It's never a good combo to be broke and desperate. You do stupid things. Like accidentally sign your soul over to Hell. When I interviewed for a new security job, I didn't bat an eye that it was for a literal graveyard shift...headstones and all. I mean, at the hourly rate they were offering, who cares? I got this. Turns out, I'm not guarding a graveyard like I thought. It seems I've just walked my broke ass into protecting a Gate to Hell. Yeah...I don't got this. Now I'm stuck in a terrifying new reality: a group of hot demons who act like I can solve all their problems, and a battle between good, evil, and balance. This will seriously teach me to read the fine print on Help Wanted ads. Good thing this job comes with a scythe. Maybe I can use it to stop them from dragging my ass into Hell.

Remember You This Way Meghan March LLC Book 3 & 4 together... Two Kingdoms I'm getting a little tired of completing my goals, only to have the bar raised too substantially for me to transition at a

productive pace...I started off as a sad little ghost with an impossible crush on four really hot, Gothic guys with some attitude problems. Now I'm The Apocalypse, they're the Four Horsemen, and Lucifer is my fucked up daddy. Now my additional goals look like this? Goal #9: Make a deal with the Devil without getting cheated, manipulated, or tricked. Goal #10: Make my boys love me and take over the world...okay...so maybe just that first part. That second part sounds like it could take too much ambition, and I just don't have the drive for that. Goal #11: Make cookies. Goal #12: Call dibs on my favorite color. Goal #13: Find out if my siblings or my father killed me and my boys...**** One Apocalypse The life goals have stacked up since I started this journey as a sad, lonely little ghost. I'm not sure how things escalated so quickly from trying to be seen and heard, to bearing the weight of the world on my vain little shoulders. As a result, my goals have gotten a little more serious... Goal #14: Learn to take a hit without breaking or suffering some type of death. Goal #15: Decide once and for all if I'm going to save or destroy the world. I'm not sure why people put this sort of responsibility on hell-spawn like me. Goal #16: Practice my evil laugh, because all hell-spawn need a good evil laugh. Goal #17: Find and kill all the unicorns. Mwahahahaha. Goal #18: Live to enjoy forever with the guys I sacrificed all my memories to save. Goal #19: No matter what, they don't get to die. Or I really will be THE Apocalypse. We're the most screwed up collection of antiheroes the world has ever seen, because the only thing that makes me want to save the world is knowing I could lose my boys forever if I don't. A Portrait of Pain HQN Books Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of *The Laws of Human Nature*. In the book that *People* magazine

proclaimed “ beguiling ” and “ fascinating, ” Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence (“ Law 1: Never Outshine the Master ”), others teach the value of confidence (“ Law 28: Enter Action with Boldness ”), and many recommend absolute self-preservation (“ Law 15: Crush Your Enemy Totally ”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

Um. Um. Um. Are you reading this? If you are, I need your help. I was at a party; I was running; I fell. And get this--this is the part you'll never believe--I fell down a rabbit hole. Like Alice in those old books. Except in those books, there wasn't blood everywhere. In those books, the characters weren't all male, attractive, and interested in me. Forget everything you know about the Mad Hatter, the White Rabbit, the March Hare ... This isn't Wonderland; this is Underland. Violence, sex, drugs, and magic ... that's all there is in this place. There's me, Allison, and there are the men that want me, the enemies that hunt me, and the darkness that's quickly rolling in. And only I can stop it. So if you're reading this, will you help me? Please. I just want to escape this place and go ... home.

ALLISON'S ADVENTURES IN UNDERLAND (Book 1 of 3 in the "Harem of Hearts" series) -- is a full-length reverse harem/new adult/dark romance novel, a gritty retelling of "Alice's Adventures in Wonderland". Don't expect a children's tale; these characters are nothing like their more innocent counterparts. This book contains: drugs, cursing, violence, sex ... and love found in the darkest shadows.

Four Psychos
I'm not so different from most people. Like everyone else, I have life goals.
Goal #1: Become a real girl instead of this invisible ghost thing I currently am.
Goal #2: Convince the four men I've been haunting for the past five years to pick me to be their new toy after goal one is complete.
Goal #3: Figure out who/what I am and why I can't remember anything past the five years I've been haunting this quad.
Goal #4: Eat popcorn. See? Perfectly normal. Sort of. Gotta start small, after all. It's not like anyone else is perfect either.

Three Trials
So, I've checked off some life goals and added a few new ones to my list.
Goal #5: Get out of hell's belly without letting my ungrateful charges die.
Goal #6: Get a new name that's more badass.
Goal #7: Stop wasting my breath on lectures and start annoying the quad hell squad every time they annoy me. Fight fire with fire. Ha! Another hell pun.
Goal 8: Find out who the hell killed me. I'll add more. I don't want to overwhelm myself before I even finish checking off my old goals. But seriously, I really do need a more badass name, considering how much I have to keep saving my damsels in distress. I probably shouldn't call them damsels, since they're a little murderous and all. Maybe I should add seeing a hell-certified psychologist to my list of goals.

The Dark Side is a dramatic, riveting, and definitive narrative account of how the United States made self-destructive decisions in the pursuit of terrorists around the world—decisions that not only violated the Constitution, but also hampered the pursuit of Al Qaeda. In spellbinding detail, Jane Mayer relates the impact of these decisions by which key players, namely Vice President Dick Cheney and his powerful, secretive adviser David Addington, exploited September 11 to further a long held agenda to enhance presidential powers to a degree never known in U.S. history, and obliterate Constitutional protections that define the very essence of the American experiment.
