Mothers of Invention Univ of North Carolina Press

Chase Williams is a demon hunter in the Circle, or at least he was supposed to be. On his fifteenth birthday, Chase stepped up to the altar to claim his elemental power, but it never came. Elemental magic is passed down to a hunter through the bloodline, but on Chase's birthday, the bloodline stopped. Exiled without the Circle's protection, Chase has spent two years trying to survive a world riddled with half-demons and magic. When he has a run in with a frightened and seemingly innocent demon, he learns the Circle's agenda has changed: the Circle plans to unlock a portal and unleash pure-blood demons into the world. Vowing to stop them, and knowing he can't do it alone, Chase forms a reluctant alliance with Rayna - a sexy witch with an attitude and a secret. In their attempt to stop them, Chase and Rayna find themselves in the middle of the Circle's plan, leaving one of them to decide what their friendship is worth, and the other's life depending on it.

Based on the award-winning feature-length movie, *Bear City: The Novel* follows the funny, romantic, and often dramatic adventures of a tight-knit pack of bears, cubs, and friends in New York City as they gear up for a big party weekend. A hirsute Sex and the City set in the "Bear" scene, this story brings together these men, their friends, tricks, and lovers, and a cast of colorful, hirsute characters. They experience comical mishaps, lusty and romantic encounters, and an impressive variety of male body types. Using satire and humor, the novel exposes their explores these men's self-image issues and pokes fun at aspects of urban gay lifestyles, all while celebrating the worldwide community of men who call themselves Bears.

Her Perfect Life Firefly Books

One of the most misunderstood periods in American history, Reconstruction remains relevant today because its central issue -- the role of the federal government in protecting citizens' rights and promoting economic and racial justice in a heterogeneous society -- is still unresolved. America's Reconstruction examines the origins of this crucial time, explores how black and white Southerners responded to the abolition of slavery, traces the political disputes between Congress and President Andrew Johnson, and analyzes the policies of the Reconstruction governments and the reasons for their demise. America's Reconstruction was published in conjunction with a major exhibition on the era produced by the Valentine Museum in Richmond, Virginia, and the Virginia Historical Society. The exhibit included a remarkable collection of engravings from Harper's Weekly, lithographs, and political cartoons, as well as objects such as sculptures, rifles, flags, quilts, and other artifacts. An important tool for deepening the experience of those who visited the exhibit, America's Reconstruction also makes this rich assemblage of information and period art available to the wider audience of people unable to see the exhibit in its host cities. A work that stands along as well as in proud accompaniment to the temporary collection, it will appeal to general readers and assist instructors of both new and seasoned students of the Civil War and its tumultuous aftermath.

The Story of a Pioneer CreateSpace

A memorial book of all the cats that were able to live wild at heart until they were, FINALLY, FOREVER FREE If you are an animal lover and are fascinated by the various species of the cat family, big and small, you'll want to add this beautiful collector's volume to your library. This autobiography follows the life of Anna Shaw (1847-1919) from her birth in Newcastle-on-Tyne, England through her presidency of the National American Woman Suffrage Association. Shaw immigrated with her genteel but financially pressed family to America in 1851. They settled first in New Bedford and then in Lawrence, Massachusetts, finally migrating in 1859 to a pioneer farmstead in northern Michigan, where Anna performed much of the subsistence labor during her father's long absences. The first part of her narrative emphasizes her efforts to gain an education and take up a ministerial career. After two years at Albion College, she attended Boston Theological School (1876-1878) and accepted a pastorate in East Dennis, Cape Cod, after graduation; later she also took temporary charge of the Congregational Church in Dennis. After her ordination had been blocked by members of the New England Conference of the Methodist Episcopal Church opposed to ordaining women, Shaw was ordained by the 1880 Conference of the Methodist Protestant Church in Tarrytown, N.Y.

Exiled Alfred a Knopf Incorporated

Jake and Austin are twins. Jake has Down syndrome while Austin is typical. On their birthday, they play with their toys but a whimsical tree wants to play too. It also happens to be her birthday.

While Mommy Is Out Life Remotely

"A well-written and worthy sequel to one of SF's enduring classics" —the Nebula Award winner *The Forever War*—now with a bonus story, "A Separate War" (Publishers Weekly). On virtually every list of the greatest military science fiction adventures ever written, Joe Haldeman's Hugo and Nebula Award-winning classic, *The Forever War*, is ranked at the very top. In *Forever Free*, the Science Fiction Writers of America Grand Master and author of the acclaimed *Worlds* series returns to that same volatile universe where human space marines once engaged the alien Taurans in never-ending battle. While loyal soldier William Mandella was fighting for the survival of the human race in a distant galaxy, thousands of years were passing on his home planet, Earth. Then, with the end of the hostilities came the shocking realization that humanity had evolved into something he did not recognize. Offered the choice of retaining his individuality or becoming part of the genetically modified shared Human hive-mind, Mandella chose exile, joining other veterans of the *Forever War* seeking a new life on a wasteland world they called Middle Finger. Making a home for themselves in this half-frozen hell, Mandella and his life partner, Marygay, have survived into middle age, raising a son and a daughter in the process. Now, the dark truth about the colonists' ultimate role in the continuation of the Human group mind will force Mandella and Marygay to take desperate action as they hijack an interstellar vessel and set off on a frantic escape across space and time. But what awaits them upon their return is a mystery far beyond all human—or Human—comprehension... In *Forever Free*, Joe Haldeman's stunning vision of humankind's far future reaches its enthralling conclusion in a masterwork of speculation from the mind and heart

of one of the undisputed champions of hard science fiction. And in the bonus story included in this volume, "A Separate War," Marygay, reassigned and separated from her lover, Mandella, continues fighting in military engagements across the stars—all the while planning how she and Mandella can reunite despite the time and space between them.

