An Unconditional Freedom Loyal League

Dear President Bush, My name is Kimberly Anne Muse. I am writing this letter not for me but for my father, Kurt Frederick Muse. As you should know by now, he is a political prisoner in Panama. . . . Born in the United States and raised in Panama,

Kurt Muse grew up with a deep love for his adopted country. But the crushing regime of General Manuel Noriega in the late 1980s threatened his, and a nation's, freedom. A nightmare of murder and unexplained disappearances compelled Kurt and a few trusted friends to begin a clandestine radio campaign, urging the people of Panama to rise up for their basic human rights. Six Minutes to Freedom is the remarkable tale of Kurt Muse's arrest and harrowing months of imprisonment; his eyewitness accounts of torture; and the plight of his family as they fled for their lives. It is also the heart-pounding account of the only American civilian ever rescued by the elite

Delta Force. Timelier than ever, this is a thrilling and highly personal narrative about one man's courage and dedication to his beliefs. "A cliffhanger drama of survival against all odds." --Jeffery Deaver "A dramatic portrayal of idealism, courage, integrity, and fortitude." --John Douglas and Mark Olshaker "A must-read for anyone interested in how Delta Force operates." --John Weisman "Harrowing, entertaining, inspiring, and very, very readable." --Col. Lee A. Van Arsdale, U.S. Army Special Forces (Ret) "A thrilling chronicle that puts a human face on unspeakable actions." --Continental magazine A Featured Alternate of the Military Book Club

A novel--inspired by the most celebrated regiment in the Red Army--about a woman's sacrifice, courage, and love in a time of war. Russia, 1941. Katya Ivanova is a young pilot in a far-flung military academy in the Ural Mountains. From childhood, she's dreamed of taking to the skies to escape her bleak mountain life. With the Nazis on the march across Europe, she is called on to use her wings to serve her country in its darkest hour. Not even the entreaties of her new husband--a sensitive artist who fears for her safety--can dissuade her from doing her part as a proud daughter of Russia. After years of arduous training, Katya is assigned to the 588th Night Bomber

Regiment--one of the only Soviet air units composed entirely of women. The Germans quickly learn to fear nocturnal raids by the daring fliers they call "Night Witches." But the brutal campaign will exact a bitter toll on Katya and her sisters-in-arms. When the smoke of war clears, nothing will ever be the same--and one of Russia's most decorated military heroines will face the most agonizing choice of all.

An Incredible Life a Tragic Death! America's first feminist, female minister, and martyr.

True, Dramatic, Inspiring! "If Anne had been a man, she'd be in all the history books." Her exciting story has been neglected for 350 years. Read how Anne

Hutchinson came to America from a comfortable life in England, to settle in rugged, four-year-old Boston. The conditions were extremely harsh. The women, with constant child-bearing, suffered the most. Spiritually minded, loving Anne became involved in helping the women in the Colony understand "the God of Love, not Law." Anne's zeal for God's truth in an all-male clergy led to an outright inquisition, and, ultimately, to her excommunication and banishment. Soon thereafter, came her tragic and untimely death, along with her young children. [A Free Woman on God's Earth](#)

"A Free Woman On God's Earth" The True Story of Elizabeth "Mumbet" Freeman, The Slave Who Won Her Freedom is the inspiring story of Mumbet, an enslaved African woman who lived in Sheffield,

Massachusetts during Revolutionary War times. Owned by John and Hannah Ashley, Mumbet served eleven patriots as they wrote impassioned letters to King George demanding freedom from the British. Mumbet could not help but overhear their conversations. These Declaration of Grievances became the Sheffield Resolves, or the Sheffield Declaration, the precursor to the Declaration of Independence and the irony of the sentiments in this document was not lost on

Mumbet. After a particularly brutal incident, where Mistress Hannah Ashley intends to strike a servant girl with a hot poker from the hearth, Mumbet puts her own arm up to block the blow and is burned to the bone. When she finally heals, she realizes she can no longer live enslaved and waits for the right moment. The moment comes in 1780 with the ratification of the Massachusetts Constitution, making into the law the words, "All men are created free and equal." Mumbet

takes these words and used them to sue for her freedom. On August 21, 1781, she becomes a free woman. **Freedom Walkers Seal Press** A groundbreaking history of the American Revolution that “vividly recounts Colonial women’s struggles for independence—for their nation and, sometimes, for themselves.... [Her] lively book reclaims a vital part of our political legacy" (Los Angeles Times Book Review). The American Revolution was a home-front

