Be the Bridge Bloomsbury Publishing  
Set between 1998 and 2004 when the seeds of computer software, call center industry and modern entrepreneurship were seeded. Today the world witnesses its flowering. This is about revival of the entrepreneurial instincts of a people subjugated by foreign rule for 500 years inspiring Indians to look beyond jobs and venture out. Ajay the protagonist is a representative of “ Age of Aspiration, ” which

he finds as a rat race and pulls away and his search for his meaning of life propels him to become a software entrepreneur. It is also a comment on the competitive middle class society of dog eats dog where ideals, morals and ethics are routinely sacrificed on the altar of becoming successful. What aspired them? Looking beyond tangibles, he sees it as a rat race without a moral compass and little ideals. If you win you still remain a rat. The novel traces the gradual maturing of the protagonist. With a rural upbringing he is a misfit in this aspiring milieu and least likely to succeed. Can he and how? His basic goodness and upbringing helps him in negotiating the tricky environment and transforms him into a perceptive adventurer. After a listless employment and a course in computer

programming he lands in Bangalore in 1998, the country ’ s hot software destination. He has no credentials, street smartness nor the cunningness required in the job market where supply far exceeds demand. All he has is a fierce desire to succeed. Will he? During his course he befriends Mythili and feels for her but unable to express it. Will he find true love in her? He finds a job in an upcoming software company, whose proprietor is moved by his selfless, non-complaining, cheerful behavior. His search for excellence is genuine and childlike. Girls swoon over him and he keeps away and that increases his appeal. At a party in the proprietor ’ s house he meets Asha the new PRO of the Company, a Bombayite who has a past to hide and owns a hotel in Ooty. At Sushma the proprietor ’ s wife ’ s insistence he

goes with her for a holiday to her hotel. He is too innocent to realize he is a victim of games being played and being seduced. On a motorcycle ride in the hills she is touched and moved by him. He tells her about his phoenix moment. A phoenix moment is when truth dawns on you and you look back on a particular thread in your life which, often though not necessarily, is a series of misfortunes or uncomfortable moments. The new understanding that comes offers a reason for this chain and the truth that emerges suggests appropriate responses which are new goals and thinking. His phoenix moment is after his girlfriend passes away in Delhi. What is his new resolve? At a young age he is made the head of new department for solving the software millennium problem, the biggest hoax of the century. He works hard, travels as the Company's troubleshooter till he decides to venture and build a global business in Elegant programing a little known methodology for creating software. Meanwhile his Company is facing life threatening crises. Does he understand their reasons? Can he fix them? During a visit to Ooty he comes across two sheets of paper, deciphering them he smokes the proprietor's money laundering business, enrolls government's law enforcing agency and guns for justice. Packed with developments

that created the software landscape of the country, the practice of oneness, the necessity of focus for success, true understanding of desire and its management, phoenix moments that generate the sensibility to relook at one's own life and thereby the extinction of suffering and knowledge and secret of his existence while engaging with the world are themes that run through the book. "Ajay's Restlessness", is realistic fiction. There are countries trying to grow their software and call center industries, English speaking youngsters, new age entrepreneurs, those working with intellectual property, readers of thrillers and mysteries will find it engaging.

CHRISTIAN BOOK AWARD® • Winner of the Christianity Today Book Award • A leading advocate for racial reconciliation calls Christians to move toward deeper understanding in the midst of a divisive culture. In an era where we seem to be increasingly divided along racial lines, many are hesitant to step into the gap, fearful of saying or doing the wrong thing. At times the silence, particularly within the church, seems deafening. But change begins with an honest conversation among a group of Christians willing to give a voice to unspoken hurts, hidden fears, and mounting tensions. These ongoing dialogues have formed the foundation of a global movement called Be the Bridge—a nonprofit organization whose goal is to equip the church to have a distinctive and transformative response to racism and racial division. In this perspective-shifting book, founder Latasha Morrison shows how you can participate in this incredible work and replicate it in your own community. With conviction and grace, she examines the historical

complexities of racism. She expertly applies biblical principles, such as lamentation, confession, and forgiveness, to lay the framework for restoration. Along with prayers, discussion questions, and other resources to enhance group engagement, Be the Bridge presents a compelling vision of what it means for every follower of Jesus to become a bridge builder—committed to pursuing justice and racial unity in light of the gospel.

Please note that the content of this book primarily consists of articles available from Wikipedia or other free sources online. Pages: 29. Chapters: Ford B-Max, Ford EcoSport, Ford Fiesta, Ford Fusion (Europe), Ford Ikon, Ford Ka, Mazda Demio, Mazda Verisa. Excerpt: The Ford Fiesta is a front-wheel-drive subcompact car manufactured and marketed by Ford Motor Company and built in Europe, the United States, Brazil, Argentina, Mexico, Venezuela, China, India, Thailand and South Africa. The current-generation Fiesta is marketed worldwide. By 2010, the sixth-generation Fiesta (Mark VI) had been introduced worldwide, including in the United States and Canada-making it the first Fiesta model to be sold in North America since the Fiesta Mark I was discontinued at the end of 1980. The Fiesta has sold over twelve million units since 1976. The Fiesta was originally developed under the project name "Bobcat" (later to be used on a badge engineered version of the Ford

Pinto called the Mercury Bobcat) and approved for development by Henry Ford II in September 1972.

Development targets indicated a production cost US\$100 less than the current Ford Escort. The car was to have a wheelbase longer than that of the Fiat 127, but with overall length shorter than that of Ford's Escort. The final proposal was developed by Tom Tjaarda at Ghia. The project was approved for production in autumn 1973, with Ford's engineering centres in Cologne and Dunton (Essex) collaborating. Ford estimated that 500,000 Fiestas a year would be produced, and built an all-new factory near Valencia, Spain; a transaxle factory near Bordeaux, France; factory extensions for the assembly plants in Dagenham, UK. Final assembly also took place in Valencia. When Ford of Europe began to design the car, the design proposals were named Iris, Beta, The Deutschlander (from Ford's Cologne studios), Mini-Mite, and the Blue Car (from Ghia). Codenames for the Fiesta prototype included Torino,

but it became Project Bobcat....