The Forever Fix Createspace Independent Publishing Platform

"Del Rey book." Battling the Taurans in space was one problem as Private William Mandella worked his way up the ranks to major. In spanning the stars, he aged only months while Earth aged centuries. *The Chicken and the Egg* LSU Press

As her son grows up from little boy to adult man, a mother secretly rocks him each night as he sleeps.

Don't go there. It's not safe. You'll die. And other more >> rational advice for overlanding Mexico & Central America St. Martin's Press

Insisting that politics and ideology must remain at the forefront of any examination of nineteenth-century America, Foner reasserts the centrality of the Civil War to the people of that period. The first section of this book deals with the causes of the sectional conflict; the second, with the antislavery movement; and a final group of essays treats land and labor after the war. Taken together, Foner's essays work towards reintegrating the social, political, and intellectual history of the nineteenth century.

Half Past Midnight Flash Card Format 5135-Acs

"How many Arabs did you kill Daddy?" Eight-year-old Rimi--a forward thinking tomboy asks her father upon his return from the Israeli army. Taught to fear Arabs, she then falls in love with one. Rimi's passion to understand life, leads her to orchestrate unusual adventures that at times demand a high price. Her dream of putting joy into everything around her becomes a daunting task when dealing with a depressed mother who goes on mysterious journey and an explosive father she adores. This is an intimate and compelling story of not quite ordinary people caught up in an extraordinary time and place. Passion! Conflicts! Political intrigues! Young and forbidden love! Fertile imaginings and meaningful lessons! The strange and wonderful nuances of living in a farming village and the gut wrenching loss of a one-true-love. These and much much more (all based on a true story) can be found within. This first book by the emerging writer Ruti Yudovich is an experience to be embraced.

The Tree That Ate Everything National Geographic Books

Fascinating narrative science that explores the next frontier in medicine and genetics through the very personal prism of the children and families gene therapy has touched. Eight-year-old Corey Haas was nearly blind from a hereditary disorder when his sight was restored through a delicate procedure that made medical history. Like something from a science fiction novel, doctors carefully injected viruses bearing healing genes into the DNA of Corey's eyes—a few days later, Corey could see, his sight restored by gene therapy. *THE FOREVER FIX* is the first book to tell the fascinating story of gene therapy: how it works, the science behind it, how patients (mostly children) have been helped and harmed, and how scientists learned from each trial to get one step closer to its immense promise, the promise of a "forever fix," - a cure that, by fixing problems at their genetic root, does not need further surgery or medication. Told through the voices of the children and families who have been the inspiration, experimental subjects, and successes of genetic science, *THE FOREVER FIX* is compelling and engaging narrative science that tells explores the future of medicine as well as the families and scientists who are breaking new ground every day.

Hi My Name Is Cj Macmillan

The first biography of the seminal music group WAR whose many hits include "Spill the Wine," "All Day Music," "Why Can't We Be Friends?" "Slippin' into Darkness," "The Cisco Kid," and - of course - "Low Rider." They combined rock, funk, soul, R&B, jazz, and a strong Latin vibe in their music, they have been awarded two Platinum and eight Gold records in their career. Their album "The World is a Ghetto" was the bestselling release of 1973 and was #444 on the list of "Rolling Stone's Top 500 Albums" list. This unauthorized book follows the group from their early incarnations when Harold Brown and Howard Scott met to form the Creators and then the Night Shift, to their partnership with former Animals lead singer Eric Burdon, to a highly successful career on their own with the core original lineup of Brown, Scott, Lee Oskar, Lonnie Jordan, B.B. Dickerson, Papa Dee Allen, and Charles Miller. The story also follows the band through their later, leaner years, the tragic deaths of two members, and the conflicts that led to a fissure and a split of performing entities that continues to this day. Featuring original interviews, archival research, and musical analysis and commentary, "Slippin' Out of Darkness: The Story of WAR" tells the tale of one of the most unique bands in the history of Classic Rock-era music.

Forever Free Open Road Media

As eighteen-year-old Cheryl Hunter escapes rural Colorado for the bright lights of Europe, she does so with nothing more than an over-packed suitcase and a dream. Once there, her mind is bent on solving one problem alone: how does a small-town cowgirl pull off the feat of becoming an international supermodel? When Cheryl is abducted, raped and brutally beaten instead, she is faced with solving a much bigger problem: how does she survive? Using her journey of rising from the ashes as fuel, Hunter delivers a step-by-step method that can be applied by anyone who has ever dealt with less-than-favorable circumstances. In a world where—let's face it—life often hijacks our personal agendas, Cheryl shows you how to immediately take back the reins, design a life you love, and become the unstoppable force of nature you were born to be.
