Seven Pillars of Wisdom
Wentworth Press

Jerome Klapka Jerome was an English writer and humourist, best known for the comic travelogue Three Men in a Boat.

Other works include the essay collections Idle Thoughts of an Idle Fellow and Second Thoughts of an Idle Fellow; Three Men on the Bummel, a sequel to Three Men in a Boat, and several other novels. Jerome sat right down to write Three Men during a Boat as soon because the couple returned from their honeymoon. within the novel, his wife was replaced by his longtime friends George Wingrave (George) and Carl Hentschel (Harris). This allowed him to make comic (and non-sentimental) situations which were nonetheless intertwined with the history of the Thames region. The book, published in 1889, became a moment success and has never been out of print. Its popularity was such the amount of registered Thames boats went up one-half within the year following its publication, and it contributed significantly to the Thames becoming a tourist attraction. In its first twenty

years alone, the book sold over 1,000,000 copies worldwide. It's been adapted to films, TV and radio shows, stage plays, and a musical. Its literary genre influenced many humourists and satirists in England et al.

.With the financial security that the sales of the book provided, Jerome was ready to dedicate all of his time to writing. He wrote variety of plays, essays, and novels, but was never ready to recapture the success of *Three Men during a Boat*. In 1892, he was chosen by Robert Barr to edit *The Idler* (over Rudyard Kipling). The magazine was an illustrated satirical monthly catering to gentlemen (who, following the theme of the publication, appreciated idleness). In 1893, he founded *To-Day*, but had to withdraw from both publications due to financial difficulties and a libel suit. Jerome's play *Biarritz* had a run of two months at the Prince of Wales Theatre between April and June 1896. In 1898, a brief

stay in Germany inspired *Three Men on the Bummel*, the sequel to *3 Men during a Boat*, reintroducing an equivalent characters within the setting of a far off bicycle tour. The book was nonetheless unable to capture the life-force and historic roots of its predecessor, and it enjoyed only a light success. In 1902, he published the novel *Paul Kever*, which is widely considered autobiographical. His 1908 play *The Passing of the Third Floor Back* introduced a more sombre and non secular Jerome. the most character was played by one among the leading actors of the time, Johnston Forbes-Robertson, and therefore the play was an incredible commercial success. it had been twice made into film, in 1918 and in 1935. However, the play was condemned by critics - Beerbohm described it as "vilely stupid" and as written by a "tenth-rate writer"

The Book of

Equanimity Library of Alexandria
"Time travel, UFOs, mysterious planets, stigmata, rock-throwing poltergeists, huge footprints, bizarre rains of fish and frogs-nearly a century after Charles Fort's *Book of the Damned* was originally published, the strange phenomenon presented in this book remains largely unexplained by modern science. Through painstaking research and a witty, sarcastic style, Fort captures the imagination while exposing the flaws of popular scientific explanations. Virtually all of his material was compiled and documented from

reports published in reputable journals, newspapers and periodicals because he was an avid collector. Charles Fort was somewhat of a recluse who spent most of his spare time researching these strange events and collected these reports from publications sent to him from around the globe. This was the first of a series of books he created on unusual and unexplained events and to this day it remains the most popular. If you agree that truth is often stranger than fiction, then this book is for you"-- Taken from Good Reads website.
Something Wicked this Way Comes Wentworth Press

Written between 1919 and 1926, this text tells of the campaign against the Turks in the Middle East, encompassing gross acts of cruelty and revenge, ending in a welter of stink and corpses in a Damascus hospital.

The Rule of Saint Benedict Sourcebooks Casablanca

The Book of Equanimity contains the first-ever complete English language commentary on one of the most beloved classic collections of Zen teaching stories (koans), making them vividly relevant to spiritual seekers and Zen students in the twenty-first century. Continually emphasizing koans as effective tools to discover and experience the deepest truths of our being, Wick brings the art of the koan to life for those who want to

practice wisdom in their daily lives. The koan collection Wick explores here is highly esteemed as both literature and training material in the Zen tradition, in which koan-study is one of two paths a practitioner might take. This collection is used for training in many Zen centers in the Americas and in Europe but has never before been available with commentary from a contemporary Zen master. Wick's Book of Equanimity includes new translations of the preface, main case and verse for each koan, and modern commentaries on the koans by Wick himself.

