Four Views on Hell John Blanchard Classic Series
Can an orthodox Christian, committed to the historic faith of the Church and the authority of the Bible, be a universalist? Is it possible to believe that salvation is found only by grace, through faith in Christ, and yet to maintain that in the end all people will be saved? Can one believe passionately in mission if one does not think that anyone will be lost forever? Could universalism be consistent with the teachings of the Bible? In The Evangelical Universalist the author argues that the answer is ‘ yes! ’ to all of these questions. Weaving together philosophical, theological, and biblical considerations, he seeks to show that being a committed universalist is consistent with the central teachings of the biblical texts and of historic Christian theology.

Evolution--or the broader topic of origins--has enormous relevance to how we understand the Christian faith and how we interpret Scripture. Four Views on Creation, Evolution, and Intelligent Design presents the current "state of the conversation" about origins among evangelicals representing four key positions: Young Earth Creationism - Ken Ham (Answers in Genesis) Old Earth (Progressive) Creationism - Hugh Ross (Reasons to Believe) Evolutionary Creation - Deborah B. Haarsma (BioLogos) Intelligent Design - Stephen C. Meyer (The Discovery Institute) The contributors offer their best defense of their position addressing questions such as: What is your position on origins - understood broadly to include the physical universe, life, and human beings in particular? What do you take to be the most persuasive arguments in defense of your position? How do you demarcate and correlate evidence about origins from current science and from divine revelation? What hinges on answering these questions correctly? This book allows each contributor to not only present the case for his or her view, but also to critique and respond to the critiques of the other contributors, allowing you to compare their beliefs in an open forum setting to see where they overlap and where they differ.

Heaven, Hell, and Universal Salvation David C Cook
A stunning reexamination of one of the essential tenets of Christian belief from one of the most provocative and admired writers on religion today The great fourth-century church father Basil of Caesarea once observed that, in his time, most Christians believed that hell was not everlasting, and that all would eventually attain salvation. But today, this view is no longer prevalent within Christian communities. In this momentous book, David Bentley Hart makes the case that nearly two millennia of dogmatic tradition have misled readers on the crucial matter of universal salvation. On the basis of the earliest Christian writings, theological tradition, scripture, and logic, Hart argues that if God is the good creator of all, he is the savior of all, without fail. And if he is not the savior of all, the Kingdom is only a dream, and creation something considerably worse than a nightmare. But it is not so. There is no such thing as eternal damnation; all will be saved. With great rhetorical power, wit, and emotional range, Hart offers a new perspective on one of Christianity's most important themes.

The Visio Pauli and the Gnostic Apocalypse of Paul is the first modern collection of studies on the most important aspects of the Visio Pauli, the most popular early Christian apocalypse in the Middle Ages. The volume starts with a short study of the textual traditions of the Visio Pauli, its Jewish and early Christian traditions as well as its influence on later literature, such as Dante. This is followed by studies of the Prologue, the four rivers of Eden, the place of the Ocean, the relation between body and soul, the image of hell and its punishments, and the connection with fantastic literature. Finally, a codicological, comparative, and textual re-evaluation of the Coptic translation attempts to correct earlier errors and to rehabilitate the value and interest of this long neglected version of the Visio Pauli. The book is concluded with a study of the earthly tribunal in the fourth heaven of the Gnostic Apocalypse of Paul. As has become customary, the volume is rounded off by an extensive bibliography of the Visio Pauli and the Gnostic Apocalypse of Paul and a detailed index.

NEW YORK TIMES BESTSELLER USA TODAY BESTSELLER Amazon, Apple, Facebook, and Google are the four most influential companies on the planet. Just about everyone thinks they know how they got there. Just about everyone is wrong. For all that ’ s been written about the Four over the last two decades, no one has captured their power and staggering success as insightfully as Scott Galloway. Instead of buying the myths these companies broadcast, Galloway asks fundamental questions. How did the Four infiltrate our lives so completely that they ’ re almost impossible to avoid (or boycott)? Why does the stock market forgive them for sins that would destroy other firms? And as they race to become the world ’ s first trillion-dollar company, can anyone challenge them? In the same irreverent style that has made him one of the world ’ s most celebrated business professors, Galloway deconstructs the strategies of the Four that lurk beneath their shiny veneers. He shows how they manipulate the fundamental emotional needs that have driven us since our ancestors lived in caves, at a speed and scope others can ’ t match. And he reveals how you can apply the lessons of their ascent to your own business or career. Whether you want to compete with them, do business with them, or simply live in the world they dominate, you need to understand the Four.

