It is campaigned by legendary drivers such as Dale Jarrett, Mark Martin, Ricky Rudd, Jeff Burton, and 2003 series champion Matt Kenseth. This book explains in technical detail all the nuances and differences between the street version and race version, including the chassis and roll cage, the suspension, steering and brakes, the engine and drive train, engine support systems, and the interior and body. The new RaceCarTech Series of books features a level of very useful technical detail sought not only by the enthusiast, but also by the model car builder.
