The Official Vintage Guitar magazine Price Guide 2021 Information You Need - Now More Than Ever! The last year has been a big bag of crazy. How did it affect the values of your favorite gear?

Thirty-two years of publication proves The Guide is your most-trusted source. Knowledge and information are vital in the dynamic world of collectible guitars and gear, and no source provides it better than The Official Vintage Guitar Price Guide. With listings for more than 2,000 brands along with 1,100 photos and 215,000 copies sold, this book is the industry's hands-down leading source of pricing information on guitars, basses, amps, effects, lap steels, steels, and ukuleles all in one book!

Flying Magazine Hal Leonard

Increasingly, employees of regulatory bodies, law enforcement agencies and others who are not trained forensic accountants or experienced investigators find themselves responsible for conducting what amount to financial investigations. An engineer who oversees the cleanup of

a toxic waste site might need to track down the former owners of the site to find the polluter. Perhaps the applicable licensing agency receives a complaint that an attorney mishandled a client's money. Maybe it's the attorney who needs help finding the assets with which a client's former spouse has absconded. Training in investigation techniques tends to be very limited for many employees. Training on how to find information without incurring significant expense is virtually nonexistent. This book helps fill the void. An Introduction to Internet-Based Financial Investigations will help anyone who conducts financial investigations as part of their job to reduce their

dependence on trial and error by showing them where and how to look. Using clear sections describing how to approach an investigation, including the ethical perspective; what to look for and what you find; what free and low cost internet resources are available to support investigations; and how to assemble and present the results of investigations, Kimberly Goetz guides students and beginning investigators through the complex world of financial investigations.

Rare Record Price Guide 2020 The Official Price Guide to Old Books

Billed as the "biggest, most useful Red Book ever," the Deluxe Edition measures 7 x 10 inches and has 1,504 pages. The larger size and increased page count combined make the Deluxe Edition five times bigger than the regular-edition Red Book. It prices 8,018 items in up to 12 grades each, with 50,205 individual values and 16,667 auction records covering circulated, Mint State, and Proof coinage. The book is illustrated with 5,753 images. The Deluxe Edition covers American coinage from New England colonial times to the modern

day--half cents through \$20 gold double eagles, plus bullion, commemoratives, Proof and Mint sets, significant tokens and medals, error coins, and other numismatic collectibles. It follows the basic structure of the regular-edition Red Book, but each chapter is dramatically expanded with more historical information, more die varieties, detailed grading instructions with enlarged full-color illustrations, specialized advice on strike characteristics and other technical details, market analysis, and valuable guidance on collecting and investing in rare coins. The book's Senior Editor is Kenneth Bressett, Valuations Editor is Jeff Garrett, and Research Editor is Q. David Bowers. A 57-page introduction, "The Story of American Money," is based on the work of the late Dr. Richard Doty, senior curator of the National Numismatic Collection at the Smithsonian. Each year, the new Deluxe Edition will feature an in-depth focus on one or more coin series. The first edition includes a special 364-page section on copper half cents and large cents written by Q. David Bowers, with images, history, diagnostics, and pricing for 832 die varieties, 1793-1857. For federal coins,

detailed charts show each mintage; a summary of certified population data; average national retail prices in grades ranging from About Good to high Mint State and Proof; and three or more recent auction records for most coins. Enlarged close-ups of die varieties provide visual guidance. Extensive chart notes give the back stories and additional details on significant coins. "This is the biggest numismatic reference Whitman has ever created," said publisher Dennis Tucker. "Many of the Deluxe Edition's chapters could be standalone books themselves. The section on commemorative coins is 146 pages long. Pre-federal coins and tokens from the 1600s to the 1790s span 56 pages. U.S./Philippine coins of World War II and earlier are given a detailed 30-page treatment. And 364 pages of half cents and large cents are enough to make every reader a smarter buyer and collector." Special appendices include illustrated essays on misstrikes and error coins; rare and collectible numismatic books; bullion values of common-date silver and gold coins; the top 250 coin prices realized at auction; grading standards for U.S. coins; coin

cleaning, preservation, and conservation; counterfeit coins in today's marketplace; the dynamics of the rare-coin market; predicting the rare-coin market; and techniques of smart bidding at auction.

Flying Magazine Sheridan House, Inc.

If you want to know the value of your antiques - or find out how the antiques market is faring - the world's bestselling antiques price guide is the place to look. Miller's Antiques Handbook & Price Guide remains the essential and trusted guide to the antiques market. It has earned the reputation of being the book no dealer, collector or auctioneer should be without. Compiled by Judith Miller, world-renowned antiques expert and co-founder of the book, the guide features more than 8,000 antiques.

Comprehensive sections cover ceramics, furniture, glass, silver and metalwares, jewellery and objets de vertu, clocks and watches, books,

Oriental antiques, textiles, toys, decorative arts and Modern Classics. Special features explain why one piece is worth more than another, show how to value an item and teach you to be your own valuer. Biographies of designers and factories give the background information you need to help date and value objects, while special 'Judith Picks' sections give fascinating background and valuation details for particularly interesting or unusual objects.

The 2022 Kovels' Antiques and Collectibles Price Guide is the most complete and best-illustrated price guide available -- with 11,500 listings and more than 3,000 full-color photographs -- from the most trusted name in the industry. The Kovels are the most trusted source for both the casual and expert collector. With 11,500 actual

prices and 3,000 full-color photographs, the guide also features exceptionally well-organized, wide-ranging, and up-to-the-minute information, and includes more tips, marks, logos, and photographs than any other competitive title. Kovels' is the only guide with prices based on actual sales from the previous calendar year, never estimates. Unlike other guides, which focus almost exclusively on English or high-priced items, Kovels' covers all American and international items and includes reasonably-priced goods. The book is organized by categories most sought-after by collectors, including depression glass, dolls, jewelry, furniture, porcelain, and sports memorabilia. Indexes, cross-references, and expert commentary throughout empower

readers to collect with confidence and price their own antiques.

Flying Magazine

Do you know what your John James Audubon bird and mammal prints are worth? Do you even know if they are authentic or cheap reproductions? Noted Audubon expert, Ron Flynn, has researched and compiled this important reference resource for the Audubon collector. Information about each Audubon edition is given in individual chapters, along with detailed Price Guide tables with market values for every print in the following original antique Audubon editions: Havell, Bien, Imperial Folio, Octavo Birds and Octavo Quads, plus the modern Amsterdam, Abbeville, Leipzig and Loates Editions. Realized eBay auction prices are included in the Price Guides for those editions

commonly sold on that Internet site. Other chapters deal with: identifying and authenticating prints, buying and selling Audubon prints, and buying and selling on eBay. Mr. Flynn provides a list of his recommended Audubon dealers. Finally, there are chapters covering: matting and framing, print storage and care, and print conservation and restoration.
