The Muncie 4-speeds, M20, M21, and M22 are some of the most popular manual transmissions ever made and continue to be incredibly popular. The Muncie was the top high-performance manual transmission GM offered in its muscle cars of the 60s and early 70s. It was installed in the Camaro, Chevelle, Buick GS, Pontiac GTO, Olds Cutlass, and many other classic cars. Many owners want to retain the original transmission in their classic cars to maintain its value. Transmission expert and veteran author Paul Cangialosi has created an indispensable reference to Muncie 4-speeds that guides you through each crucial stage of the rebuild process. Comprehensive ID information is provided, so you can positively identify the cases, shafts, and related parts. It discusses available models, parts options, and gearbox cases. Most important, it shows how to completely disassemble the gearbox, identify wear and damage, select the best parts, and complete the rebuild. It also explains how to choose the ideal gear

ratio for a particular application. Various high-performance and racing setups are also shown, including essential modifications, gun drilling the shafts, cutting down the gears to remove weight, and achieving race-specific clearances. Muncie 4-speeds need rebuilding after many miles of service and extreme use. In addition, when a muscle car owner builds a high-performance engine that far exceeds stock horsepower, a stronger high-performance transmission must be built to accommodate this torque and horsepower increase. No other book goes into this much detail on the identification of the Muncie 4-speed, available parts, selection of gear ratios, and the rebuild process.

A kingdom woman gives the devil as much reason to fear as a kingdom man. She lives confidently in the knowledge that Christ died and rose for her so that she can experience the significance of the destiny to which she has been called. In Kingdom Woman, Tony Evans and his daughter, Chrystal Evans Hurst, remind women of their calling from God to be free, delivered, healed, and hopeful. The authors bring insight that encourages women to correct distorted perceptions and understand who they really are in Christ--never settling for less when connected with the One who gives them hope. All believers are covered by God's covenant with Abraham. Evans and Hurst want women to know these rights and confidently claim and live by them. The new covenant offers more than a life of mediocrity. A kingdom woman is called and empowered to live a life of victory through Christ
