So begins one of the most celebrated stories in fantasy literature . . . packed full of mystery, deep themes and incredible prose, meet Severian the Torturer and follow him on his journey across the great world of Urth Severian is a torturer, born to the guild and with an exceptionally promising career ahead of him . . . until he falls in love with one of his victims, a beautiful young noblewoman. Her excruciations are delayed for some months and, out of love, Severian helps her commit suicide and escape her fate. For a torturer, there is no more unforgivable act. In punishment he is exiled from the guild and his home city to the distant metropolis of Thrax with little more than Terminus Est, a fabled sword, to his name. Along the way he has to learn to survive in a wider world without the guild - a world in which he has already made both allies and enemies. And a strange gem is about to fall into his possession, which will only make his enemies pursue him with ever-more determination . . . Winner of the World Fantasy Award for best novel, 1981 Winner of the BSFA Award for best novel, 1982 Readers can't stop reading The Shadow of the Torturer: 'Full of rich characters and great imagination' Mark Lawrence, author of Red Sister 'A dark jewel . . . He has a mastery of language not often seen in fantasy writing . . . Couple this with an original and unique, highly imaginative and complex worldbuilding and the high praise is warranted' Goodreads reviewer, ? ? ? ? ? 'This is a picaresque fantasy with a difference, for our hero Severian is no wide-eyed country boy from the shire, but an apprentice torturer, thoroughly schooled in his trade' Goodreads reviewer, ? ? ? ? ? 'There are certain books that can be considered life-changing experiences. Gene Wolfe is an author who has written one of those for me' Goodreads reviewer, ? ? ? ? ? 'The Book of the New Sun Tetralogy is one of the great achievements in science fiction and is a MUST READ for fans of the genre. HIGHEST POSSIBLE RECOMMENDATION!!!!' Goodreads reviewer, ? ? ? ? ? 'In addition to being unique in style, The Shadow of the Torturer is a gorgeous piece of work: passionate storytelling (heart-wrenching in places), fascinating insights into nature and the human condition, beautiful prose' Goodreads reviewer, ? ? ? ? ? 'Genre fiction at its finest. Original, difficult and well-crafted, it is easy to see how Wolfe is regarded as a writer's writer' Goodreads reviewer, ? ? ? ? ?

In On Their Own Terms, Benjamin A. Elman offers a much-needed synthesis of early Chinese science during the

Jesuit period (1600-1800) and the modern sciences as they evolved in China under Protestant influence (1840s-1900). By 1600 Europe was ahead of Asia in producing basic machines, such as clocks, levers, and pulleys, that would be necessary for the mechanization of agriculture and industry. In the seventeenth and eighteenth centuries, Elman shows, Europeans still sought from the Chinese their secrets of producing silk, fine textiles, and porcelain, as well as large-scale tea cultivation. Chinese literati borrowed in turn new algebraic notations of Hindu-Arabic origin, Tycho's cosmology, Euclidian geometry, and various computational advances. Since the middle of the nineteenth century, imperial reformers, early Republicans, Guomindang party cadres, and Chinese Communists have all prioritized science and technology. In this book, Elman gives a nuanced account of the ways in which native Chinese science evolved over four centuries, under the influence of both Jesuit and Protestant missionaries. In the end, he argues, the Chinese produced modern science on their own terms.

This carefully crafted ebook: "The Waves" is formatted for your eReader with a functional and detailed table of contents. The book is Virginia Woolf's most experimental novel, first published in 1931. It consists of soliloquies spoken by the book's six characters: Bernard, Susan, Rhoda, Neville, Jinny, and Louis. Also important is Percival, the seventh character, though readers never hear him speak through his own voice. The monologues that span the characters' lives are broken up by nine brief third-person interludes detailing a coastal scene at varying stages in a day from sunrise to sunset. As the six characters or "voices" alternately speak, Woolf explores concepts of individuality, self, and community. Each character is distinct, yet together they compose a gestalt about a silent central consciousness. Bernard is a story-teller, always seeking some elusive and apt phrase Louis is an outsider, who seeks acceptance and success; Neville desires love, seeking out a series of men, each of whom become the present object of his transcendent love; Jinny is a socialite, whose Weltanschauung corresponds to her physical, corporeal beauty; Susan flees the city, in preference for the countryside, where she grapples with the thrills and doubts of motherhood; and Rhoda is riddled with self-doubt and anxiety, always rejecting and indicting human compromise, always seeking out solitude. Percival is the god-like but morally flawed hero of the other six, who dies midway through the novel on an imperialist quest in British-dominated colonial India. Although Percival never speaks through a monologue of his own in The Waves, readers learn about him in detail as the other six characters repeatedly describe and reflect on him throughout the book. The novel follows its six narrators from childhood through adulthood.

[The Onion Book of Known Knowledge](#) Penguin

Virginia Woolf unveils the societal barriers faced by women and explores the crucial link between women's financial independence and creative freedom in this extraordinary collection of essays. Initially presented as lectures in 1928 at Newnham College and Girton College, the University of Cambridge's women's colleges, this seminal work argues for a literal and figurative space for women writers within a patriarchal literary tradition. Woolf's essays constitute a foundational feminist text, highlighting the historical marginalization of women, advocating for equality, and emphasizing the importance of women's contributions to literature and beyond. Essential reading for anyone interested in feminism, literature, and women's history, A Room of One's Own resonates profoundly in today's ongoing gender discussions.

This early work by Ernest Bramah was originally published in 1927 and we are now republishing it with a brand new introduction. 'Max Carrados Mysteries' is a collection of Bramah's classic detective tales containing 'The Secret of Headlam Height', 'The Mystery of The Vanished Petition Crown' and many other stories. Ernest Bramah Smith was born near Manchester in 1868. He was a poor student, and dropped out of the Manchester Grammar School when sixteen years old to go into the farming business. Bramah found commercial and critical success with his first novel, The Wallet of Kai Lung, but it was his later stories of detective Max Carrados that assured him lasting fame.

