*McGraw-Hill's Proofreading Handbook* John Wiley & Sons  
A fun, user-friendly guide that takes the confusion out of writing essays and papers for students of all ages. Unlike other books that are so full of technical jargon that they confuse more than help, *Homework Helpers: Essays and Term Papers* uses straightforward language and simple steps to guide students through the essay-writing process. *Homework Helpers: Essays and Term Papers*:  
• Describes in detailed "plain English" each element and step involved in writing a dozen different types of essays.  
• Includes a rough, edited, and final draft sample of each type of essay discussed.  
• Explains the necessity of proofreading and citing sources, providing tips and instruction on how to accomplish these tasks.  
• Presents step-by-step instructions on how to write a great SAT essay.  
• Discusses what students can expect when they reach college-level courses. Students of all ages can find help in writing essays for every major subject in high school or college. Neophytes will find guidance on the basics, while those further along in their educational career can adapt the detailed instructions for more in-depth assignments.

*Proofreading Power: Skills & Drills* Greystone Books Ltd  
Every business owner needs a marketing strategy in order to compete effectively. Written specifically for proofreaders and editors, this book guides the inexperienced marketer through the core principles of small-business promotion. Part I focuses on the core concepts that should underpin the editorial freelancer's marketing strategy; Part II addresses specific promotional activities, and how to apply the concepts learned in Part I in order to maximize the impact of these activities. Each chapter is supplemented with mini case studies that demonstrate real-world practice. Part III offers a fictive sample marketing plan, using the example of a new entrant to the field, while Part IV concludes with a list of professional resources, including blogs, knowledge centres and resource hubs; related reading; tools and software; and professional directories and editorial societies. Successful marketing leads to an expansion of opportunity, and with opportunity comes choice. Premised on the concept of being interesting and discoverable, the author aims to help proofreaders and editors promote themselves into a position where they can grow their businesses, choose their preferred clients, and achieve their desired work flow and revenue stream.

*Successful College Writing* Springer

The International Bestseller "This book blew my mind. More importantly, it made financial independence seem achievable. I read *Financial Freedom* three times, cover-to-cover." —Lifehacker Money is unlimited. Time is not. Become financially independent as fast as possible. In 2010, 24-year old Grant Sabatier woke up to find he had \$2.26 in his bank account. Five years later, he had a net worth of over \$1.25 million, and CNBC began calling him "the Millennial Millionaire." By age 30, he had reached financial independence. Along the way he uncovered that most of the accepted wisdom about money, work, and retirement is either incorrect, incomplete, or so old-school it's obsolete. *Financial Freedom* is a step-by-step path to make more money in less time, so you have more time for the things you love. It challenges the accepted narrative of spending decades working a traditional 9 to 5 job, pinching pennies, and finally earning the right to retirement at age 65, and instead offers readers an alternative: forget everything you've ever learned about money so that you can actually live the life you want. Sabatier offers surprising, counter-intuitive advice on topics such as how to:  
\* Create profitable side hustles that you can turn into passive income streams or full-time businesses  
\* Save money without giving up what makes you happy  
\* Negotiate more out of your employer than you thought possible  
\* Travel the world for less  
\* Live for free--or better yet, make money on your living situation  
\* Create a simple, money-making portfolio that only needs minor adjustments  
\* Think creatively--there are so many ways to make money, but we don't see them. But most importantly, Sabatier highlights that, while one's ability to make money is limitless, one's time is not. There's also a limit to how much you can save, but not to how much money you can make. No one should spend precious years working at a job they dislike or worrying about how to make ends meet. Perhaps the biggest surprise: You need less money to "retire" at age 30 than you do at age 65. *Financial Freedom* is not merely a laundry list of advice to follow to get rich quick--it's a practical roadmap to living life on one's own terms, as soon as possible.

Why you need a writing revolution in your classroom and how to lead it  
*The Writing Revolution (TWR)* provides a clear method of instruction that you can use no matter what subject or grade level you teach. The model, also known as *The Hochman Method*, has demonstrated, over and over, that it can turn weak writers into strong communicators by focusing on specific techniques that match their needs and by providing them with targeted feedback. Insurmountable as the challenges faced by many students may seem, *The Writing Revolution* can make a dramatic difference. And the method does more than improve writing skills. It also helps: Boost reading comprehension Improve organizational and study skills Enhance speaking abilities Develop analytical capabilities  
*The Writing Revolution* is as much a method of teaching content as it is a method of teaching writing. There's no separate writing block and no separate writing curriculum. Instead, teachers of all subjects adapt the TWR strategies and activities to their current curriculum and weave them into their content instruction. But perhaps what's most revolutionary about the TWR method is that it takes the mystery out of learning to write well. It breaks the writing process down into manageable chunks and then has students practice the chunks they need, repeatedly, while also learning content.

