Writing an amazing college admission essay is easier than you think! So you're a high school senior given the task of writing a 650-word personal statement for your college application. Do you tell the story of your life, or a story from your life? Do you choose a single moment? If so, which one? The options seem endless. Lucky for you, they're not. College counselor Ethan Sawyer (aka The College Essay Guy) will show you that there are only four (really, four!) types of college admission essays. And all you have to do to figure out which type is best for you is answer two simple questions: 1. Have you experienced significant challenges in your life? 2. Do you know what you want to be or do in the future?

• With these questions providing the building blocks for your essay, Sawyer guides you through the rest of the process, from choosing a structure to revising your essay, and answers the big questions that have probably been keeping you up at night: How do I brag in a way that doesn't sound like bragging? and How do I make my essay, like, deep? Packed with tips, tricks, exercises, and sample essays from real students who got into their dream schools, *College Essay Essentials* is the only college essay guide to make this complicated process logical, simple, and (dare we say it?) a little bit fun.

Enquiry Concerning Political Justice Red Wheel/Weiser

As it was in *Anna Karenina*, *Madame Bovary*, and *Othello*, so it is in life. Most forms of private vice and public evil are kindled and sustained by lies. Acts of adultery and other personal betrayals, financial fraud, government corruption—even murder and genocide—generally require an additional moral defect: a willingness to lie. In *Lying*, best-selling author and neuroscientist Sam Harris argues that we can radically simplify our lives and improve society by merely telling the truth in situations where others often lie. He focuses on "white" lies—those lies we tell for the purpose of sparing people discomfort—for these are the lies that most often tempt us. And they tend to be the only lies that good people tell while imagining that

they are being good in the process.

College Essay Essentials Wipf and Stock Publishers

With his "sheer mastery of narrative," the British novelist takes a detour into the uncanny and wondrously absurd in these "compelling" stories (*The Guardian*). An ambitious departure for an author renowned for his realism, this collection of short fiction "collectively . . . [engages] in a reconnaissance through the dustier reaches of man's experience with [the] spectres of doubt, defeat, failure and paradox" (*Kirkus Reviews*). In "Under the Garden," William Wilditch, a restless loner given to wanderlust, takes one final journey as he approaches death—back to his childhood home where he discovers that the memories of his youth are simply not to be believed. In "A Visit to Morin," an admirer and old friend of a once-renowned Catholic writer is unprepared for the startling confessions of the spiritually bereft, now-reclusive scribe. On a vast plantation, a peculiar wish is granted a poor leper by his physician-in-charge—and for one rowdy

winter night, a “Dream of a Strange Land” becomes a reality. Finally, for a group of children scouting the apocalyptic ruins at the edge of their village, “A Discovery in the Woods” opens their eyes to a lost world they never knew existed. With these versatile forays into myth, memory, magic realism, and dystopian futures, Greene once again proves himself “a storyteller of genius” (Evelyn Waugh). **Guiding Students from Cheating and Plagiarism to Honesty and Integrity**

(Rolling Stone) NAMED ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE BY CNN • NAMED ONE OF PASTE’S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • The Washington Post • People • Entertainment Weekly • Vogue • Los Angeles Times • San Francisco Chronicle • Chicago Tribune • New York • Newsday • Library Journal • Publishers Weekly In a profound work that pivots from the biggest questions about American history and ideals to the most intimate concerns of a father for his son, Ta-Nehisi Coates offers a powerful new framework for understanding our nation’s history and current crisis. Americans have built an empire on the idea of “race,” a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? Between the World and Me is Ta-

Nehisi Coates’s attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children’s lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bracingly confronts our present, and offers a transcendent vision for a way forward.
