HOW MANY PEOPLE WOULD YOU KILL TO LIVE FOREVER? Imagine a world where soldiers regenerate and continue fighting without pause, where suicide bombers live to strike again and again. This is the dream of Richard Ridley, founder of Manifold Genetics, and he has just discovered the key to eternal life: an ancient artifact buried beneath a Greek-inscribed stone in the Peruvian desert. When Manifold steals the artifact and abducts archeologist Dr. George Pierce, United States Special Forces Delta operator Jack Sigler, call sign King, and his "Chess Team" –Queen, Knight, Rook, Bishop, and their handler, Deep Blue–give chase. Formed under special order from President Duncan, they are the best of America's Special Forces, tasked with antiterrorism missions that take them around the world against any threat, ancient, modern, and at times, inhuman. With cutting-edge weapons, tough-as-nails tactics, and keen intellects, they stand alone on the brink, facing the world's most dangerous threats. Ridley's plan to create unstoppable soldiers has just made him threat number one. Tension soars along with the body count as the team faces high-tech security forces, hordes of "regens," the horrific results of Manifold's experiments, and a resurrected mythological predator complete with regenerative abilities, seven heads, and a savage appetite. The Chess Team races to save Pierce and stop Manifold before they change the face of genetics—and human history—forever. Heart-pounding action combines with adrenaline-charged suspense in the first of Jeremy Robinson's smart, sharp series featuring the Chess Team.

Learn the secrets of the most frightening, fun-filled day of the year! The only day when the forces of darkness are openly celebrated, Halloween comes down to us from the strange, shrouded mists of antiquity, originating in the pagan world and the primitive ceremonies that honor Samhain, the dark, mysterious Lord of the Dead, at a time when the veil between our world and theirs is at its thinnest. The strange and weird customs and beliefs of our ancestors live again, every October 31st, in the only day of the year when it is considered okay to dress in frightening costumes, to go door to door begging, and to feast on fear. A true classic in the literature of pagan lore, you will find this book frightening, fascinating and fun!

"An extraordinary real picture of human beings numbed by catastrophe but still driven by the unconquerable determination of living creatures to keep on being alive." —The New Yorker The classic apocalyptic novel by Pat Frank, first published in 1959 at the height of the Cold War, with an introduction by award-winning science fiction writer and scientist David Brin. "Alas, Babylon." Those fateful words heralded the end. When the unthinkable nightmare of nuclear holocaust ravaged the United States, it was instant death for tens of millions of people; for survivors, it was a nightmare of hunger, sickness, and brutality. Overnight, a thousand years of civilization were stripped away. But for one small Florida town, miraculously spared against all the odds, the struggle was only just beginning, as the isolated survivors—men and women of all ages and races—found the courage to come together and confront the harrowing darkness.

Alas, Babylon Harvest Books

Is the traditional, accepted view of the life of Christ in some way incomplete? • Is it possible Christ did not die on the cross? • Is it possible Jesus was married, a father, and that his bloodline still exists? • Is it possible that parchments found in the South of France a century ago reveal one

of the best-kept secrets of Christendom? • Is it possible that these parchments contain the very heart of the mystery of the Holy Grail? According to the authors of this extraordinarily provocative, meticulously researched book, not only are these things possible — they are probably true! so revolutionary, so original, so convincing, that the most faithful Christians will be moved; here is the book that has sparked worldwide controversy. "Enough to seriously challenge many traditional Christian beliefs, if not alter them." — Los Angeles Times Book Review "Like Chariots of the Gods?...the plot has all the elements of an international thriller." — Newsweek