[The Truth Seeker](#) Grove Press

The classic apocalyptic novel that stunned the world.

[The Lost Chalice](#) Macmillan

From the renowned author of Possession, The Children 's Book is the absorbing story of the close of what has been called the Edwardian summer: the deceptively languid, blissful period that ended with the cataclysmic destruction of World War I. In this compelling novel, A.S. Byatt summons up a whole era, revealing that beneath its golden surface lay tensions that would explode into war, revolution and unbelievable change — for the generation that came of age before 1914 and, most of all, for their children. The novel centres around Olive Wellwood, a fairy tale writer, and her circle, which includes the brilliant, erratic craftsman Benedict Fludd and his apprentice Phillip Warren, a runaway from the poverty of the Potteries; Prosper Cain, the soldier who directs what will become the Victoria and Albert Museum; Olive 's brother-in-law Basil Wellwood, an officer of the Bank of England; and many others from every layer of society. A.S. Byatt traces their lives in intimate detail and moves between generations, following the children who must choose whether to follow the roles expected of them or stand up to their parents ' " porcelain socialism. " Olive 's daughter Dorothy wishes to become a doctor, while her other daughter, Hedda, wants to fight for votes for women. Her son Tom, sent to an upper-class school, wants nothing more than to spend time in the woods, tracking birds and foxes. Her nephew Charles becomes embroiled with German-influenced revolutionaries. Their portraits connect the political issues at the heart of nascent feminism and socialism with grave personal dilemmas, interlacing until The Children 's Book becomes a perfect depiction of an entire world. Olive is a fairy tale writer in the era of Peter Pan and Kenneth Grahame 's The Wind In the Willows, not long after Alice 's Adventures in Wonderland. At a time when children in England suffered deprivation by the millions, the concept of childhood was being refined and elaborated in ways that still influence us today. For each of her children, Olive writes a special, private book, bound in a different colour and placed on a shelf; when these same children are ferried off into the unremitting destruction of the Great War, the reader is left to wonder who the real children in this novel are. The Children 's Book is an astonishing novel. It is an historical feat that brings to life an era that helped shape our own as well as a gripping, personal novel about parents and children, life 's most painful struggles and its richest pleasures. No other writer could have imagined it or created it.

Is the traditional, accepted view of the life of Christ in some way incomplete? • Is it possible Christ did not

die on the cross? • Is it possible Jesus was married, a father, and that his bloodline still exists? • Is it possible that parchments found in the South of France a century ago reveal one of the best-kept secrets of Christendom? • Is it possible that these parchments contain the very heart of the mystery of the Holy Grail? According to the authors of this extraordinarily provocative, meticulously researched book, not only are these things possible — they are probably true! so revolutionary, so original, so convincing, that the most faithful Christians will be moved; here is the book that has sparked worldwide controversy. "Enough to seriously challenge many traditional Christian beliefs, if not alter them." — Los Angeles Times Book Review "Like Chariots of the Gods?...the plot has all the elements of an international thriller." — Newsweek

Born to Run Harper Collins

In 'The Dream-Quest of Unknown Kadath,' Howard Phillips Lovecraft extends the borders of the imagination with an odyssey through dreamscapes that are as unsettling as they are enthralling. The novella, a core element of Lovecraft's Dream Cycle, stands as a masterpiece of fantastical literature, where the lyrical prose melds with an archaic vernacular reminiscent of folklore and myth. As Lovecraft takes us on Randolph Carter's hazardous pilgrimage through dimensions ethereal and unfamiliar, we are plunged into a narrative imbued with cosmicism and existential terror. The canvas of the book stretches across the dream world, showcasing Lovecraft's unique ability to weave narrative dreamscapes that resonate with hidden fears and ancient archetypes.

Howard Phillips Lovecraft's oeuvre is a testament to his status as a pioneer of weird fiction. His creation of 'The Dream-Quest of Unknown Kadath' introspects the human condition through the fantastical, drawing from Lovecraft's personal experiences, notably his lucid dreams and familial storytelling traditions. The mystical journey of Randolph Carter is as much a reflection of Lovecraft's own subconscious and scholarly interests as it is a product of his expansive imagination. His influence endures in the countless authors and artists who have found in his Dreamlands a wellspring for their own creations.

'The Dream-Quest of Unknown Kadath' is recommended for avid readers of supernatural fiction, for those who treasure the intricacies of a beautifully macabre universe, and for anyone wishing to venture into the vastness of human imagination. With its rich symbolism and allegorical depth, Lovecraft's novella promises a journey that transcends the terrors of the night and speaks to the timeless quest for meaning amid the incomprehensible vastness of the cosmos.

Rarely has a writer and thinker of the stature of Ayn Rand afforded us access to her most intimate thoughts and feelings. From Journals of Ayn Rand, we gain an invaluable new understanding and appreciation of the woman, the artist, and the philosopher, and of the enduring legacy she has left us. Rand comes vibrantly to life as an untried screenwriter in Hollywood, creating stories that reflect her youthful vision of the world. We see her painful memories of communist Russia and her struggles to convey them in *We the Living*. Most fascinating is the intricate, step-by-step process through which she created the plots and characters of her two masterworks, *The Fountainhead* and *Atlas Shrugged*, and the years of painstaking research that imbued the novels with their powerful authenticity. Complete with reflections on her legendary screenplay concerning the making of the atomic bomb and tantalizing descriptions of projects cut short by her death, *Journals of Ayn Rand* illuminates the mind and heart of an extraordinary woman as no biography or memoir ever could. On these vivid pages, Ayn Rand lives.
