclaimed author Alan Gratz (Prisoner B-3087), this timely -- and timeless -- novel tells the powerful story of three different children seeking refuge. A New York Times bestseller! JOSEF is a Jewish boy living in 1930s Nazi Germany. With the threat of concentration camps looming, he and his family board a ship bound for the other side of the world . . . ISABEL is a Cuban girl in 1994. With riots and unrest plaguing her country, she and her family set out on a raft, hoping to find safety in America . . . MAHMOUD is a Syrian boy in 2015. With his homeland torn apart by violence and destruction, he and his family begin a long trek toward Europe . . . All

three kids go on harrowing journeys in search of refuge. All will face unimaginable dangers -- from drownings to bombings to betrayals. But there is always the hope of tomorrow. And although Josef, Isabel, and Mahmoud are separated by continents and decades, shocking connections will tie their stories together in the end. This action-packed novel tackles topics both timely and timeless: courage, survival, and the quest for home. *Ship's Serviceman 1 & C.*
