With the 1987 model refresh,  
the Ford F-Series became the  
first truck to feature  
standard rear antilock  
brakes. In addition to the  
F-150, F-250, and F-350, Ford  
also offered the F-Super  
Duty, essentially a  
cab/chassis-only version of  
the F-450 that could  
accommodate a range of  
aftermarket truck beds  
depending on its intended  
use.
