In time for the 100th anniversary of America's entry into the First World War, Private Heller and the Bantam Boys—based on Heller's long-hidden diary—tells the tale of a group of privileged yet naïve Princeton University students and their big, brawny Midwestern farm boy interloper, Ralph Heller. To them, war is a grand adventure not to be missed, and they enlist as medics and ambulance drivers (think Hemingway and dos Passos) to make sure they can get to France before the war ends. These college boys go about their training filled with idealism and bravado and, despite constant marching and drilling, absolutely no preparation for what they're about to face. When their transport ship comes under U-boat attack off the Welsh coast, the idea that they could get killed before they reach the front begins to sink in. Once in France, and with a seemingly unlimited supply of red wine (water is for crops and animals), and hormone-fueled high spirits, the Bantam Boys are ready for anything that comes their way. Or so they think. Devastation touches all, as they enter a hell of mud, rats, poison gas, flying lead, and rotting corpses where they're just as likely in the confusion of No Man's Land to end up heading toward the Germans rather than

away from them. From the comic to the horrific, Private Heller and the Bantam Boys will touch readers of all ages.

This book contains information necessary to the proper handling and care of your Ford car. Read it carefully—particularly the instructions on lubrication, the cooling system, care of battery, etc., which are absolutely necessary to economical and satisfactory operation. Your car is a splendid piece of machinery. If properly cared for, it will give you years of satisfactory service at little cost. When repairs are needed, we recommend having the work done by an authorized Ford dealer. They are provided with special service equipment.

Furthermore they are interested, more than any one else, in your personal satisfaction with the car. Let experienced mechanics make repairs or adjustments. Your car is too valuable a piece of machinery to place in unskilled hands. Expert workmanship is just as essential in servicing your car as it is in building it.

The 1/4-ton, 4x4, truck of World War Two started out in the hands of the Infantry and a little company called American Bantam Car Company. Bantam worked with the Army's Quartermaster Corps to produce the pilot model that was accepted and then fulfilled their initial contract for 70 trucks. During testing of the pilot both Ford and Willys-Overland were invited to check out this new vehicle. The vehicles were studied in great detail. Soon, at their own expense, Ford and Willys-Overland submitted pilots for testing too. This book covers the production prototypes--Bantam BRC-40, Ford GP and the Willys MA.
