The stunning sequel to the #1 New York Times bestseller Dear Martin. Incarcerated teen Quan writes letters to Justyce about his experiences in the American juvenile justice system. Perfect for fans of Jason Reynolds and Angie Thomas. In the highly anticipated sequel to her New York Times bestseller, Nic Stone delivers an unflinching look into the flawed practices and silenced voices in the American juvenile justice system. Vernell LaQuan Banks and Justyce McAllister grew up a block apart in the Southwest Atlanta neighborhood of Wynwood Heights. Years later, though, Justyce walks the illustrious halls of Yale University . . . and Quan sits behind bars at the Fulton Regional Youth Detention Center. Through a series of flashbacks, vignettes, and letters to Justyce--the protagonist of Dear Martin--Quan's story takes form. Troubles at home and misunderstandings at school give rise to police encounters and tough decisions. But then there's a dead cop and a weapon with Quan's prints on it. What leads a bright kid down a road to a murder charge? Not even Quan is sure. An insider view of an urban subculture! While much of the literature on police analyzes critically what they do, few works address issues of how police officers feel about their chosen profession, their worldview, or their visions. This refreshingly original and unique ethnographic contribution by anthropologist Joan Barker exposes the human element rarely seen by non-police officers working for the often-controversial L.A.P.D. During her twenty years of fieldwork, Barker gathered valuable information through formal, in-depth interviews and firsthand experiences, distilling her findings into an illuminating, coherent account. She discovers that five phases of occupational socialization normatively mold officers experiences and perceptions. Fleshing out her discussion is the compelling narrative of Fred, a traditional officer whose authentic voice reveals feelings and attitudes that manifest the essence of the human who does the job of policing. An insider view of an urban subculture usually known only from its public presentation.

#1 NEW YORK TIMES BESTSELLER • Brené Brown has taught us what it means to dare greatly, rise strong, and brave the wilderness. Now, based on new research conducted with leaders, change makers, and culture shifters, she's showing us how to put those ideas into practice so we can step up and lead. Don't miss the five-part HBO Max docuseries Brené Brown: Atlas of the Heart! NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG Leadership is not about titles, status, and wielding power. A leader is anyone who takes responsibility for recognizing the potential in people and ideas, and has the courage to develop that potential. When we dare to lead, we don't pretend to have the right answers; we stay curious and ask the right questions. We don't see power as finite and hoard it; we know that power becomes infinite when we share it with others. We don't avoid difficult conversations and situations; we lean into vulnerability when it's necessary to do good work. But daring leadership in a culture defined by scarcity, fear, and uncertainty requires skill-building around traits that are deeply and uniquely human. The irony is that we're choosing not to invest in developing the hearts and minds of leaders at the exact same time as we're scrambling to figure out what we have to offer that machines and AI can't do better and faster. What can we do better? Empathy, connection, and courage, to start. Four-time #1 New York Times bestselling author Brené Brown has spent the past two decades studying the emotions and experiences that give meaning to our lives, and the past seven years working with transformative leaders and teams spanning the globe. She found that leaders in organizations ranging from small entrepreneurial startups and family-owned businesses to nonprofits, civic organizations, and Fortune 50 companies all ask the same question: How do you cultivate braver, more daring leaders, and how do you embed the value of courage in your culture? In this new book, Brown uses research, stories, and examples to answer these questions in the no-BS style that millions of readers have come to expect and love. Brown writes, "One of the most important findings of my career is that daring leadership is a collection of four skill sets that are 100 percent teachable, observable, and measurable. It's learning and unlearning that requires brave work, tough conversations, and showing up with your whole heart. Easy? No. Because choosing courage over comfort is not always our default. Worth it? Always. We want to be brave with our lives and our work. It's why we're here." Whether you've read Daring Greatly and Rising Strong or you're new to Brené Brown's work, this book is for anyone who wants to step up and into brave leadership.

A heartbreaking and powerful story about a black boy killed by a police officer, drawing connections through history, from award-winning author Jewell Parker Rhodes. Only the living can make the world better. Live and make it better. Twelve-year-old Jerome is shot by a police officer who mistakes his toy gun for a real threat. As a ghost, he observes the devastation that's been unleashed on his family and community in the wake of what they see as an unjust and brutal killing. Soon Jerome meets another ghost: Emmett Till, a boy from a very different time but similar circumstances. Emmett helps Jerome process what has happened, on a journey towards recognizing how historical racism may have led to the events that ended his life. Jerome also meets Sarah, the daughter of the police officer, who grapples with her father's actions. Once again Jewell Parker Rhodes deftly weaves historical and socio-political layers into a gripping and poignant story about how children and families face the complexities of today's world, and how one boy grows to understand American blackness in the aftermath of his own death.
