In the first biography of Joan Crawford to give the full, uncensored story, bestselling author David Bret tells Crawford's rags to riches climb, from working in a Kansas City laundry to collecting an Oscar for her defining role in *Mildred Pierce*, and on to her devotion to Christian Science and reliance on vodka. He discusses the star's legendary relationship with Clark Gable, her countless love affairs, her marriages -- three of them to gay men -- and her obsession with rough sex. Bret divulges what really happened that led her to disinherit two of her four children, earning her the nickname "Mommie Dearest," as well as how her loathed mother forced Crawford to work as a prostitute, appear in pornographic films, and sleep her way to the top. Bret analyzes Crawford's films, many of which were constructed purely as

vehicles where actress and character were often indistinguishable. Overtly generous towards her coterie of gay friends, she was heartless towards her enemies, particularly Bette Davis, her co-star in *Whatever Happened to Baby Jane*, with whom she shared a lifelong feud. Drawing on a wealth of unpublished material and interviews, David Bret presents a unique, fascinating portrait of a single-minded, uncompromising woman.

Now available in paperback, *The Art of Ray Harryhausen* focuses on the lifetime of work that Harryhausen has preserved, much of which is published here for the first time. His collection includes preliminary sketches, elaborate drawings of key scenes, carefully plotted storyboards, and the models that were used in films. Harryhausen begins by exploring his early work and influences, then takes readers through projects divided by theme -- fairy tales, dinosaurs and aliens, for example. This body of work lets readers discover how the artist develops an idea from his imagination to the breathtaking character that appears on the screen.

[All Their Words and Why They Matter](#) Wayne State University Press

Have you ever thought someone was watching you . . . but there was no one there? One summer's evening, Alice sees something out of the corner of her eye. She turns to look: just a trick of the light. She is no longer the lonely little girl she once was, with her games of make-believe and imaginary friend, Sam. Then Alice's world is shattered in a tragic accident, and Sam creeps out of the shadows and back into her life. At first Alice is comforted by his presence: a best friend to help fill the void in her heart. Perhaps even help her find someone real to share her life with. But Alice and Sam know he can only exist if she wants him there. So when Alice decides it's time for him to leave, who will get hurt in order for him to stay alive? A compelling novel that fans of page-

turners such as Clare Mackintosh's *I LET YOU GO* and S. K. Tremayne's *THE ICE TWINS* will be gripped by.

[The Art of Ray Harryhausen](#) Mosby Kartar Patel. . . a savvy project manager who is determined, disciplined, and and above all, handsome. He's got a high profile project for a Vegas casino and puts his heart and soul into delivering the Winner. But when timelines are slipped, stakeholders want a pound of flesh for every ounce of letdown. He's being followed . . . discovers tracking devices on his car . . . his meetings are bugged . . . he gets a gun. A mysterious stranger tells him he'll never succeed without transforming his project to an Agile process. Kartar discovers that not only his career and life are on the line, but so is his immortal soul. Learn Agile and Scrum software development in an enjoyable and memorable way. The following concepts are covered in this dramatic story: Agile Manifesto values and principals, the Scrum framework, history of Waterfall, User Stories, Planning Poker estimation, cross-team dependencies, Scrum of Scrums, and the challenges of organizational change. Author Lancer Kind is an Agile consultant with more than twenty years of experience in IT. As a writer he utilizes craftsmanship developed through writing science fiction for over fifteen years. Watch for more Agile Noir news and learn more about Agile at [AgileNoir.biz](#).

[Taking Care of Your Health](#) Icon Books Ltd When Ohio governor John Kasich ran for president, his powerful message of hope and togetherness struck a chord with American voters. In *Two Paths: America Divided or United*, he carries that message forward by reflecting on the tumultuous 2016 campaign, sharing his concerns for America and his hopes for our future, and sounding a clarion call to reason and purpose, humility and dignity, righteousness and calm. "The country never looked so grand and magnificent as it did from ten thousand feet," he writes of his time on the campaign trail, "and it was always a thrilling, faith-affirming thing to look out our window and see the sun splashing across Bryce Canyon in Utah, or the lights of the New York skyline

at night as we flew past the Statue of Liberty, or an open field in the heartland that ran as far as our eyes could see.... I'd look out and think what an honor it would be to lead this great nation, what a blessing." To be sure, the full story of the 2016 Presidential race will be written over time, but to understand what it was to be on the front lines of one of the most divisive and corrosive campaign battlegrounds in history, readers won't find a richer, more thoughtful firsthand account than this one—a frank, refreshing assessment of the American dynamic and a clear path we might follow toward a more promising tomorrow. As Governor Kasich reminds us in these pages, America is great because America is good—and because Americans have stayed true to who we are: one nation, under God, indivisible.

Are we all at the mercy of our brain chemistry? Do you think that the amygdala and the hippocampus are fantastical sea monsters? What can an MRI scan tell us? Could you explain to dinner-party guests why we don't giggle when we tickle ourselves? *30-Second Brain* is here to fill your mind with the science of exactly what's happening inside your head. Using no more than two pages, 300 words and an illustration, this is the quickest way to understand the wiring and function of the most complex and intricate mechanism in the human body. Discover how the networks of 90 billion nerve cells work together to produce perception, action, cognition and emotion. Explore how your brain defines your personality, and what it gets up to while you are asleep. Illustrated with mind-bending graphics and supported by biographies of pioneers in the field of neuroscience, it's the book to get your grey matter thinking about your grey matter.

