Since its original publication in 1982, *Getting Free* has changed the lives of tens of thousands of women. Written in an accessible style, packed with practical information and answers, special exercises designed to help a woman recognize abuse, and several success stories, *Getting Free* remains an important resource today—and this updated edition makes it an all the more relevant resource. In this expanded edition, Ginny NiCarthy features important new information from the latest studies and most recent

research on the subject. New chapters include an analysis of whether batterers' treatment really works, which programs help violent men change, and which do not; the results of research on the ways that many men who batter also abuse their children, and specific reactions of children to battering; the cultural and legal issues relevant to immigrant women; and a presentation of how religious beliefs and religious communities affect the real and perceived choices of women facing violence.

Built to Thrive is about unpacking the drivers that I have noticed in the landscape that do not yet have a place in our existing vocabulary. It is about ceasing to ignore the signs and beginning to embrace the changes that are becoming more tangible with every day that passes. It is about recognizing the amplified importance of the human as a social being in this dawning age of transparency and systemic activity. The individual becomes the collective as we move into a sphere of shared value-creation, ideation and knowledge dissemination. Existing in this new business landscape is not about eliminating

the competition, but rather working together in a bid to share resources and expand far beyond what we could ever hope to achieve as individual organizations. Through Built to Thrive, I hope to open your mind and introduce you to a way of thinking that will fundamentally shift your views, and may provide a lifeline in a world where the new school will rule.
