Restore 1965-1970 Mustang
Notchbacks, Fastbacks &
Convertibles Dundurn
As U.S. and Canadian automakers
and dealers face bankruptcy and
Toyota battles unprecedented
quality-control problems, Lemon-
Aid guides steer the confused and
anxious buyer through the
economic meltdown unlike any
other car-and-truck books on the
market. Phil Edmonston, Canada's
automotive "Dr. Phil" for more

than 40 years, pulls no punches. In
this all-new guide he says:

Chrysler's days are numbered with
the dubious help of Fiat. Electric
cars and ethanol power are PR
gimmicks. Diesel and natural gas
are the future. Be wary of "zombie"
vehicles: Jaguar, Land Rover, Saab,
and Volvo. Mercedes-Benz -- rich
cars, poor quality. There's only one
Saturn you should buy. Toyota --
enough apologies: "when you mess
up, 'fess up."

Ford Windsor Small-Block
Performance Penguin
Written for the do-it-yourselfer,
good enough for the pro.

Includes everything you wish
to know about your vehicles
heating and air conditioning.
From simple adjustments, to
complete tune-ups and
troubleshooting.

Ford, Ferrari, and Their Battle for Speed and Glory at Le Mans CarTech Inc

In the past, restoration guides have provided authenticity information, such as accurate paint codes, badges, wheels, and other equipment. A bona fide hands-on how-to book for restoring your Mustang from the ground up has not been offered for years. This unique guide will cover the restoration process for every major component group and also provide detailed step-by-step restoration information for the most important

procedures. With clear, insightful color photography to accompany this how-to information, any at-home restorer can confidently restore a car and save a substantial amount of money in the process. While restomod books have shown how to install latest technology on vintage muscle cars, this book will focus on factory-accurate restorations, and some simple bolt-on upgrades that do not detract from the collector value but rather enhance the reliability and performance of the car. How to Restore Your Mustang 1964-1/2-1973 delivers a detailed explanation for finding the right model, how to assess condition, how to spot a fake, and how to select the right car within your budget. In addition, the book will cover how

to plan, prepare, and select the right tools. This unique guide will cover the restoration process for every major component group and also provide detailed step-by-step restoration information for the most important procedures. The latest techniques and best restoration products for each system will be discussed and detailed. Also, the book discusses how to source parts and what you need to consider between new/old stock and reproduction parts. Readers will also learn how to determine if a certain task is best left for a professional shop. All crucial aspects of restoration, including engines, drivelines, body, interior, trim, electrical systems, brakes, steering, and suspension will be profiled.

Ford Fuel Injection & Electronic Engine Control Dundurn

A guide to buying a used car or minivan features information on the strengths and weaknesses of each model, a safety summary, recalls, warranties, and service tips. Specifications, Options, Production Numbers, Data Codes and More Houghton Mifflin Harcourt

"The automotive maven and former Member of Parliament might be the most trusted man in Canada, an inverse relationship to the people he writes about." - The Globe and Mail Lemon-Aid shows car and truck buyers how to pick the cheapest and most reliable vehicles from the past 30 years of auto production. This brand-new edition of the bestselling guide contains updated information on secret service bulletins that can save you money. Phil describes sales and service scams, lists which vehicles are factory goofs, and sets out the prices you should pay. As Canada's automotive "Dr. Phil" for over 40

years, Edmonston pulls no punches. His Lemon-Aid is more potent and provocative than ever.

The Complete Book of Ford Mustang Go Like HellFord, Ferrari, and Their Battle for Speed and Glory at Le Mans
My name is Sean Peyton Ross. I write this book for present and future generations to read while I still have enough mental capacity and memory to write it before my injury depletes me. I was basically a late term miscarriage born by c section at 6 and 3/4 months old. 5 times I should have died. I am and always have lived on borrowed time. I was kept alive in an incubator by the doctors until I weighed enough and developed enough to survive outside the incubator. I was always a sickly child and was small. The other kids beat up and bullied on me. All my life, through school where I excelled in academics I was beaten up and bullied on. I was put down by the

kids who wanted to be bad and the rich kids who thought they were the last word in society. I was bullied in the Navy, In college, at work and in the State Defense Force where I spoke up for the troops and inadvertently caused 3 generals to be fi red after a mission of mercy from a tornado in my hometown started going awry. I had to leave the State Defense Force under duress from the Commanding General. I now have been black listed and no one remembers the good I tried to do while in uniform. I now live in fear for my family and myself. This book is to serve as a journal and as a warning of how diffi cult, cruel and ugly life can be sometimes. It also serves as a guide to those who read this book so that the readers will be able to learn from what I have written. It will inspire those who read it to try harder to improve themselves and the world they now live in. The world cannot advance as a people socially if we only dwell on the triumphs of yesterday do not know of or take heed of the sins and mistakes of the past.
