**The History of Salt Lake City and Its Founders** Fodors Travel Publications

In the late 1970s and early '80s, a cadre of freewheeling, Southern pot smugglers lived at the crossroads of Miami Vice and a Jimmy Buffett song. These irrepressible adventurers unloaded nearly a billion dollars worth of marijuana and hashish through the eastern seaboard's marshes. Then came their undoing: Operation Jackpot, one of the largest drug investigations ever and an opening volley in Ronald Reagan's War on Drugs. In Jackpot, author Jason Ryan takes us back to the heady days before drug smuggling was synonymous with deadly gunplay. During this golden age of marijuana trafficking, the country's most prominent

kingpins were a group of wayward and fun-loving Southern gentlemen who forsook college educations to sail drug-laden luxury sailboats across the Mediterranean, the Atlantic, and the Caribbean. Les Riley, Barry Foy, and their comrades eschewed violence as much as they loved pleasure, and it was greed, lust, and disaster at sea that ultimately caught up with them, along with the law. In a cat-and-mouse game played out in exotic locations across the globe, the smugglers sailed through hurricanes, broke out of jail and survived encounters with armed militants in Colombia, Grenada and Lebanon. Based on years of research and interviews with imprisoned and recently released smugglers and the law enforcement agents who tracked them down, Jackpot is sure to become a classic story from America's controversial Drug Wars. "The adventures, the long-gone economy, and the sting that ultimately brought them down and changed US drug policy are meticulously documented and lucidly spun.... Part New Yorker feature-part Jimmy Buffet song. . . The result is adventuresome, lavish, informative fun." —GQ "[A] rollicking story, Ryan manages to pack in one amusing tale after another.... Jackpot is a rip-roaring good read." —Charleston City Paper "High times on the high seas: Investigative reporter Ryan recounts the glory days of dope smuggling and their terrible denouement.... A well-told tale of true crime that provides a few good arguments for why it should not be a crime at all." —Kirkus Reviews "Reads like an international thriller. . . . chock-a-block with hilarious and hair-raising anecdotes of fast times." —New York Journal of Books "[A] thoroughly researched account of Operation Jackpot, the drug investigation that ended the reign of South Carolina's 'gentlemen smugglers,' .... Ryan recreates the era with a vivid, sun-drenched intensity." —Publishers Weekly

*How To Make A Friend* McFarland

Have you ever thought someone was watching you . . . but there was no one there? One summer's evening, Alice sees something out of the corner of her eye. She turns to look: just a trick of the light. She is no longer the lonely little girl she once was, with her games of make-believe and imaginary friend, Sam. Then Alice's world is shattered in a tragic accident, and Sam creeps out of the shadows and back into her life. At first Alice is comforted by his presence: a best friend to help fill the void in her heart. Perhaps even help her find someone real to share her life with. But Alice and Sam know he can only exist if she wants him there. So when Alice decides it's time for him to leave, who will get hurt in order for him to stay alive? A compelling novel that fans of page-turners such as Clare Mackintosh's *I LET YOU GO* and S. K. Tremayne's *THE ICE TWINS* will be gripped by.

Camera trapping in wildlife management and research is a growing global phenomenon. The technology is advancing very quickly, providing unique opportunities for collecting new biological knowledge. In order for fellow camera trap researchers and managers to share their knowledge and experience, the First International Camera Trapping Colloquium in Wildlife Management and Research was held in Sydney, Australia. Camera Trapping brings together papers from a selection of the presentations at the colloquium and provides a benchmark of the international developments and uses of camera traps for monitoring wildlife for research and management. Four major themes are presented: case studies demonstrating camera trapping for monitoring; the constraints and pitfalls of camera technologies; design standards and protocols for camera trapping surveys; and the identification, management and analyses of the myriad images that derive from camera trapping studies. The final

for research using camera traps. Remarkable photographs are included, showing interesting, enlightening and entertaining images of animals 'doing their thing'.

This book, I have written, has helped to release all the tension I had with the obstacles I met along with the raising of this family. With the farm life and the large family, including a son with birth defects and Down's syndrome, life was strenuous. Years of struggling to keep the family well and happy. With the help of good

doctors and surgeons, in Bobby's case, we have seen that it can be done. I was always trusting God in each incidence. It is my hope that this book will prove to be an inspiration to any and all who have the privilege of reading it. Go Like Hell Saint Martin's Griffin

The truck's role in American society changed dramatically from the 1960s through the 1980s, with the rise of off-roaders, the van craze of the 1970s and minivan revolution of the 1980s, the popularization of the SUV as family car and the diversification of the pickup truck into multiple forms and sizes. This comprehensive reference book follows the form of the author's popular volumes on American cars. For each year, it provides an industry overview and, for each manufacturer, an update on new models and other news, followed by a wealth of data: available powertrains, popular options, paint colors and more.

Finally, each truck is detailed fully with specifications and measurements, prices, production figures, standard equipment and more.
