Capitalist Nigger is an explosive and jarring indictment of the black race. The book asserts that the Negroid race, as naturally endowed as any other, is culpably a non-productive race, a consumer race that depends on other communities for its culture, its language, its feeding and its clothing. Despite enormous natural resources, blacks are economic slaves because they lack the 'devil-may-care' attitude and the 'killer instinct' of the Caucasian, as well as the spider web mentality of the Asian. A *Capitalist Nigger* must embody ruthlessness in pursuit of excellence in his drive towards achieving the goal of becoming an economic warrior. In putting forward the idea of the *Capitalist Nigger*, Chika Onyeani charts a road to success whereby black economic warriors employ the 'Spider Web Doctrine' -- discipline, self-reliance, ruthlessness -- to escape from their victim mentality. Born in Nigeria, Chika Onyeani is a journalist, editor and former diplomat.
