Maintenance, Light Repair, Auto Ownership, and How Cars Work

Today's cars are complex. They have ABS, DOHC, EFI, CV, PCV, and dozens of other acronyms. How can anyone except a certified mechanic try to maintain or repair older vehicles, much less modern cars? The easiest way is to follow clear, illustrated instructions. The Complete Idiot's Guide® to Car Care and Repair Illustrated offers hundreds of helpful photos and drawings that not only describe how cars run, they also show readers exactly what to do when they don't run. Finally, readers will truly learn how to handle common repairs without a mechanic. The Complete Idiot's Guide® to Car Care and Repair Illustrated covers maintaining, troubleshooting, and repairing your car from bumper to bumper. It clearly covers selecting tools and parts, changing oil, checking transmission and steering fluids, replacing filters, troubleshooting engine noises, installing brakes, fixing door dings, and keeping the car's battery alive longer.

A Worry-free Guide to Car Troubles, Trials & Travels

Auto Repair For Dummies, 2nd Edition (9781119543619) was previously published as Auto Repair For Dummies, 2nd Edition (9780764599026). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. The top-selling auto repair guide--400,000 copies sold--now extensively reorganized and updated Forty-eight percent of U.S. households perform at least some automobile maintenance on their own, with women now accounting for one third of this \$34 billion automotive do-it-yourself market. For new or would-be do-it-yourself mechanics, this illustrated how-to guide has long been a must and now it's even better. A complete reorganization now puts relevant repair and maintenance information directly after each automotive system overview, making it much easier to find hands-on fix-it instructions. Author Deanna Sclar has updated systems and repair information throughout, eliminating discussions of carburetors and adding coverage of hybrid and alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included driving tips that can save on maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional mechanic. For anyone who wants to save money on car repairs and maintenance, this book is the place to start.

Deanna Sclar (Long Beach, CA), an acclaimed auto repair expert and consumer advocate, has contributed to the Los Angeles Times and has been interviewed on the Today show, NBC Nightly News, and other television programs.

Auto Upkeep

Make a good income as a self-employed mobile mechanic. If you already know how to fix a car, you're way ahead of most people. All you need now is the business knowledge and expertise to turn your skill and talent into money. This book has that information, all in a simple, direct, easy-to-follow format. This book is a complete, step-by-step

guide to making extra money for yourself as a self-employed, mobile mechanic. I take you through it step-by-step. I even include a list of car parts vendors I use for my own car repair business, and sample forms for a work order and a mechanic's lien. What's the best way to advertise? How to show customers that you're a professional? How to decode a car's VIN number? Do you need to set up a corporation? Should you accept credit cards? How can you get customers coming back? I answer all these questions, and much more, in this informative book. Work when you want, how you want. Do what you enjoy doing anyway, working on cars, and make \$100 here, \$500 there... does that sound like the kind of money that you could use? My name is Steve Sorensen. I was a high-level business strategy consultant who left the corporate world to start and run a chain of car repair shops. I know business, I know car repair, and I want you to succeed. I have counseled many of my friends, and even my employees, on starting their own self-employed mechanic businesses, and now I'm sharing that knowledge with you. Everything in this book is original information I wrote myself just for this book. There's no ghost writer. I don't outsource anything. I wrote it myself. This information is not published or available anywhere else. There is no copy-and-paste here, and no meaningless diagrams or screenshots. Everything is pure instructoins on how to go from being someone who can fix a car to someone who is making real money, every day, from fixing cars.
