Kawasaki KZ650 Four Owners Workshop

Manual, No. M373 Haynes Publishing

Kawasaki Z1, Z/KZ900 & Z/KZ1000 is for all

owners and enthusiasts of the legendary

Kawasaki Z1 900, Z/KZ900 and Z1000 built

between 1972 and 1980. The book covers the

complete restoration of a 1976 KZ900, from

the sourcing of the bike to its completion as a

fully restored machine. Every area is covered

starting with advice on the different models,

spares availability, and where best to source a

bike to restore. Every area of the restoration is

then covered in full detail including the engine,

frame, gearbox, wheels, suspension and

forks, brakes, ancillaries, bodywork and

electrics, accompanied by hundreds of clear

color photos to illustrate the text. Additional

work on a 1974 Z1A model adds

complementary information. What really sets

this manual apart, however, is the style in

which it is written: not as some dull and

distant workshop manual but in a friendly,

humorous manner by an enthusiast of many

years who is able to involve and entertain the

reader, as well as guiding them through the

restoration process. This is the third

restoration guide from Chris Rooke, whose

previous works have been a massive hit with

mechanics, enthusiasts and restorers

throughout the world.