So begins one of the most celebrated stories in fantasy literature . . . packed full of mystery, deep themes and incredible prose, meet Severian the Torturer and follow him on his journey across the great world of Urth Severian is a torturer, born to the guild and with an exceptionally promising career ahead of him . . . until he falls in love with one of his victims, a beautiful young noblewoman. Her excruciations are delayed for some months and, out of love, Severian helps her commit suicide and escape her fate. For a torturer, there is no more unforgivable act. In punishment he is exiled from the guild and his home city to the distant metropolis of Thrax with little more than Terminus Est, a fabled sword, to his name. Along the way he has to learn to survive in a wider world without the guild - a world in which he has already made both allies and enemies. And a strange gem is about to fall into his possession, which will only make his enemies pursue him with ever-more determination . . . Winner of the World Fantasy Award for best novel, 1981 Winner of the BSFA Award for best novel, 1982 Readers can't stop reading The Shadow of the Torturer: 'Full of rich characters and great imagination' Mark Lawrence, author of Red Sister 'A dark jewel . . . He has a mastery of language not often seen in fantasy writing . . . Couple this with an original and unique, highly imaginative and complex worldbuilding and the high praise is warranted' Goodreads reviewer, ? ? ? ? ? 'This is a picaresque fantasy with a difference, for our hero Severian is no wide-eyed country boy from the shire, but an apprentice torturer, thoroughly schooled in his trade' Goodreads reviewer, ? ? ? ? ? 'There are certain books that can be considered life-changing experiences. Gene Wolfe is an author who has written one of those for me' Goodreads reviewer, ? ? ? ? ? 'The Book of the New Sun Tetralogy is one of the great achievements in science fiction and is a MUST READ for fans of the genre. HIGHEST POSSIBLE RECOMMENDATION!!!' Goodreads reviewer, ? ? ? ? ? 'In addition to being unique in style, The Shadow of the Torturer is a gorgeous piece of work: passionate storytelling (heart-wrenching in places), fascinating insights into nature and the human condition, beautiful prose' Goodreads reviewer, ? ? ? ? ? 'Genre fiction at its finest. Original, difficult and well-crafted, it is easy to see how Wolfe is regarded as a writer's writer' Goodreads reviewer, ? ? ? ? ?

In On Their Own Terms, Benjamin A. Elman offers a much-needed synthesis of early Chinese science during the Jesuit period (1600-1800) and the modern sciences as they evolved in China under Protestant influence (1840s-1900). By 1600 Europe was ahead of Asia in producing basic machines, such as clocks, levers, and pulleys, that would be necessary for the mechanization of agriculture and industry. In the seventeenth and eighteenth centuries, Elman shows, Europeans still sought from the Chinese their secrets of producing silk, fine textiles, and porcelain, as well as large-scale tea cultivation. Chinese literati borrowed in turn new algebraic notations of Hindu-Arabic origin, Tyconic cosmology, Euclidian geometry, and various computational advances. Since the middle of the nineteenth century, imperial reformers, early Republicans, Guomindang party cadres, and Chinese Communists have all prioritized science and technology. In this book, Elman gives a nuanced account of the ways in which native Chinese science evolved over four centuries, under the influence of both Jesuit and Protestant missionaries. In the end, he argues, the Chinese produced modern science on their own terms.

A New York Times bestseller 'A sensation ... a rollicking tale well told' - The Times At the heart of Born to Run lies a mysterious tribe of Mexican Indians, the Tarahumara, who live quietly in canyons and are reputed to be the best distance runners in the world; in 1993, one of them, aged 57, came first in a prestigious 100-mile race wearing a toga and sandals. A small group of the world's top ultra-runners (and the awe-inspiring author) make the treacherous journey into the canyons to try to learn the tribe's secrets and then take them on over a course 50 miles long. With incredible energy and smart observation, McDougall tells this story while asking what the secrets are to being an incredible runner. Travelling to labs at Harvard, Nike, and elsewhere, he comes across an incredible cast of characters, including the woman who recently broke the world record for 100 miles and for her encore ran a 2:50 marathon in a bikini, pausing to down a beer at the 20 mile mark.