Doctors Library of Alexandria
"The most important work of fiction by an American in this literary

generation." - The New Republic Now celebrating the 50th anniversary of its publication, Omensetter's Luck is the masterful first novel by the author of The Tunnel, Middle C, On Being Blue, and Eyes: Novellas and Stories. Greeted as a masterpiece when it was first published in 1966, Omensetter's Luck is the quirky, impressionistic, and breathtakingly original story of an ordinary community galvanized by the presence of an extraordinary man. Set in a small Ohio town in the 1890s, it chronicles - through the voices of various participants and observers - the confrontation between Brackett Omensetter, a man of preternatural goodness, and the Reverend Jethro Furber,

a preacher crazed with a propensity for violent thoughts. Omensetter's Luck meticulously brings to life a specific time and place as it illuminates timeless questions about life, love, good, and evil. This edition includes an afterword written by William Gass in 1997. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-

date translations by award-winning translators. The Great Controversy Wyatt North Publishing, LLC

On the 24th of February, 1815, the lookout at Notre-Dame de la Garde signalled the three-master, the Pharaon from Smyrna, Trieste, and Naples. As usual, a pilot put off immediately, and rounding the Chateau d'If, got on board the vessel between Cape Morgion and Rion island. Immediately, and according to custom, the ramparts of Fort Saint-Jean were covered with spectators; it is always an event at Marseilles for a ship to come into port, especially when this ship, like the Pharaon, has been built, rigged, and laden at

the old Phocee docks, and belongs to an owner of the city. The ship drew on and had safely passed the strait, which some volcanic shock has made between the Calasareigne and Jaros islands; had doubled Pomegue, and approached the harbor under topsails, jib, and spanker, but so slowly and sedately that the idlers, with that instinct which is the forerunner of evil, asked one another what misfortune could have happened on board. However, those experienced in navigation saw plainly that if any accident had occurred, it was not to the vessel herself, for she bore down with all the evidence of being skilfully handled, the anchor a-cockbill, the jib-boom guys already eased off, and standing by the

side of the pilot, who was steering the Pharaon towards the narrow entrance of the inner port, was a young man, who, with activity and vigilant eye, watched every motion of the ship, and repeated each direction of the pilot. The vague disquietude which prevailed among the spectators had so much affected one of the crowd that he did not await the arrival of the vessel in harbor, but jumping into a small skiff, desired to be pulled alongside the Pharaon, which he reached as she rounded into La Reserve basin. When the young man on board saw this person approach, he left his station by the pilot, and, hat in hand, leaned over the ship's bulwarks. He was a fine, tall, slim

young fellow of eighteen or twenty, with black eyes, and hair as dark as a raven's wing; and his whole appearance bespoke that calmness and resolution peculiar to men accustomed from their cradle to contend with danger.

Hollow Knight -

Wanderer's Journal

HarperCollins

From the renowned

author of Possession,

The Children ' s Book is

the absorbing story of

the close of what has

been called the

Edwardian summer: the

deceptively languid,

blissful period that ended

with the cataclysmic

destruction of World War

I. In this compelling

novel, A.S. Byatt

summons up a whole era,

revealing that beneath its

golden surface lay

tensions that would

explode into war, revolution and unbelievable change — the generation that came of age before 1914 and, most of all, for their children. The novel centres around Olive Wellwood, a fairy tale writer, and her circle, which includes the brilliant, erratic craftsman Benedict Fludd and his apprentice Phillip Warren, a runaway from the poverty of the Potteries; Prosper Cain, the soldier who directs what will become the Victoria and Albert Museum; Olive 's brother-in-law Basil Wellwood, an officer of the Bank of England; and many others from every layer of society. A.S. Byatt traces their lives in intimate detail and moves between generations, following the children who must choose whether to follow the roles foreexpected of them or stand up to their parents ' " porcelain socialism. " Olive ' s daughter Dorothy wishes to become a doctor, while her other daughter, Hedda, wants to fight for votes for women. Her son Tom, sent to an upper-class school, wants nothing more than to spend time in the woods, tracking birds and foxes. Her nephew Charles becomes embroiled with German-influenced revolutionaries. Their portraits connect the political issues at the heart of nascent feminism and socialism with grave personal dilemmas, interlacing until *The Children ' s Book* becomes a perfect depiction of an entire world. Olive is a fairy

