The Rock History Reader is an eclectic compilation of readings that tells the history of rock as it has been received and explained as a social and musical practice throughout its six decade history. The readings range from the vivid autobiographical accounts of such rock icons as Ronnie Spector and David Lee Roth to the writings of noted rock critics like Lester Bangs and Chuck Klosterman. It also includes a variety of selections from media critics, musicologists, fanzine writers, legal experts, sociologists and prominent political figures. Many entries also deal specifically with distinctive styles such as Motown, punk, disco, grunge, rap and indie rock. Each entry includes headnotes, which place it in its historical context. This second edition includes new readings on the early years of rhythm & blues and rock 'n' roll, as well as entries on payola, mods, the rise of FM rock, progressive rock and the PMRC congressional hearings. In addition, there is a wealth of new material on the 2000s that explores such relatively recent developments as emo, mash ups, the explosion of internet culture and new media, and iconic figures like Radiohead and Lady Gaga. With numerous readings that delve into the often explosive issues surrounding censorship, copyright, race relations, feminism, youth subcultures, and the meaning of musical value, The Rock History Reader continues to appeal to scholars and students from a variety of disciplines.

Back Roads California iUniverse

Sacred Bundles Unborn acknowledges the voices of women who have come forward and recognizes that coerced forced sterilization is happening, while establishing a narrative on this critical issue as it is currently playing out in 2021, while educating people of the dark reality of Canada's negligence of the human rights of Indigenous women and women of color, whom are at a greater risk within the health system in their most vulnerable state during pregnancy. Each piece takes a unique approach to the many overlapping aspects informing this issue from the individual writer's perspective, yet there is a thread of synergy between each piece. All are written in an accessible way as each author has eloquently and effectively spoken to the "unspoken" with integrity and grace, granting the reader as much ease as any human being can conceive in order to process this form of inhumane torture. All submissions are in the first person, whether a poem or narrative prose, in lay (non-academic) terms. "The goal of our collective, first and foremost, is the documentation of this ongoing genocide, from our perspective, in order to bring to the forefront of readers' consciousness this archaic and barbaric atrocity that continues and is not "criminalized" in Canada."

Morningstar Mercredi

Sacred Bundles Unborn Penguin

The shocking inside story of life in a biker gang, from one of Britain's top true-crime writers As a member of the international motorcycle club known as the Pagans, Daniel "Snake Dog" Boone had a ringside seat to some of the most violent biker battles ever fought. When he joined his small-town club in the early 1980s, Boone could never have imagined that the ragtag group would one day grow to become a part of the Outlaws, a major gang that would challenge the Hell's Angels for supremacy around the globe in a battle lasting decades. Through Boone's eyes, true-crime master Tony Thompson takes us into the fray, and into the heart of a shocking subculture. Outlaws is filled with outrageous stories that will have you gasping with equal parts laughter and horror.

Willie G. Davidson likes to say that he was born with gasoline in his veins and a crayon in each hand. A designer at heart, Davidson combined his passions for art and motorcycles to extend a multi-generational unbroken thread from Harley-Davidson Motorcycle Company's birth in a wooden shed in the early twentieth century to today. The grandson of one of the company's founders and the son of one of its longtime presidents, Davidson created a series of iconic designs that defined Harley-Davidson "factory custom" bikes and cemented its standing as the premier motorcycle company in the world. Davidson was instrumental in saving the company from bankruptcy and then helping it explode into a global phenomenon. For more than five decades, Davidson was more than a namesake of the founders; he was the heart and soul of Harley-Davidson and a personal connection to millions of riders around the world who knew him simply as "Willie G." Throughout his life, Davidson has embodied a close-to-the-customer relationship by attending motorcycle rallies, rides, and races with his late wife, Nancy, the "First Lady of Motorcycling," and son and daughter Bill and Karen Davidson who recently joined their famous parents by being inducted into the Sturgis Motorcycle Hall of Fame and play key roles in the Motor Company today. In *Ride Free*, Davidson recounts design, his memories of family, relationships, and events that defined his extraordinary life and legacy of power, passion, and purpose. Davidson gives readers a behind-the-scenes look at the planning, design, and conception of legendary bikes that inspired millions of riders over the past half-century; stories of his unforgettable rides around the world; the people he encountered while navigating thousands of miles on the roads; and the legacy that he and his family have created which will carry on the most famous name in motorcycles.

Axi Moore is a "good girl": She studies hard, stays out of the spotlight, and doesn't tell anyone that what she really wants is to run away from it all. The only person she can tell is her best friend, Robinson—who she also happens to be madly in love with. When Axi impulsively invites Robinson to come with her on an unplanned cross-country road trip, she breaks the rules for the first time in her life. But the adventure quickly turns from carefree to out-of-control... A remarkably moving tale with its origins in James Patterson's own past, *First Love* is testament to the power of first love--and

how it can change the rest of your life.

