Forthcoming Books Ford Ranger and Mazda B-series Pick-ups Automotive Repair Manual
Brembo, a leader in the development and production of high performance braking

systems is turning 60. Over the decades, the principal mission of the Italian company has been to brake to best effect the greats on two and four wheels as well as daily users of private cars and motorcycles. The history, evolution and on-going success of this prestigious Italian company are the themes of this official book, which opens with a preface by the Brembo chairman, Alberto Bombassei. The book reviews the diverse facets of the "Brembo universe": from its commitments in the automotive, motorcycling and motorsport fields to its attention to all aspects of design, always one of Brembo's strong suits, from the progressive internationalization of the company through to the particularly topical aspects of sustainable production. The contributions of the six principal authors - Vincenzo Borgomeo, Massimo Clarke, Gaetano Cocco, Patrizia

Gianguialano, Lorenzo Ramaciotti and Umberto Zapelloni - are complemented by a similar number of testimonies from figures from within the company and those who worked there at length. The Brembo "phenomenon" is also presented through a wealth of fascinating photographs, mostly drawn from the company archives, which document the unique story of a manufacturing company born in Italy and now a true icon of Italian excellence throughout the world.

Repair Manual VelocePress
If you have a small-block
Ford, then you need this
book! This detailed guide
covers the step-by-step
rebuilding process of the
popular small-block Ford
engine. Parts inspection,
diagnosis, reconditioning,
and assembly are outlined in
simple text. Hundreds of
photos, charts, and diagrams
visually walk you through the
entire rebuild. You'll be
able to completely
disassemble your engine,
recondition the block and
cylinder heads, then
reassemble and install the
engine in your vehicle.
There's even a section on how
to perform tune-ups to

maximize performance and
economy. Sections on parts
interchanging will help you
identify all parts and
determine which ones can and
can't be swapped. This is
truly a "hands-on" book.
Don't put off your project
any longer. Start rebuilding
your small-block Ford today!
