"[A]n irresistible tale of power and love, friendship and acceptance... Charming and insightful." — Romantic Times
Jane Madison has a problem. Or two. Or three. She has a desperate crush on her Imaginary Boyfriend, a man who doesn't know she exists. Her dotting grandmother insists she meet her long-absent mother. She's working as a librarian, trapped in absurd costumes and serving up lattes in a last-ditch effort to keep her employer solvent. In lieu of a well-deserved raise, Jane is allowed to live in an ancient cottage on the library grounds. She soon discovers a hidden chamber filled with magical books that awaken her inner witch. Her first spell releases a smart-mouthed feline familiar. Her second makes her irresistible to men. Those witchy workings draw a compelling astral enforcer, David Montrose. Will magic—and David—solve Jane's problems? Or only bring her more disasters? If you like romantic comedy, romcom, chicklit, or humorous and funny stories about libraries, librarians, witches, witchcraft, magic, fantasy, supernatural or paranormal events—like *The Ex Hex*, *Payback's a Witch*, or *Practical Magic*—you will love this book! *Magical Washington* includes *The Washington Witches Series*, the *Washington Vampires Series*, the *Washington Warders*, and the *Washington Medical: Vampire Ward Series: Girl's Guide to Witchcraft Sorcery* and the *Single Girl Magic* and the *Modern Girl Single Witch's Survival Guide* *Joy of Witchcraft Capital Magic "Dreaming of a Witch Christmas"*

Korea was a poorly developed country that was devastated during the Japanese colonial period in the early 20th century, followed by liberation, and the Korean War. In the process, there was a time when many Korean people gathered their strength to create something out of nothing in order to escape poverty. And now, Korea is standing shoulder to shoulder with developed countries. Korea has achieved not only political democratization and remarkable economic development in a relatively short period of time in recent decades, but also Korean literature is making remarkable progress toward globalization in many ways. The following essays describe various elements of rural life in Korea as a child, life in a large city in Seoul as a youth and living abroad as an adult. Before writing this essay collection, he compiled seven poetry and essay collections in Korean and English, and published them in Korea and the United States. Advance praise for Four Seasons Han-Jae Lee's, Four Seasons is an engaging collection of essays that recount the author's experiences as a native Korean coming of age in a poor rural area, going on to lead a prosperous career as a working man for a large corporation, fathering children, traveling around the globe and spending time in the United States. Lee's observations about both past and present life are touching and astute. A poet at heart, his reflections are tender and poignant, as he covers a wide range of topics, from tending a cow as a young man to his influences in literature and writing, to the old customs in Korea to new information technologies. Relationships, both intimate and professional are examined. Reading Four Seasons cover to cover, you will be entertained throughout. – Magdalena Montagne, poet-teacher The Four Seasons is a distillation of the author's life. In providing vignettes of his life both in prose and poetry, Han-Jae Lee presents the reader with the thoughts and impressions of a life rich in experience tempered by wisdom. This will not be a book that you only read once, but several times because you will always find something new and instructive in its pages. – Alexander E. Braun, author of The Adventure of the Maiden Voyage

Ministers often find themselves caught in the day-to-day pressures of leading a congregation and yearn to experience the unfolding of their professional lives from a larger perspective. Four Seasons of Ministry serves as a guide for what you will find on your ministerial journey and gives meaning to the routine and repetitive tasks of ministry. Authors Bruce G. and Katherine Gould Epperly, each of whom has over 25 years of experience in various pastoral roles, invite clergy to see their ministries in the present as part of a life-long adventure in companionship with God, their loved ones, and their congregations. There is a time and a season to every ministry. Healthy and vital pastors look for the signs of the times and the gifts of each swiftly passing season, but they also take responsibility for engaging the creative opportunities of each season of ministry. Those who listen well to the gentle rhythm of God moving through their lives and the responsibilities and challenges that attend the passing of the years, vocationally as well as chronologically, will be amazed at the beauty and truth that shapes and characterizes the development of their ministries.

The Big Guide to Living and Working Overseas Hal Leonard Corporation

Written by leading authorities in the field, this challenging book addresses complex issues of ethnicity and racial discrimination in ways that encourage further debate and analysis. Its main theme is that social work has been and remains, deeply implicated in racist policies and practices that have been locality specific, but that racism is also recognizable across borders as a phenomenon that appears everywhere. At the same time, the book focuses on innovative theories and practice which seek to promote an emancipatory social work which sets itself the goal of eradicating social injustice - particularly that applying to race. The contributors come from a wide range of countries and describe their experiences in tackling racism in social work at the levels of both theory and practice. This provides an impressive range of perspectives which cover models of social work created by people who have had to live with racism and find ways of overcoming it as well as those who have struggled to become able to express their own ethnicity without oppressing others. The concluding message of the book is a positive one - people

can create a world that goes beyond racial divides by accepting, validating and celebrating diversity while at the same time recognizing that people share many commonalities with others which can be used to establish egalitarian relationships, realize social justice and communicate effectively with each other.

So began seven years of intensive rehabilitation, re-creation, and redefining priorities and goals. Alan also faced the huge challenge of shaping a new identity and life.