How To Make A Friend Random House Vision 2005 was held in London from 4 to 7 April 2005 ... Vision 2005 demonstrated the increasing profile of low vision as a growing and developing field of expertise and gave delegates the opportunity to explore all aspects of research and services for growing numbers of people who have serious sight problems.--Preface.

Never Die Easy Thomas Dunne Books This book is an in-depth analysis of three of the most crucial years in twentieth-century Italian history, the years 1943-46. After more than two decades of a Fascist regime and a disastrous war experience during which Italy changed sides, these years saw the laying of the political and cultural foundations for what has since become known as Italy's First Republic. Drawing on texts from the literature, film, journalism, and political debate of the period, *Antifascisms* offers a thorough survey of the personalities and positions that informed the decisions taken in this crucial phase of modern Italian history.

Fennel, Apples, Potatoes, and Onions to

Strawberry Crepes with Dark Chocolate Sauce

· Pantry and food lists · Guidelines for finding

the hidden flour and sugar in many foods ·

Important nutritional and exercise tips ·

Inspirational stories from Dr. Gott's patients

and letters from readers ...and much more. Get

ready to let four powerful words "No Flour,

No Sugar"make you healthier than you've ever

been before!

The Making of the Car that Saved Ford

Random House

A century ago, great flocks of waterfowl

darkened the skies, and duck hunting had

primarily one purpose: to put food on the

table. It was an era when such carvers as

Nathan Cobb, Elmer Crowell, and Harry

V.N. Shourds created decoys, not for the

sake of art, but simply to help harvest food.

In *Making Decoys*, authors Grayson

Chesser and Curtis Badger help you

perpetuate the tradition started by these old-

time carvers by teaching you to hand make

the simple yet functional decoys of

yesteryear. They provide detailed, step-by-

step instructions, numerous color and black-

and-white photographs, and the basic

techniques necessary to make gunning

decoys. This book is being published in

conjunction with the Virginia Foundation

for the Humanities.

The Century-old Way Da Capo Press

'The school where I first met Cora Ravenwing was called Okington School, and I was just beginning to have real ideas and opinions of my own when I first went there...' With Cora Ravenwing (1980) Gina Wilson began her acclaimed career as a novelist for young adults. As she describes in a new preface to this reissue, the idea for the novel 'took a grip' on her such that she wrote without 'planning', inspired by the theme of a child's growing sense of intuition. 'A sensitive, mystery-tinged portrayal of social tensions... Cora Ravenwing, village scapegoat, is the first child whom narrator Becky Stokes meets when her family moves outside London in the mid-1950s; and her reflections deftly pick up the undercurrents of gossip, hostility, and social pretension that power the story of their year's troubled friendship.' Kirkus Review

Fluid Mechanics in SI Units Addison-Wesley Professional

Bible Women All Their Words and Why They Matter Lindsay Hardin Freeman Women of the Bible have been trapped in dry and dusty literary caskets for centuries. While a few women, such as Mary, Sarah, Elizabeth, and Mary Magdalene, are familiar, many of the women who speak in the Bible have long been ignored. Yet their words are part of God's Word, the Bible, for a reason. Through these women, God spoke, intervened, changed, illustrated, and proclaimed the story of redemption. In this groundbreaking book, Episcopal priest Lindsay Hardin Freeman identifies every woman who speaks in the Bible, providing their words, context, and historical background. We learn which women speak the most (hint: it's not Mary) and which books of the Bible have the fewest words from women. We hear the only conversation in the Bible between a mother and daughter (and it's not pretty), the words of a woman who eats her own child, and the triumphant exclamation of a woman telling the world about the risen Christ. Questions at the end of each chapter encourage individual or small-group reflection about what we might learn from each of these women and how God is speaking through them to us. Step into God's sacred circle of mothers, grandmothers, warriors, prophets, prostitutes, and murderers. You won't come out the same.

The Ford Dealership Volume I: 1903-1954

Checkmark Books

The budget battles of recent years have amplified the warnings of demographic doomsayers who predicted that a wave of baby boomers would bleed America dry, bankrupting Social Security and Medicare as they faded into an impoverished old age. On the contrary, argues award-winning journalist Chris Farrell, we are instead on the verge of a broad, positive transformation of our economy and society. The old idea of "retirement"--a word that means withdrawal, describing a time when people gave up productive employment and shrank their activities--was a short-lived historical anomaly. Humans have always found meaning and motivation in work and

community, Farrell notes, and the boomer generation, poised to live longer in better health than any before, is already discovering unretirement--extending their working lives with new careers, entrepreneurial ventures, and volunteer service. Their experience, wisdom--and importantly, their continued earnings--will enrich the American workplace, treasury, and our whole society in the decades to come. Unretirement not only explains this seismic change, now in its early stages, it provides key insights and practical advice for boomers about to navigate this exciting, but unsettled, new frontier, drawing on Chris Farrell's decades of covering personal finance and economics for Bloomsberg Businessweek and Marketplace Money. This will be an indispensable guide to the landscape of unretirement from one of America's most trusted experts.
