[Siren Menage Everlasting: Contemporary, Menage, Paranormal, Shape-shifters, Werewolves, Cowboys/Westerns, MFM, HEA] Shapeshifter, Wendy Wilkerson, is trapped with the Walker pack that has been attacking ranchers' livestock around Granite Lake. Unable to accept a forced mating with the terrible pack leader, she escapes. Naked and afraid, she needs help before Walker can find her and exact his revenge. Werewolves, Tim Branson and his friend, Brent Morrison, are stunned when the sexy, curvaceous Wendy knocks on their door. They take her in and treat her like the queen she is. But who or what is she running from? Although Wendy knows Walker's coming after her, she can't make herself leave Tim and Brent. The three share the connection that draws intended mates together. But can she risk their lives for her freedom? Or will she have to choose Walker over them to keep them safe? She's left with only one question. Will she mate or will she die? Jane Jamison is a Siren-exclusive author.

Ford Motor Company is a global giant. It pioneered mass production and the global multinational corporations. "Fordism" is a symbol of the modern age. In this book, produced in Ford's centenary year, an international team of independent researchers explores Ford's European history and presents new analyses of its dynamics and significance. Second volume looks at Ford's European history across a hundred years and a dozen countries. It looks at Ford in face of national rivalries, economic integration, depression, dictatorships and wars. The national histories, written by a team of international researchers, complement the broader thematic studies in volume One.

The Framework, an official AOTA document, presents a summary of interrelated constructs that define and guide occupational therapy practice. The Framework was developed to articulate occupational therapy's contribution to promoting the health and participation of people, organizations, and populations through engagement in occupation. The revisions included in this second edition are intended to refine the document and include language and concepts relevant to current and emerging occupational therapy practice. Implicit within this summary are the profession's core beliefs in the positive relationship between occupation and health and its view of people as occupational beings. Numerous resource materials include a glossary, references and a bibliography, as well as a table of changes between the editions.

This is a book for tall people, those who relate to them, and anyone interested in height in general. Being tall coincides with considerable professional, athletic, and social benefits. Yet there are also some problems, and these raise some questions. For instance, if longer levers and more cells really are behind increased risk of injuries and cancer, then how is it that giraffes get by? And why is it that society reveres tall stature but then compromises our safety with cramped cars and other things? And, as tall women might be pondering, where have all the tall, dark, and handsome men gone? Lastly, what can be done about all this? These questions and more will all be answered by a tall protagonist over eight chapters: Evolution, Scaling, Spine, Manufactured, Ergonomics, Growth, Longevity, and Society.

Tatum Everley is a freshman at Western Michigan University. Due to an emotionally and psychologically abusive past relationship, Tate struggles from Complex-Post Traumatic Stress Disorder. She has been working on controlling her symptoms and flashbacks, but when she meets Axel Burne at a fraternity party, who is notorious for sleeping around and getting into fights, she tries her best to dodge the bullet. Axel starts to become intrigued by Tate, but she's better off choosing Lucas- the sweet guy who has been trying to take her out since orientation. But even though Lucas is the better option, Axel keeps reappearing. Tate continues to try to stay away from him, but it starts becoming harder to, and as she gets closer to him, things start to get way out of hand. If Tate wants her happy ending and her sanity intact, then she has to push through the hardships and maintain control over her disorder.
