National Protection for National Citizens, 1873 to 1880 is the third of six planned volumes of *The Selected Papers of Elizabeth Cady Stanton and Susan B. Anthony*. The entire collection documents the friendship and accomplishments of two of America's most important social and political reformers. Though neither Stanton nor Anthony lived to see passage of the Nineteenth Amendment in 1920, each of them devoted fifty-five years to the cause of woman suffrage. The third volume of the *Selected Papers of Elizabeth Cady Stanton and Susan B. Anthony* opens while woman suffragists await the decision of the U.S. Supreme Court in cases testing whether the Constitution recognized women as voters within the terms of the Fourteenth and Fifteenth Amendments. At its close they are pursuing their own amendment to the Constitution and pressing the presidential candidates of 1880 to speak in its favor. Through their letters, speeches, articles, and diaries, the volume recounts the national careers of Elizabeth Cady Stanton and Susan B. Anthony as popular lecturers, their work with members of Congress to expand women's rights, their protests during the Centennial Year of 1876, and the launch that same year of their campaign for a Sixteenth Amendment.

Classic Books Library presents this brand new edition of "The Federalist Papers", a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. "The Federalist", as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyse the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755–1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation's finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.