war that brought scarcity, bloodshed, and danger into the life of every American. In this book, Carol Berkin shows us how women played a vital role throughout the conflict. The women of the Revolution were most active at home, organizing boycotts of British goods, raising funds for the fledgling nation, and managing the family business while struggling to maintain a modicum of normalcy as husbands, brothers and fathers died. Yet Berkin also reveals that it was not just the

men who fought on the front lines, as in the story of Margaret Corbin, who was crippled for life when she took her husband's place beside a cannon at Fort Monmouth. This incisive and comprehensive history illuminates a fascinating and unknown side of the struggle for American independence. *Casting Her Own Shadow* Thomas Allen Publishers A riveting account of the civil rights boycott that changed history by the foremost author of history for young people. Now a classic, Freedman's

book tells the dramatic stories of the heroes who stood up against segregation and Jim Crow laws in 1950s Alabama. Full of eyewitness reports, iconic photographs from the era, and crucial primary sources, this work brings history to life for modern readers. This engaging look at one of the best-known events of the American Civil Rights Movement feels immediate and relevant, reminding readers that the Boycott is not distant history, but one step in a fight for equality that continues today. Freedman focuses not only on well-known figures like

Claudette Colvin, Rosa Parks, and Martin Luther King Jr., but on the numerous people who contributed by organizing carpools, joining protests, supporting legal defense efforts, and more. He showcases an often-overlooked side of activism and protest-- the importance of cooperation and engagement, and the ways in which ordinary people can stand up for their beliefs and bring about meaningful change in the world around them. Freedom Walkers has long been a library and classroom staple, but as interest in the history of protest and the Civil

Rights Movement grows, it's a perfect introduction for anyone looking to learn more about the past-- and an inspiration to take action and shape the future. Recipient of an Orbis Pictus Honor, the Flora Stieglitz Straus Award, and the Jane Addams Peace Association Honor Book Award, Freedom Walkers received five starred reviews. A map, source notes, full bibliography, and other backmatter is included.

The Woman in Red

A Question of Honor is the gripping, little-known story of the refugee Polish pilots

who joined the RAF and played an essential role in saving Britain from the Nazis, only to be betrayed by the Allies after the war. After Poland fell to the Nazis, thousands of Polish pilots, soldiers, and sailors escaped to England. Devoted to liberating their homeland, some would form the RAF's 303 Squadron, known as the Kosciuszko Squadron, after the elite unit in which many had flown back home. Their thrilling exploits and fearless flying made them celebrities in Britain, where they were

“adopted” by socialites and seduced by countless women, even as they yearned for news from home. During the Battle of Britain, they downed more German aircraft than any other squadron, but in a stunning twist at the war’s end, the Allies rewarded their valor by abandoning Poland to Joseph Stalin. This moving, fascinating book uncovers a crucial forgotten chapter in World War II—and Polish—history.

The newest Oprah’s Book Club 2.0 selection: this special eBook edition of *The Invention of Wings* by Sue Monk Kidd features exclusive content, including Oprah’s personal notes highlighted within the text, and a reading group guide. Writing at the height of her narrative and imaginative gifts, Sue Monk Kidd presents a masterpiece of hope, daring, the quest for freedom, and the desire to have a voice in the world. Hetty “Handful” Grimke, an urban slave in early nineteenth century Charleston, yearns for life beyond the suffocating walls that enclose

her within the wealthy Grimke household. The Grimke’s daughter, Sarah, has known from an early age she is meant to do something large in the world, but she is hemmed in by the limits imposed on women. Kidd’s sweeping novel is set in motion on Sarah’s eleventh birthday, when she is given ownership of ten year old Handful, who is to be her handmaid. We follow their remarkable journeys over the next thirty five years, as both strive for a life of their own, dramatically shaping each other’s destinies and forming a complex relationship marked

by guilt, defiance, estrangement and the uneasy ways of love. As the stories build to a riveting climax, Handful will endure loss and sorrow, finding courage and a sense of self in the process. Sarah will experience crushed hopes, betrayal, unrequited love, and ostracism before leaving Charleston to find her place alongside her fearless younger sister, Angelina, as one of the early pioneers in the abolition and women's rights movements. Inspired by the historical figure of Sarah Grimke, Kidd goes beyond the record to flesh out the rich

