This Ford Ranger Engine Problems, as one of the most functional sellers here will extremely be along with the best options to review.

**Ford Motor Company's Recall of Certain Firestone Tires** Routledge  
The truck's role in American society changed dramatically from the 1960s through the 1980s, with the rise of off-roaders, the van craze of the 1970s and minivan revolution of the 1980s, the popularization of the SUV as family car and the diversification of the pickup truck into multiple forms and sizes. This comprehensive reference book follows the form of the author's popular volumes on American cars. For each year, it provides an industry overview and, for each manufacturer, an update on new models and other news, followed by a wealth of data: available powertrains, popular options, paint colors and more. Finally, each truck is detailed fully with specifications and measurements, prices, production figures, standard equipment and more.

Used Car Buying Guide, 1993 Dundurn

Go prepared and don't get stuck with a lemon. Take Motormouth along for the ride.

**Popular Mechanics** SAE International

Hydrogen Fuel for Surface Transportation provides background information on the advantages and disadvantages of hydrogen as a fuel, describes the current state of technology of hydrogen-fueled vehicles, and discusses the future requirements of the "hydrogen economy." Each chapter also includes reprints of noteworthy articles and technical papers on the subject.

Cycle World Magazine Haynes Manuals

Lemon-Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car-and-truck books on the market. U.S. automakers are suddenly awash in profits, and South Koreans and Europeans have gained market shares, while Honda, Nissan, and Toyota have curtailed production following the 2011 tsunami in Japan. Shortages of Japanese new cars and supplier disruptions will likely push used car prices through the roof well into 2012, so what should a savvy buyer do? The all-new Lemon-Aid Used Cars and Trucks 2012-2013 has the answers, including: More vehicles rated, with some redesigned models that don't perform as well as previous iterations downrated. More roof crash-worthiness ratings along with an expanded cross-border shopping guide. A revised summary of safety- and performance-related defects that are likely to affect rated models. More helpful websites listed in the appendix as well as an updated list of the best and worst "beaters" on the market. More "secret" warranties taken from automaker internal service bulletins and memos than ever.
