 Haynes Manuals N. America, Incorporated
 This blistering novel—from the
 bestselling, Pulitzer Prize – winning author of
 The Road—returns to the Texas-Mexico border,
 setting of the famed Border Trilogy. The time
 is our own, when rustlers have given way
 to drug-runners and small towns have
 become free-fire zones. One day, a good old boy
 named Llewellyn Moss finds a pickup truck
 surrounded by a bodyguard of dead men.
 A load of heroin and two million dollars in cash
 are still in the back. When Moss takes the
 money, he sets off a chain reaction of
 catastrophic violence

that not even the law – in the person of aging, disillusioned Sheriff Bell – can contain. As Moss tries to evade his pursuers – in particular a mysterious mastermind who flips coins for human lives – McCarthy simultaneously strips down the American crime novel and broadens its concerns to encompass themes as ancient as the Bible and as bloodily contemporary as this morning ' s headlines. No Country for Old Men is a triumph.
