Computerworld John Wiley & Sons

Entertainment studies are an important emerging subject in tourism, and this introductory textbook provides a detailed overview of the entertainment industry discipline in order to prepare students for roles such as promoters, festival managers and technical support workers. Covering key aspects of entertainment by profiling individual sectors, each chapter is written by an expert working in the field and covers the history and background, products and segmentation, contemporary issues, micro and macro business, environmental influences, detailed case studies and future directions of that sector. It will be an essential text for undergraduate students in entertainment management, events management and related tourism subjects.

Welcome to this book of the Mon Mac & Moi collection dedicated to iMovie 11 ! In its new version, Apple proposes a more efficient and friendly application dedicated to the achievement and sharing of your movies while keeping the advantages which made its success: simplicity and immediacy. Whether you are a beginner or a longtime user, we propose to get more from your home movies or your holidays and friends memories.

Throughout the pages of this book, you will learn how to manage a project from beginning to end: import from your camera, share on DVD or Facebook and embed images and add sound. You will also discover how to quickly and simply create exciting films through assisted editing functions such as themes, trailers or instant effects. You will also be able to control and enhance your film thanks to the many advanced tools and the new modes of audio editing available.
