before he died. When she goes to identify him, Alex comes face to face with the spitting image of her father." "Now, a half brother she never knew she had is dead under more than mysterious circumstances. LAPD thinks it's an open-and-shut case; Alex isn't so sure. When she reconstructs her brother's final hours, she discovers he had investigated on an old LAPD serial killer case from the '70s - the River Killings. He may have come across something buried deep within the case files, something that could have gotten him killed." "As Alex gets closer to the truth of her brother's murder, her father's past comes into alarming focus, and disturbing flashbacks from her childhood start to plague her. A journeyman actor who disappeared when she was child, her father had a history of violence against women, but was he capable of murder? And is he the one in the shadows, stalking Alex's every move and leaving a body count? In a chilling turn, Alex finds that the truth is as murky and as empty as the L.A. River itself."--BOOK JACKET.