All You Want to Know About Hell Zondervan
An outstanding, and sobering, volume from John Blanchard. Many would air-brush hell out of all thought today - or at least play down its horror and duration. Dr J.I. Packer says in the Foreword that he "gratefully commends [the book] and hopes it will be widely read." The need is no less now, and Dr Blanchard's approach of helping confused Christians as well as targeting complacent unbelievers is as fresh as ever. This new edition has been revised and now includes the ESV as the main source of Scripture quotations. Nobody can think seriously about hell and remain emotionally and psychologically unaffected. The idea that after a few years of life on earth an untold number of human beings, many of whom would be thought of as decent, law-abiding citizens, will spend eternity in indescribable agony and exposed to God's relentless anger is overwhelming. Reaction to the paralysing prospect of everlasting punishment varies from those who dismiss the whole idea because they reject the authority of Scripture to those who seek to soften its impact by reducing hell to manageable proportions. What does happen after death? What if the traditional pictures of hell as a place of endless punishment and suffering are true? What if millions of ordinary men and woman are on their way there? What if we are? And if so, is there any way in which we can avoid hell or evade it? These are vitally important questions and this book sets out to find answers to them.

During a time of global conflict, the theological question of whether Muslims, Jews, and Christians worship the same God carries political baggage. Is the God of ISIS the same as the God of Israel? Do Sunni Muslims and Protestant Christians pray to the same Creator and Sustainer of the universe? In this Counterpoints volume, five leading scholars present the main religious perspectives on this question, demonstrating how to think carefully about an issue where opinions differ and confusion abounds. All Worship the Same God: Religious Pluralist View (Wm. Andrew Schwartz and John B. Cobb, Jr.) All Worship the Same God: Referring to the Same God View (Francis J. Beckwith) Jews and Christians Worship the Same God: Shared Revelation View (Gerald R. McDermott) None Worship the Same God: Different Conceptions View (Jerry L. Walls) Contributors examine related subtopics such as: The difference between God being referentially the same and essentially the same What "the same" means when referring to God The significance of the Trinity in this discussion Whether religious inclusivism is inferred by certain understandings of God's sameness The appropriateness of interfaith worship. Additional essays by Joseph Cumming and David W. Shenk explore the implications of this question specifically for Christians wanting to minister among, and build relationships with, Muslims. Insightful, gracious, and relevant, Do Christians, Muslims, and Jews Worship the Same God? sheds light on one of the most important theological issues of our day. The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair-minded and respectful of the biblical text. Each volume is a one-stop reference that allows readers to evaluate the different positions on a specific issue and form their own, educated opinion.

Both outside and inside of the church, many people today are increasingly uncomfortable with hell. They wonder: How could it be fair to punish anyone for eternity? Will Jesus really condemn millions simply for not believing the right things about him? Isn ’ t God a God of love, not vengeance? The top-notch contributors to Is Hell for Real or Does Everyone Go to Heaven? tackle these and other questions with an even-handed survey of the Bible ’ s teaching on this difficult subject. Together, they present a careful case for upholding hell, showing that it remains central to a right understanding of God, the gospel, humanity, and God ’ s purposes for the world. Useful for group discussion or individual study, Is Hell for Real or Does Everyone Go to Heaven? provides an accessible introduction to the historic Christian doctrine of hell.

Five Views Harper Collins
Of all the teachings of Christianity, the doctrine of hell is easily the most troubling, so much so that in recent years the church has been quietly tucking it away. Rarely mentioned anymore in the pulpit, it has faded through disuse among evangelicals and been attacked by liberal theologians. Hell is no longer only the target of those outside the church. Today, a disturbing number of professing Christians question it as well. Perhaps more than at any other time in history, hell is under fire. The implications of the historic view of hell make the popular alternatives, annihilationism and universalism, seem extremely appealing. But the bottom line is still God ’ s Word. What does the Old Testament reveal about hell? What does Paul the apostle have to say, or the book of Revelation? Most important, what does Jesus, the ultimate expression of God ’ s love, teach us about God ’ s wrath?Upholding the authority of Scripture, the different authors in Hell Under Fire explore a complex topic from various angles. R. Albert Mohler Jr. provides a historical, theological, and cultural overview of “ The Disappearance of Hell. ” Christopher Morgan draws on the New Testament to offer three pictures of hell as punishment, destruction, and banishment. J. I. Packer compares universalism with the traditional understanding of hell, Morgan does the same with annihilationism, and Sinclair Ferguson considers how the reality of hell ought to influence preaching. These examples offer some idea of this volume ’ s scope and thoroughness.Hell may be under fire, but its own flames cannot be quenched by popular opinion. This book helps us gain a biblical perspective on what hell is and why we cannot afford to ignore it. And it offers us a better understanding of the One who longs for all people to escape judgment and obtain eternal life through Jesus Christ.