Discover the unexpected on your road trip with DK Eyewitness Travel Guide: Back Roads California.

Educators Guide to Free Films Motorbooks

In the early 1980s, Harley-Davidson was on the verge of bankruptcy. In the general public's opinion, quality was substandard—of both motorcycles and riders. Harleys leaked oil and were often broken down. Riders were roughnecks, out to raise hell. The Harley-Davidson brand was tarnished. What s more, the charges were true. By the mid-1980s, Harley couldn't produce enough bikes to keep the public happy. Dealers were selling bikes off the showroom floor, struggling to assuage customers frustration. And today, Harley-Davidson is a model brand. Harley-Davidson isn't just a motorcycle company anymore. It is a community, a look, a source of self-expression, an all-American appeal for freedom—all expressed in one little logo. So, what happened? How did Harley manage to pull itself from the fire, brush itself off, and ride off into the sunset? The secret: branding. Histories will tell you how Harley-Davidson closed the quality gap between Hogs and the cheaper, faster, sleeker Japanese bikes; how Harley used Japanese manufacturing methods to increase its cash flow; how Harley clawed its way back from the brink of bankruptcy. All these aspects were important to Harley s rise from the ashes, no doubt, and as such are discussed in this book. But the true power of the big, beautiful, orange and black machine that is Harley-Davidson lies in its image, the Bar and Shield, the brand.

Rebuilding the Brand: How Harley-Davidson Became King of the Road is the story of how a core group led a team of not only marketing folks but also employees, management, dealers, and vendors to rebuild the Harley-Davidson image. Told through the perspective of Clyde Fessler—who held several positions within Harley, from head of marketing services to VP of business development—Rebuilding the Brand provides dynamic branding information couched in an entertaining story. Fessler describes the methods used to create the iconic image Harley-Davidson enjoys today, methods that can be translated to nearly any industry, and explores the topics of brand experience, brand personality, brand extension, brand association, brand consistency, and brand welfare. Allworth Press, an imprint of Skyhorse Publishing, publishes a broad range of books on the visual and performing arts, with emphasis on the business of art. Our titles cover subjects such as graphic design, theater, branding, fine art, photography, interior design, writing, acting, film, how to start careers, business and legal forms, business practices, and more. While we don't aspire to publish a New York Times bestseller or a national bestseller, we are deeply committed to quality books that help creative professionals succeed and thrive. We often publish in areas overlooked by other publishers and welcome the author whose expertise can help our audience of readers.

2012-2013 Class Trip Directory Simon and Schuster

Updated and even stranger, this new edition boasts more than 400 unique destinations for tourists looking for attractions off the beaten path. Bizarre locations and landmarks include Chainsaw Gordy's Garden of Saws, Smokey Bear's head, the World's Largest Soup Kettle, the Toilet Bowl Parade, and the world's only upside-down White House. This book offers fascinating and little-known historical tidbits and answers burning questions such as Where was Liberace born? What is a hodag, and where do you catch one? Who invented the hamburger? and Will a Polka Hall of Fame ever be built? This is the real guide to Wisconsin, birthplace of the snowmobile, the typewriter, and the ice cream sundae. The address, phone number, hours, cost, directions, and website of each oddity accompany its description.

Ride Free Forever Chicago Review Press

Companies, communities, and individuals fall for many reasons, but one of the most common—and easily avoidable—is the failure to reinvent. When people and organizations rest on prior successes rather than driving purposeful transformation, they discover too late that they have lost their market position altogether to competitors and external forces. The most successful companies, brands, and individuals make reinvention a regular part of their business strategies. Transformation demands an ongoing process of discovery and imagination, and *The Road to Reinvention* lays out a systematic approach for continually challenging and reinventing yourself and your business. Venture capitalist and serial entrepreneur Josh Linkner identifies six elements in any business that are ripe for reinvention and shares examples, methods, and step-by-step techniques for creating deliberate, productive disruption. Throughout *The Road to Reinvention*, Linkner also explores the history—the great rise, unprecedented fall, and now rebirth—of his beloved hometown, Detroit. First rising to greatness as the result of breathtaking innovation, Detroit had generations of booming growth before succumbing to apathy, atrophy, and finally bankruptcy. Now, the city is rising from the ashes and driving sustainable success through an intense focus on reinvention. Linkner

brings an insider's view of this incredible story of grit, determination, and creativity, sharing his perspective on Detroit's successes and setbacks as a profound example of large-scale organizational and personal transformation. Change is inevitable. You need to decide: Will you drive that change, or be driven away by it? Will you disrupt or be disrupted? By choosing to deliberately reimagine your own status quo, you can secure a strong future for both your company and your career.