Why did Yugoslavia fall apart? Was its violent demise inevitable? Did its population simply fall victim to the lure of nationalism? How did this multinational state survive for so long, and where do we situate the short life of Yugoslavia in the long history of Europe in the twentieth century? A History of Yugoslavia provides a concise, accessible, comprehensive synthesis of the political,

cultural, social, and economic life of Yugoslavia—from its nineteenth-century South Slavic origins to the bloody demise of the multinational state of Yugoslavia in the 1990s. Calic takes a fresh and innovative look at the colorful, multifaceted, and complex history of Yugoslavia, emphasizing major social, economic, and intellectual changes from the turn of the twentieth century and the transition to modern industrialized mass society. She traces the origins of ethnic, religious, and cultural divisions, applying the latest social science approaches, and drawing on the breadth of recent state-of-the-art literature, to present a balanced interpretation of events that takes into account the differing perceptions and interests of the actors involved. Uniquely, Calic frames the history of Yugoslavia for readers as an essentially open-ended process, undertaken from a variety of different regional perspectives with varied composite agenda. She shuns traditional, deterministic explanations that notorious Balkan hatreds or any other kind of exceptionalism are to blame for Yugoslavia's demise, and along the way she highlights the agency of twentieth-century modern mass society in the politicization of differences. While analyzing nuanced political and social-economic processes, Calic describes the experiences and emotions of ordinary people in a vivid way. As a result, her groundbreaking work provides scholars and learned readers alike with an accessible, trenchant, and authoritative introduction to Yugoslavia's complex history.

Enter once more the world of Roland Deschain—and the world of the Dark Tower...now presented in a stunning graphic novel form that will unlock the doorways to terrifying secrets and bold storytelling as part of the dark fantasy masterwork and magnum opus from #1 New York Times bestselling author Stephen King. “The man in black fled across the desert, and the gunslinger followed.” With these unforgettable words, millions of readers were introduced to Stephen King’s iconic character Roland Deschain of Gilead. Roland is the last of his kind, a “gunslinger” charged with protecting whatever goodness and light remains in his world—a world that “moved on,” as they say. In this desolate reality—a dangerous land filled with ancient technology and deadly magic, and yet one that mirrors our own in frightening ways—Roland is on a spellbinding and soul-shattering quest to locate and somehow save the mystical nexus of all worlds, all universes: the Dark Tower. Now, in the graphic novel series Stephen King's *The Dark Tower: Beginnings*, originally published by Marvel Comics in single-issue form and creatively overseen by Stephen King himself, the full story of Roland's troubled past and coming-of-age is revealed. Sumptuously drawn by Jae Lee and Richard Isanove, plotted by longtime Stephen King expert Robin Furth, and scripted by New York Times bestselling author Peter David, *Beginnings* is an extraordinary and terrifying journey into Roland’s origins—ultimately serving as the perfect introduction for new readers to Stephen King’s modern literary classic *The Dark Tower*, while giving longtime fans thrilling adventures merely hinted at in his blockbuster novels. Bringing the dramatic history of Roland into chronological order—as originally published in the novels *The Gunslinger* and *Wizard and Glass*—*The Gunslinger Born* begins with a reckless act of courage that gains Roland his first set of guns and earns him and his friends, Cuthbert Allgood and Alain Johns, a special mission to the town of Hambry...not only for their personal safety but on behalf of the Affiliation—an alliance resisting the ruinous advance of “the Good Man,” a monster named John Farson. But the expedition will quickly become Roland’s first experience of the evil forces that he will encounter again and again throughout his life, and in a myriad of guises. And he will also discover the overwhelming power and pain of true love, through which, more than anything, he will learn beyond a shadow of a doubt what things are worth killing for....

Highly visible, yet a mystery in terms of its core beliefs and theological structure, the Church of Latter-day Saints is one of the fastest growing religious movements in the world. This important book provides a timely introduction to the basic history, doctrines and practices of The LDS - the 'Mormon' Church.

Pulse Harvard University Press

Virginia Woolf unveils the societal barriers faced by women and explores the crucial link between women's financial independence and creative freedom in this extraordinary collection of essays. Initially presented as lectures in 1928 at Newnham College and Girton College, the University of Cambridge's women's colleges, this seminal work argues for a literal and figurative space for women writers within a patriarchal literary tradition. Woolf's essays constitute a foundational feminist text, highlighting the historical marginalization of women, advocating for equality, and emphasizing the importance of women's contributions to literature and beyond. Essential reading for anyone interested in feminism, literature, and women's history, *A Room of One's Own* resonates profoundly in today's ongoing gender discussions.
