The Mutiny of the Elsinore, 20 000 Leagues under the Sea, The Sea-Hawk, Captain Blood, The Pirate... ECW Press

First published in 1943, *The Little Prince* by Antoine de Saint-Exupéry has been translated into more than 250 languages, becoming a global phenomenon. The Sahara desert is the scenery of Little Prince's story. The narrator's plane has crashed there and he has scarcely some food and water to survive. Trying to comprehend what caused the crash, the Little Prince appears. The serious blonde little boy asks to draw him a sheep. The narrator consents to the strange fellow's request. They soon become friends and the Little Prince informs the pilot that he is from a small planet, the asteroid 325, talks to him about the baobabs, his planet volcanoes and the mysterious rose that grew on his planet. He also talks to him about their friendship and the lie that evoked his journey to other planets. Often puzzled by the grown-ups' behavior, the little traveler becomes a total and eternal symbol of innocence and love, of responsibility and devotion. Through him we get to see how insightful children are and how grown-ups aren't. Children use their heart to feel what's really important, not the eyes. Heart-breaking, funny and thought-provoking, it is an enchanting and endlessly wise fable about the human condition and

the power of imagination. A book about both childhood and can truly call home.

adulthood, it can be read as a parable, a war story, a classic children's fairy-tale, and many more things besides: *The Little Prince* is a book for everyone; after all, all grown-ups were children once.

—Publishers Weekly The forecast is calling for a reluctant homecoming and regrettable decisions with a strong chance of romance... When Sonny Dunes, a SoCal meteorologist whose job is all sunshine and seventy-two-degree days, is replaced by a virtual meteorologist that will never age, gain weight or renegotiate its contract, the only station willing to give the fifty-year-old another shot is the very place Sonny's been avoiding since the day she left for college—her northern Michigan hometown. Sonny grudgingly returns to the long, cold, snowy winters of her childhood...with the added humiliation of moving back in with her mother. Not quite an outsider but no longer a local, Sonny finds her past blindsiding her everywhere: from the high school friends she ghosted, to the former journalism classmate and mortal frenemy who's now her boss, to, most keenly, the death years ago of her younger sister, who loved the snow. To distract herself from the memories she's spent her life trying to outrun, Sonny throws herself headfirst into covering every small-town winter event to woo a new audience, made more bearable by a handsome widower with optimism to spare. But with someone trying to undermine her efforts to rebuild her career, Sonny must make peace with who she used to be and allow her heart to thaw if she's ever going to find a place she

Things Will Never be the Same Random House Wuthering Heights is the name of Mr. Heathcliff's dwelling. "Wuthering" being a significant provincial adjective, descriptive of the atmospheric tumult to which its station is exposed in stormy weather. Pure, bracing ventilation they must have up there at all times, indeed: one may guess the power of the north wind blowing over the edge, by the excessive slant of a few stunted firs at the end of the house; and by a range of gaunt thorns all stretching their limbs one way, as if craving alms of the sun. Happily, the architect had foresight to build it strong: the narrow windows are deeply set in the wall, and the corners defended with large jutting stones. Before passing the threshold, I paused to admire a quantity of grotesque carving lavished over the front, and especially about the principal door; above which, among a wilderness of crumbling griffins and shameless little boys, I detected the date 1500, and the name Hareton Earnshaw. I would have made a few comments, and requested a short history of the place from the surly owner; but his attitude at the door appeared to demand my speedy entrance, or complete departure, and I had no desire to aggravate his impatience previous to inspecting the penetralium. One stop brought us into the family sitting-room, without any introductory lobby or passage: they call it here "the house" pre-eminently. It includes kitchen and parlour, generally; but I believe at Wuthering Heights the kitchen is forced to retreat altogether into another quarter: at least I distinguished a chatter of tongues, and a clatter of culinary utensils, deep within; and I observed no signs of roasting, boiling, or baking, about the huge fireplace; nor any glitter of copper saucepans and tin cullenders on the walls. One end, indeed, reflected splendidly both light and heat from ranks of immense pewter dishes, interspersed with silver jugs and tankards,

towering row after row, on a vast oak dresser, to the very roof. The latter had never been under-drawn: its entire anatomy lay bare to an inquiring eye, except where a frame of wood laden with oatcakes and clusters of legs of beef, mutton, and ham, concealed it. Above the chimney were sundry villainous old guns, and a couple of horse-pistols: and, by way of ornament, three gaudily-painted canisters disposed along its ledge. The floor was of smooth, white stone; the chairs, high-backed, primitive structures, painted green: one or two heavy black ones lurking in the shade. In an arch under the dresser reposed a huge, liver-coloured bitch pointer, surrounded by a swarm of squealing puppies; and other dogs haunted other recesses.

A Novel Little Brown & Company

Eusebius praises the pastoral fidelity of the primitive pastors, in their unwearied labours to protect their flocks from the heresies with which Satan contrived to endanger the souls of believers. By exhortations and admonitions, and then again by oral discussions and refutations, contending with the heretics themselves, they were prompt to ward off the devouring beasts from the fold of Christ. Such is the praise due to Theophilus, in his opinion; and he cites especially his lost work against Marcion as "of no mean character." He was one of the earliest commentators

upon the Gospels, if not the first; and he seems to have been the earliest Christian historian of the Church of the Old Testament. His only remaining work, here presented, seems to have originated in an "oral discussion," such as Eusebius instances. But nobody seems to accord him due praise as the founder of the science of Biblical Chronology among Christians, save that his great successor in modern times, Abp. Usher, has not forgotten to pay him this tribute in the Prolegomena of his *Annals*.

In boyhood, Louis Zamperini was an incorrigible delinquent. As a teenager, he channeled his defiance into running, discovering a prodigious talent that had carried him to the Berlin Olympics. But when World War II began, the athlete became an airman, embarking on a journey that led to a doomed flight on a May afternoon in 1943. When his Army Air Forces bomber crashed into the Pacific Ocean, against all odds, Zamperini survived, adrift on a foundering life raft. Ahead of Zamperini lay thousands of miles of open ocean, leaping sharks, thirst and starvation, enemy aircraft, and, beyond, a trial even greater. Driven to the limits of endurance, Zamperini would answer desperation with ingenuity; suffering with hope, resolve, and humor; brutality with rebellion. His fate, whether triumph or tragedy, would be suspended on the fraying wire of his will.
