This narrative about two boys from different
backgrounds touches on family, forgiveness,
sport, and making peace with tragedy. Dan
Snyder was not a sure thing in professional
hockey, but defied expectations—playing for
both the minor league's Chicago Wolves and the
NHL's Atlanta Thrashers. Dany Heatley, on the
other hand, had been tapped for success from
the start as a college star and high draft pick. The
two made an unlikely pair, but became friends.
In September of 2003, the then 22-year-old
Heatley lost control of his speeding Ferrari;
Snyder was thrown from the vehicle and died six

days later. The loss of their teammate, friend, and
son sent those who knew Snyder looking for
healing or revenge. As the legal story unfolds, so
too does a story of forgiveness, rooted in the
Canadian Mennonite tradition from which
Snyder hailed. Snyder's family, taking an
approach to their loss dictated by their faith,
chose to make peace with both Heatley and his
parents. This story of forgiveness reveals a lesson
in loss, hope, and peace in the face of tragedy.

Spanning eight decades and chronicling the wild ride of a Greek-American family through the vicissitudes of the twentieth century, Jeffrey Eugenides' witty, exuberant novel on one level tells a traditional story about three generations of a fantastic, absurd, lovable immigrant family -- blessed and cursed with generous doses of tragedy and high comedy. But there's a provocative twist. Cal, the narrator -- also Callie -- is a hermaphrodite. And the explanation for this takes us spooling back in time, through a breathtaking review of the twentieth century, to 1922, when the Turks sacked Smyrna and Callie's grandparents fled for their lives. Back to a tiny village in Asia Minor where two lovers, and one rare genetic mutation, set our narrator's life in motion.