*The Making of You* Currency

Can you catch mistakes in your own writing? Can you identify and correct common writing errors? Would you like to become an effective proofreader for personal growth or profit? Before you write a book, launch a business or start a side-hustle, you must learn to produce error-free writing. *The Writing Revolution* Penguin

A quirky and inspired guide to your very own origin story. This enlightening and irresistible book for adults explains how you were made—not with the standard euphemisms told to us as children, but with vivid, exacting prose that unveils all the complex processes we never knew produced human life. With a brilliant talent for thoughtful, charming science writing, Katharina Vestre takes us from cell to human and shares surprising facts along the way—such as that sperm have a sense of smell and that hiccups were likely inherited from our ancient, underwater ancestors. She also shows why gender is more complicated than we think and reveals the questions scientists still ponder about how we came to be. A miniature drama of cosmic significance, this is the incredible story of you.

Multigenerational Online Behavior and Media Use: Concepts, Methodologies, Tools, and Applications Sterling Publishing Company

Continuously evolving to address the needs of today's students, *THE HODGES HARBRACE HANDBOOK*, 19th Edition, guides student writers in developing their understanding of the rhetorical situation. This understanding enables even those students with minimal experience or confidence in their writing to learn to write more effectively--to choose the most pertinent information, arrange it well, and use the most appropriate language when writing for an audience. This grammar-first handbook provides comprehensive coverage of grammar, style, punctuation, mechanics, writing, and research--all presented in the context of rhetorical concerns, including the writer, reader, message, context, and purpose. Like all of its predecessors, the nineteenth edition provides both teachers and students the ease of reference and attention to detail that have made the HARBRACE handbooks THE standard of reliability since 1941. This edition has been updated to reflect guidelines from the 2016 MLA HANDBOOK, Eighth Edition. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Propaganda, Communication and Public Opinion SAGE

The author of the New York Times Bestseller *THE \$100 STARTUP*, shows how to launch a profitable side hustle in just 27 days. To some, the idea of quitting their day job to start a business is exhilarating. For others, it's terrifying. After all, a job that produces a steady paycheck can be difficult to give up. But in a time when businesses have so little loyalty to employees that the very notion of "job security" has become a punchline, wouldn't it be great to have an additional source of income to fall back on? And wouldn't it be great to make that happen without leaving your day job? Enter the Side Hustle. Based on detailed information from hundreds of case studies, Chris Guillebeau provides a step-by-step guide that anyone can use to create and launch a profitable project in less than a month. Designed for the busy and impatient, this plan will have you generating income immediately, without the risk of throwing yourself head first into the world of entrepreneurship. Whether you just want to make some extra money, or start something that may end up replacing your day job entirely, the side hustle is the new job security. When you generate income from multiple sources, it gives you options, and in today's world, options aren't just nice to have: they're essential. You don't need entrepreneurial experience to launch a profitable side hustle. You don't need a business degree, know how to code, or be an expert marketer. And you certainly don't need employees or investors. With this book as your guide, anyone can learn to build a fast track to freedom.

Suggestions to Medical Authors and A.M.A. Style Book Cengage Learning

This book discusses the main legal questions raised by free and open source software (FOSS) licenses and other alternative license models, such as Creative Commons. The legal questions raised by FOSS and other alternative licenses have been the subject of an intense international debate among legal scholars and practising lawyers in the last years. Courts in different jurisdictions have confirmed that the core features of FOSS licenses are compliant with the respective applicable laws and thus enforceable in the respective jurisdictions. What is still missing so far is an in-depth comparative analysis of the legal issues raised by FOSS, Creative Commons and other alternative license on a worldwide scale. This book presents a general report on FOSS licenses and alternative license models to establish common ground and enable comparison between jurisdictions. The general report is followed by 24 national reports covering the world's most important IT-markets. General and national reports use the same structure to facilitate the comparison. The book shows that despite the differences in their origins, all FOSS projects use detailed licenses for the organisation of their communities. It also shows the differences in the proofing of these licenses by courts in some jurisdictions and the tailor-made provisions established by some legislators to solve the legal issues raised by the license model.

Copyediting and Proofreading For Dummies John Wiley & Sons

This fiction-editing guide shows authors and editors how to recognize shown and told prose, and avoid unnecessary exposition. Louise Harnby, a fiction editor, writer and course developer, teaches you how to identify stylistic problems and craft solutions that weave showing and telling together, and understand why there's no place for 'don't tell' in strong writing. Topics include: Shown and told prose in different scenarios; the relevance of viewpoint; when exposition serves story and deepens character; and tools that help writers add texture.