tale writer in the era of Peter Pan and Kenneth Grahame's *The Wind In the Willows*, not long after Alice's *Adventures in Wonderland*. At a time when children in England suffered deprivation by the millions, the concept of childhood was being refined and elaborated in ways that still influence us today. For each of her children, Olive writes a special, private book, bound in a different colour and placed on a shelf; when these same children are ferried off into the unremitting destruction of the Great War, the reader is left to wonder who the real children in this novel are. *The Children's Book* is an astonishing novel. It is an historical feat that brings to life an era that helped shape our own as well as a gripping,

personal novel about parents and children, life's most painful struggles and its richest pleasures. No other writer could have imagined it or created it. *Hawaii's Story Sourcebooks, Inc.* Kendall Morgan puts her sixth sense back to work in the second book of the *Relic Seekers* series, divining the history and location of ancient relics. Her boss, gorgeous billionaire Nathan Larraby, sends her to Italy to safeguard a priceless treasure belonging to the Protettori, an ancient order of monks who guard four powerful relics. Nathan believes these may be the cure for his dark

curse. He also sends brooding mercenary Jake Stone to watch Kendall's back - although her back isn't all Jake has his eye on. Nathan joins them, and all three tumble into a labyrinth of defenses created by the monks to protect their treasures, including the Fountain of Youth. They find themselves in England on the trail of the legendary King Arthur, who along with the Reaper, seems connected to the Protettori. Sparks fly and bonds are tested as Kendall and Nathan's pasts are revealed and Jake's becomes even more mysterious. The trio must stay one step ahead of the Reaper if they want to survive.

Awaken the Highland Warrior Macmillan
When in 1821, the Greeks rose in violent revolution against the rule of the Ottoman Turks, waves of sympathy spread across Western Europe and the United States. More than a thousand volunteers set out to fight for the cause. The Philhellenes, whether they set out to recreate the Athens of Pericles, start a new crusade, or make money out of a war, all felt that Greece had unique claim on the sympathy of the world. As Byron wrote, 'I dreamed that Greece might Still be Free'; and he died at Missolonghi trying to translate that dream

into reality. William St Clair's meticulously researched and highly readable account of their aspirations and experiences was hailed as definitive when it was first published. Long out of print, it remains the standard account of the Philhellenic movement and essential reading for any students of the Greek War of Independence, Byron, and European Romanticism. Its relevance to more modern ethnic and religious conflicts is becoming increasingly appreciated by scholars worldwide. This new and revised edition includes a new Introduction by Roderick Beaton, an

updated Bibliography and many new illustrations.

The Art of Cross-examination
Del Rey
A Search in Secret India is the story of Paul Brunton's journey around India, living among yogis, mystics and gurus, some of whom he found convincing, others not. He finally finds the peace and tranquility which come with self-

knowledge when he meets and studies with the great sage Sri Ramana Maharishi. Paul Brunton was a British philosopher, mystic, traveler, and guru. He left a journalistic career to live among yogis, mystics, and holy men, and studied Eastern and Western esoteric teachings. Dedicating his life to an inward and spiritual quest, Brunton felt charged to communicate his experiences about what he learned in the East to others. His works had a major influence on the spread of Eastern mysticism to the West. Taking pains to express his thoughts in layperson's terms, Brunton was able to present what he

learned from the Orient and from ancient tradition as a living wisdom. His writings express his view that meditation and the inward quest are not exclusively for monks and hermits, but will also support those living normal, active lives in the Western world.
