Thoughts Upon Slavery Chicago Review Press

Nominated for the National Book Award and winner of the Francis Parkman Prize. The setting for this haunting and encyclopedically researched work of history is colonial Massachusetts, where English Puritans first endeavoured to "civilize" a "savage" native populace. There, in February 1704, a French and Indian war party descended on the village of Deerfield, abducting a Puritan minister and his children. Although John Williams was eventually released, his daughter horrified the family by staying with her captors and marrying a Mohawk husband. Out of this incident, The Bancroft Prize-winning historian John Devos has constructed a gripping narrative that opens a window into North America where English, French, and Native Americans faced one another across gulfs of culture and belief, and sometimes crossed over.

The Hypocrisy of American Slavery is one of Douglass' classics.

Gabriel's Rebellion Temple University Press

This work in the MSU Press Rhetoric and Public Affairs Series chronicles Frederick Douglass's preparation for a career in oratory, his emergence as an abolitionist lecturer in 1841, and his development and activities as a public speaker and reformer from 1841 to 1845. Lampe's meticulous scholarship overturns much of the conventional wisdom about this phase of Douglass's life and career uncovering new information about his experiences as a slave and as a fugitive; it provokes a deeper and richer understanding of this renowned orator's emergence as an important voice in the crusade to end slavery. Contrary to conventional wisdom, Douglass was well prepared to become a full-time lecturer for the Massachusetts Anti-Slavery Society in 1841. His emergence as an eloquent voice from slavery was not as miraculous as scholars have led us to believe. Lampe begins by tracing Douglass's life as slave in Maryland and as fugitive in New Bedford, showing that experiences gained at this time in his life contributed powerfully to his understanding of rhetoric and to his development as an orator. An examination of his daily oratorical activities from the time of his emergence in Nantucket in 1841 until his departure for England in 1845 dispels many conventional beliefs surrounding this period, especially the belief that Douglass was under the wing of William Lloyd Garrison. Lampe's research shows that Douglass was much more outspoken and independent than previously thought and that at times he was in conflict with white abolitionists. Included in this work is a complete itinerary of Douglass's oratorical activities, correcting errors and omissions in previously published works, as well as two newly discovered complete speech texts, never before published.

Reconstruction (Illustrated) Franklin Classics

Gabriel's Rebellion tells the dramatic story of what was perhaps the most extensive slave conspiracy in the history of the American South. Douglas Egerton illuminates the complex motivations that underlay two related Virginia slave revolts: the first, in 1800, led by the slave known as Gabriel; and the second, called the 'Easter Plot,' instigated in 1802 by one of his followers. Although Gabriel has frequently been portrayed as a messianic, Samson-like figure, Egerton shows that he was a literate and highly skilled blacksmith whose primary goal was to destroy the economic hegemony of the 'merchants,' the only whites he ever identified as his enemies. According to Egerton, the social, political, and economic disorder of the Revolutionary era weakened some of the harsh controls that held slavery in place during colonial times. Emboldened by these conditions, a small number of literate slaves--most of them highly skilled artisans--planned an armed insurrection aimed at destroying slavery in Virginia. The intricate scheme failed, as did the Easter Plot that stemmed from it, and Gabriel and many of his followers were hanged. By placing the revolts within the broader context of the volatile political currents of the day, Egerton challenges the conventional understanding of race, class, and politics in the early days of the American republic.

Lincoln and Slavery University of Illinois Press

****Winner of the Pulitzer Prize in History**** "Extraordinary...a great American biography" (The New Yorker) of the most important African-American of the nineteenth century: Frederick Douglass, the escaped slave who became the greatest orator of his day and one of the leading abolitionists and writers of the era. As a young man Frederick Douglass (1818-1895) escaped from slavery in Baltimore, Maryland. He was fortunate to have been taught to read by his slave owner mistress, and he would go on to become one of the major literary figures of his time. His very existence gave the lie to slave owners: with dignity and great intelligence he bore witness to the brutality of slavery. Initially mentored by William Lloyd Garrison, Douglass spoke widely, using his own story to condemn slavery. By the Civil War, Douglass had become the most famed and widely travelled orator in the nation. In his unique and eloquent voice, written and spoken, Douglass was a fierce critic of the United States as well as a radical patriot. After the war he sometimes argued politically with younger African Americans, but he never forsook either the Republican party or the cause of black civil and political rights. In this "cinematic and deeply engaging" (The New York Times Book Review) biography, David Blight has drawn on new information held in a private collection that few other historians have consulted, as well as recently discovered issues of Douglass's newspapers. "Absorbing and even moving...a brilliant book that speaks to our own time as well as Douglass's" (The Wall Street Journal), Blight's biography tells the fascinating story of Douglass's two marriages and his complex extended family. "David Blight has written the definitive biography of Frederick Douglass...a powerful portrait of one of the most important American voices of the nineteenth century" (The Boston Globe). In addition to the Pulitzer Prize, Frederick Douglass won the Bancroft, Parkman, Los Angeles Times (biography), Lincoln, Plutarch, and Christopher awards and was named one of the Best Books of 2018 by The New York Times Book Review, The Wall Street Journal, The Boston Globe, The Chicago Tribune, The San Francisco Chronicle, and Time.

The Art of Slave Narrative Anchor

"The Slaves" is nothing but Frederick Douglass's groundbreaking autobiography and his first book "Narrative of the Life of Frederick Douglass, An American Slave, written by Himself". We have renamed the title here as "The Slaves" to keep the title short as well as to establish that Frederick Douglass is no longer a name of a particular slave born in nineteenth-century America, but a name that represents slaves of the entire world and of all time. Even though, we do not wish anyone to be born into slavery anymore like Frederick was, we have taken him as a symbol of all the slaves as a wish that all who are still in slavery may have the spirit of Frederick Douglass and fight their ways to the freedom and work to free other slaves to make the slavery history. The life of Frederick, is in one way or another, is the lives of all other slaves. Hence, we have named this version of his book "The Slaves".
