Manuals - Lukie Games*

Scanning in by anonymous
hobbyists, this collection of
manuals are for electronic
handheld games, which
game into prominence in the
late 1970s and flourished
well into the 1990s.

Currently, most manuals in
this collection come
courtesy of Handheld
Museum.

Information*

Started in 1999, the

goal of The Manual

Project is to scan

as many US video

game manuals as

possible. Once

scanned they are

posted here so that

everyone may read them. To date over 400 NES and SNES manuals have been scanned and posted, and the project is now expanded to include works from other sites. All manuals can be viewed online using your web browser, and downloadable manuals are available in both .vlm and .pdf format.

[Handheld Game Manuals : Free Texts : Free Download, Borrow ...](#)

An instruction manual, a booklet that instructs the player on how to play the game, is usually included as part of a video game package. Manuals can be large, such as the Civilization II manual which runs hundreds of pages, or small, such as the single sheet of

double-sided A5 paper included with Half-Life 2. PAL region versions of games may include thick manuals with many languages.

Bought a video game second hand and found it doesn't have a manual? ... Well, help is at hand! Vimm offers you heaps of free pdf manuals from retro systems as old as the Atari 2600 and as recent as the N64!

Meanwhile Meekeo does much the same, although it mostly looks after current generation ... I'll be looking online for Lego instructions soon.
