For more than 38 years, millions of consumers have turned to Edmunds' buyer's guides for their shopping needs. This format makes it easy for consumers to get the advice and information they need to purchase their next new vehicle. Readers benefit from features such as: - Comprehensive vehicle reviews - Easy-to-use charts that rate competitive vehicles in popular market segments - Expanded in-depth advice on buying and leasing - Editors' and consumers' ratings - High-quality photography - Editors' Most Wanted picks in 29 vehicle categories In addition to these features, vehicle shoppers can benefit from the best that they've come to expect from the Edmunds name: - In-depth articles on all-new vehicles - Crash test ratings from the National Highway Traffic Safety Administration and the Insurance Institute for Highway Safety - Warranty information - Previews of future vehicles not yet for sale

Ford Focus 2000 Thru 2005 Consumer Guide Books The photos in this edition are black and white. The sport compact performance market is hot and getting hotter - and while the Honda Civic and Acura Integra have long been the dominant players in the market, a newcomer is emerging as a popular car for performance modifications - the Ford Focus. Well-built, inexpensive, good looking, and easy to modify,

the Focus is quickly catching the Hondas in terms of market popularity. This book shows Focus owners exactly what it takes to improve their car's performance, from simple modifications like installing a new air intake to radical mods like installing a turbocharger. The author also shows what those modifications can do, with before-and-after dyno tests for each modification. There's also extensive info on suspension and brake modifications for better handling and braking. It's a one-stop shop for those who want a sharper, faster Focus.

Ford Focus Service and Repair Manual

These days, there are many advantages to buying a used car over a new car. Unfortunately, purchasing a used car may pose a greater risk to the consumer. A used car in its nature will most

likely need more repairs, lack newer safety measures, and may come with a short warranty or none at all. That is why it is so important for consumers to do extensive research so they can avoid all of the pitfalls of the used car market category. The auto experts at "Consumer Reports" have done the work for you and have compiled their extensive research and report their findings into the 2006 edition of "Used Car Buying Guide." This fabulous tool will help steer any consumer who is in the market for a used car towards the better-performing and more reliable used car models and away from those models with a troubled past or substandard performance. Before consumers set foot on a used car lot, they should read all the valuable information provided in this book so they can be armed with as much information as possible and the knowledge to make an educated choice.

"Consumer Reports" knows cars and offers the most detailed and revealing used car reliability information available anywhere including: -
Reviews of every major model from 1998 - 2005 -
Lists of the best and worst used vehicles and how to avoid a lemon - A checklist of what to look for when inspecting a used car - Tips on negotiating the best price Reliability and crash test information - Making sense of safety information
The majority of this book is devoted to the profiles of 256 cars and trucks, presenting all major 1998-2005 models. Each profile contains a photo from the representative year, a write-up of the vehicle, reliability history, crash-test data, and the model years when key safety gear was added and when a major redesign was made.