interior lives of all of her characters, both real and invented, including Handful's cunning mother, Charlotte, who courts danger in her search for something better. This exquisitely written novel is a triumph of storytelling that looks with unswerving eyes at a devastating wound in American history, through women whose struggles for liberation, empowerment, and expression will leave no reader unmoved. Two unsung women whose power using food as a political weapon during the civil rights movement was so great it brought the ire of government agents working against them In early 1969 Cleo Silvers and a few Black Panther Party members met at a community center laden with boxes of donated food to cook for the neighborhood children. By the end of the year, the Black Panthers would be feeding more children daily in all of their

breakfast programs than the state of California was at that time. More than a thousand miles away, Aylene Quin had spent the decade using her restaurant in McComb, Mississippi, to host secret planning meetings of civil rights leaders and organizations, feed the hungry, and cement herself as a community leader who could bring people together—physically and philosophically—over a meal. These two women's tales, separated by a handful of years, tell the same story: how food was used by women as a potent and necessary ideological tool in both the rural south and urban north to create lasting social and political change. The leadership of these women cooking and serving food in a safe space for their communities was so powerful, the FBI resorted to coordinated extensive and often illegal means to stop the efforts of these two women, and those using similar tactics, under COINTELPRO--turning a blind eye to the firebombing of the children of a restaurant owner, destroying food intended for poor kids, and declaring a community breakfast program a major threat to public safety. But of course, it was never just about the food.

Lighting the Fires of Freedom Little Brown & Company

Recommended by The New York Times, The Washington Post, Book Riot and Autostraddle Nominated for a 2019 NAACP Image Award, a groundbreaking collection of profiles of African American women leaders in the twentieth-century fight for civil rights

During the Civil Rights Movement, African American women did not stand on ceremony; they simply did the work that needed to be done. Yet despite their significant contributions at all levels of the movement, they remain mostly invisible to the larger public. Beyond Rosa Parks and Coretta Scott King, most Americans would be hard-pressed to name other leaders at the community, local, and national levels. In *Lighting the Fires of Freedom* Janet Dewart Bell shines a light on

women's all-too-often overlooked achievements in the Movement. Through wide-ranging conversations with nine women, several now in their nineties with decades of untold stories, we hear what ignited and fueled their activism, as Bell vividly captures their inspiring voices. *Lighting the Fires of Freedom* offers these deeply personal and intimate accounts of extraordinary struggles for justice that resulted in profound social change, stories that are vital and relevant today. A vital

document for understanding the Civil Rights Movement, *Lighting the Fires of Freedom* is an enduring testament to the vitality of women's leadership during one of the most dramatic periods of American history. **Those Angry Days** Random House Incorporated Winner of the Benjamin L. Hooks National Book Award Winner of the Michael Nelson Prize of the International Association for Media and History In 1964, Nina Simone sat at a piano in New York's Carnegie Hall

to play what she called a "show tune." Then she began to sing: "Alabama's got me so upset/Tennessee made me lose my rest/And everybody knows about Mississippi Goddam!" Simone, and her song, became icons of the civil rights movement. But her confrontational style was not the only path taken by black women entertainers. In *How It Feels to Be Free*, Ruth Feldstein examines celebrated black women performers, illuminating the risks they took, their roles at home and abroad, and the

ways that they raised the issue of gender amid their demands for black liberation. Feldstein focuses on six women who made names for themselves in the music, film, and television industries: Simone, Lena Horne, Miriam Makeba, Abbey Lincoln, Diahann Carroll, and Cicely Tyson. These women did not simply mirror black activism; their performances helped constitute the era's political history. Makeba connected America's struggle for civil rights to the fight against apartheid in South Africa,

while Simone sparked high-profile controversy with her incendiary lyrics. Yet Feldstein finds nuance in their careers. In 1968, Hollywood cast the outspoken Lincoln as a maid to a white family in *For Love of Ivy*, adding a layer of complication to the film. That same year, Diahann Carroll took on the starring role in the television series *Julia*. Was *Julia* a landmark for casting a black woman or for treating her race as unimportant? The answer is not clear-cut. Yet audiences

gave broader meaning to what sometimes seemed to be apolitical performances. *How It Feels to Be Free* demonstrates that entertainment was not always just entertainment and that "We Shall Overcome" was not the only soundtrack to the civil rights movement. By putting black women performances at center stage, Feldstein sheds light on the meanings of black womanhood in a revolutionary time. **Simón Bolívar (Simon Bolivar)**
