When a wealthy entrepreneur is accused of murder in Los Angeles, wisecracking private eye Elvis Cole is hired to prove that the evidence was corrupted and becomes suspicious about the defense attorney's motivations. Prominent restaurateur Teddy Martin is facing charges in his wife's brutal murder. But he's not going down without spending a bundle of cash on his defense. So his hotshot attorney hires P.I. Elvis Cole to find proof

that Detective Angela Rossi tampered with the evidence. Detective Rossi needs a way back to the fast track after falling hard during an internal investigation five years ago. But Cole needs to know if she's desperate enough to falsify the case against Martin in order to secure her own position. As Cole and his partner Joe Pike work their way through a tangle of witnesses and an even greater tangle of media, they begin to suspect that it's not the police who are behind the setup. The sixth book in the Elvis Cole series, *Sunset Express* is marked by Robert Crais's dark humor and edge-of-your-seat suspense.

The 5 AM Club Free FallAn Elvis Cole and Joe Pike Novel
Named a Best Book of the Year: Vogue * TIME * Real Simple * Kirkus Reviews A New York Times Book Review Editors' Choice For fans of Sally Rooney's Normal People: A sharply intelligent and intimate debut novel about a secret society of hungry young women who meet after dark and feast to reclaim their appetites--and their physical spaces--that posits the question: If you feed a starving woman, what will she grow into? Roberta spends her life trying not to take up

space. At almost thirty, she is adrift and alienated from life. Stuck in a mindless job and reluctant to pursue her passion for food, she suppresses her appetite and recedes to the corners of rooms. But when she meets Stevie, a spirited and effervescent artist, their intense friendship sparks a change in Roberta, a shift in her desire for more. Together, they invent the Supper Club, a transgressive and joyous collective of women who gather to celebrate, rather than admonish, their hungers. They gather after dark and feast until they are sick; they break into private buildings and leave carnage in their wake; they embrace their changing bodies; they stop apologizing. For these women, each extraordinary yet unfulfilled, the club is a way to explore, discover, and push the boundaries of the space they take up in the world. Yet as the club expands, growing in both size and rebellion, Roberta is forced to reconcile herself to the desire and vulnerabilities of the body--and the past she has

Transition Now Del Rey

Longlisted for the FT/McKinsey Business Book of the Year Award A groundbreaking chronicle of the birth--and death--of a pair of jeans, that exposes the fractures in our global supply chains, and our relationships to each other, ourselves, and the planet Take a look at your favorite pair of jeans. Maybe you bought them on Amazon or the Gap; maybe the tag says "Made in Bangladesh" or "Made in Sri Lanka." But do you know where they really came from, how many thousands of miles they crossed, or the number of hands who picked, spun, wove, dyed, packaged, shipped, and sold them to get to you? The fashion

industry operates with radical opacity, and it's only getting worse to disguise countless environmental and labor abuses. It epitomizes the ravages inherent in the global economy, and all in the name of ensuring that we keep buying more while thinking less about its real cost. In *Unraveled*, entrepreneur, researcher, and advocate Maxine Bédat follows the life of an American icon--a pair of jeans--to reveal what really happens to give us our clothes. We visit a Texas cotton farm figuring out how to thrive without relying on fertilizers that poison the earth. Inside dyeing and weaving factories in China, where chemicals that are banned in the West slosh on factory floors and drain into

waterways used to irrigate local family farms. Sewing floors in Bangladesh and Sri Lanka are crammed with women working for illegally low wages to produce garments as efficiently as machines. Back in America, our jeans get stowed, picked, and shipped out by Amazon warehouse workers pressed to be as quick as the robots primed to replace them. Finally, those jeans we had to have get sent to landfills--or, if they've been "donated," shipped back around the world to Africa, where they're sold for pennies in secondhand markets or buried and burned in mountains of garbage. A sprawling, deeply researched, and provocative tour-de-force, *Unraveled* is not just the story of a pair of pants, but also the story of our global economy and our role in it. Told with piercing insight and unprecedented reporting, *Unraveled* challenges us to use our relationship with our jeans--and all that we wear--to reclaim our central role as citizens to refashion a society in which all people can thrive and preserve the planet for generations to come.