Three Christian Views of God's Final Solution to the Problem of Sin Penguin
Most contemporary Christians acknowledge the doctrine of hell, but they ’ d rather not think about how God punishes the wicked. The authors of Four Views on Hell meet this subject head-on with different views on what the Scriptures say. Is hell to be understood literally as a place of eternal smoke and flames? Or are such images simply metaphors for a real but different form of punishment? Is there such a thing as “ conditional immortality, ” in which God annihilates the souls of the wicked rather than punishing them endlessly? Is there a Purgatory, and if so, how does it fit into the picture? The interactive Counterpoints forum allows the reader to see the four views on hell—literal,

metaphorical, conditional, and purgatorial—in interaction with each other. Each view in turn is presented, critiqued, and defended. This evenhanded approach is ideal for comparing and contrasting views in order to form a personal conclusion about one of Christianity ’ s key doctrines. The Counterpoints series provides a forum for comparison and critique of different views on issues important to Christians. Of all the books of the Bible, few are as fascinating or as bewildering as Revelation. Its images grip the imagination: four grim horsemen, the Antichrist, the ten-horned beast, the ultimate battle at Armageddon, and, of course, 666, the “ mark of the beast, ” variously interpreted to signify everything from Hitler and Krushchev to credit cards and the Internet. Is the book of Revelation a blueprint for the future that needs decoding if we want to understand current events? Is it a book of powerful imagery, with warnings and promises for the church throughout the ages? Or is it essentially an imaginative depiction of historical events in the first century? Four Views on the Book of Revelation explores the four main views in which Revelation is understood: preterist, idealist, classical dispensationalist futurist, and progressive dispensationalist. The interactive Counterpoints forum allows each author not only to present his view, but also to offer brief commentary on other views presented. This evenhanded approach is ideal for comparing and contrasting stances in order to form a personal conclusion about the interpretation and meaning of Revelation. The Counterpoints series provides a forum for comparison and critique of different views on issues important to Christians. Heaven's Doors . . . Exposing a 1,500-Year-Old Myth about Hell!What happens to us after we die?For the first 500 years of Church history, most Christians believed that God would ultimately redeem all of his creation. Hell was real, but it didn't last forever, and it had a positive purpose.Then beliefs changed. For the past 1,500 years we've been told that most of the billions of people who have lived on this earth will remain separated from the love and mercy of God for all eternity. The moms and dads, grandmas and grandpas, sons and daughters, relatives and friends who have not exhibited the "right kind" of faith here in this life will suffer in hell forever. But is that really true?No. The idea of hell as a place of never-ending suffering is not taught in the Bible. It's a myth that was forced on the Christian Church by a power-hungry Roman emperor, was supported by a highly respected but misinformed cleric, and has endured for centuries because it became the status quo.Heaven's Doors exposes that myth. It explains both historically and Biblically how Jesus Christ succeeded in His mission to seek and save the lost. And it shows how the doors to heaven really are wider than you ever believed!

Were the biblical Adam and Eve historical figures, or are the early events described in Genesis primarily symbolic in nature? Behind the debate of a historical Adam is the age-old debate about evolution and the agreement between Scripture and science. With an introduction that outlines the history and main points of every viewpoint from Darwinism to Young Earth Creationism, this book then clearly outlines four primary views on Adam held by evangelical Christians. Contributors include Denis O. Lamoureux, John H. Walton, C. John Collins, and William Barrick. Each focuses his essay on answering the following questions: What is the biblical case for your viewpoint, and how do you reconcile it both with modern science and with passages and potential interpretations that seem to counter it? In what ways is your view more theologically consistent and coherent than other views? What are the implications of your view for the spiritual life and public witness of the church and individual believers, and how is your view a healthier alternative for both? This book allows each contributor to not only present the case for his view, but also to critique and respond to the critiques of the other contributors, allowing you to compare their beliefs in an open forum setting to see where they overlap and where they differ. Concluding reflections by pastor-scholars Gregory A. Boyd and Philip Graham Ryken highlight the significance of the topic in the faith of everyday believers. The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair-minded and respectful of the biblical text. Each volume is a one-stop reference that allows readers to evaluate the different positions on a specific issue and form their own, educated opinion.

The Visio Pauli and the Gnostic Apocalypse of Paul Zondervan Academic

Four Views on Heaven Zondervan Academic

Will heaven be boring? How can a good and loving God send people to hell? Is there such a place as purgatory? If so, why is it necessary, if we're saved by grace? Questions about the afterlife abound. Given what is at stake, they are the most important questions we will ever consider. Recent years have seen a surge of Christian books written by people claiming to have received a glimpse of the afterlife, and numerous books, films, and TV shows have apocalyptic or postapocalyptic themes. Jerry Walls, a dynamic writer and expert on the afterlife, distills his academic writing on heaven, hell, and purgatory to offer clear biblical, theological, and philosophical grounding for thinking about these issues. He provides an ecumenical account of purgatory that is compatible with Protestant theology and defends the doctrine of eternal hell. Walls shows that the Christian vision of the afterlife illumines the deepest and most important issues of our lives, changing the way we think about happiness, personal identity, morality, and the very meaning of life.
