The French Revolution Macmillan + ORM

Handy introduction to one of the most significant and studied events in world history Blending narrative with analysis, Peter Davies explores a time of obscene opulence, mass starvation, and ground-breaking ideals; where the streets of Paris ran red with blood, and the numbers requiring execution precipitated the invention of the guillotine. Davies brings the subject up to date by considering the legacy of the revolution and how it continues to resonate in today's France.

Questions of the French Revolution Workman Publishing Company

A striking account of the impact of the French Revolution in Paris, across the French countryside, and around the globe The French Revolution has fascinated, perplexed, and inspired for more than two centuries. It was a seismic event that radically transformed France and launched shock waves across the world. In this provocative new history, Peter McPhee draws on a lifetime's study of eighteenth-century France and Europe to create an entirely fresh account of the world's first great modern revolution—its origins, drama, complexity, and significance. Was the Revolution a major turning point in French—even world—history, or was it instead a protracted period of violent upheaval and warfare that wrecked millions of lives? McPhee evaluates the Revolution within a genuinely global context: Europe, the Atlantic region, and even farther. He acknowledges the key revolutionary events that unfolded in Paris, yet also uncovers the varying experiences of French citizens outside the gates of the city: the provincial men and women whose daily lives were altered—or not—by developments in the capital. Enhanced with evocative stories of those who struggled to cope in unpredictable times, McPhee's deeply researched book investigates the changing personal, social, and cultural world of the eighteenth century. His startling conclusions redefine and illuminate both the experience and the legacy of France's transformative age of revolution. "McPhee...skillfully and with consummate clarity recounts one of the most complex events in modern history.... [This] extraordinary work is destined to be the standard account of the French Revolution for years to come."—Publishers Weekly (starred review)

*Scars of Independence* Crown Publishing Group (NY)

The search for a republican morality provides an exciting new study of an important event in the French Revolution and a defining moment in the career of its principal actor, Maximilien Robespierre, the Festival of the Supreme Being. This day of national celebration was held to inaugurate the new state religion, the Cult of the Supreme Being, and whilst traditionally it has been dismissed as a compulsory political event, this book redefines its importance as a hugely popular national event. Hitherto unused or disregarded source material is used to offer new perspective to the national reaction to Robespierre's creation of the Festival and of his search for a new republican morality. It is the first ever detailed study in English of this area of French Revolutionary history, the first in any language since 1988 and will be welcomed by scholars and students of this period.

*Well Spoken* Basic Books

The day of 9 Thermidor (27 July 1794) is universally acknowledged as a major turning-point in the history of the French Revolution. Maximilien Robespierre, the most prominent member of the Committee of Public Safety, was planning to destroy one of the most dangerous plots that the Revolution had faced.

Resources in Education Harvard University Press

Winner of the Louis Gottschalk Prize, American Society for Eighteenth-Century Studies A Financial Times Best History Book of the Year A Choice Outstanding Academic Title of the Year Rebecca L. Spang, who revolutionized our understanding of the restaurant, has written a new history of money. It uses one of the most infamous examples of monetary innovation, the assignats—a currency initially defined by French revolutionaries as "circulating land"—to demonstrate that money is as much a social and political mediator as it is an economic instrument. Following the assignats from creation to abandonment, Spang shows them to be subject to the same slippages between policies and practice, intentions and outcomes, as other human inventions. "This is a quite brilliant, assertive book." —Patrice Higonnet, Times Literary Supplement "Brilliant...What [Spang] proposes is nothing less than a new conceptualization of the revolution...She has provided historians—and not just those of France or the French Revolution—with a new set of lenses with which to view the past." —Arthur Goldhammer, Bookforum "[Spang] views the French Revolution from rewardingly new angles by analyzing the cultural significance of money in the turbulent years of European war, domestic terror and inflation." —Tony Barber, Financial Times

Leonard Maltin's Movie and Video Guide 2002 Macmillan

If you want to discover captivating stories of people and events of the French Revolution, then keep reading... Two captivating manuscripts in one book: The French Revolution: A Captivating Guide to the Ten-Year Revolution in France and the Impact Made by Napoleon Bonaparte Marie Antoinette: A Captivating Guide to the Last Queen of France Before and During the French Revolution, Including Her Relationship with King Louis XVI Few historical events are as greatly revered and entirely misunderstood as the French Revolution that began in 1789. The memory of this complicated and lengthy political, violent uprising has been generally painted in broad--and oversimplified--strokes. While the French Revolution was certainly centered around two lavish monarchs and an enlightened common class, there was so much more going on behind the scenes. Even after the abolition of the French monarchy, France struggled to find a balance between public self-governance and European stability. A fragile government, merely a shell of its former self following the Reign of Terror under Robespierre, was no match for the military and political prowess of Napoleon I. Some of the topics covered in part 1 of this book include: A Brief History of the French Monarchy Philosophies of the Times France in the 18th Century Marie Antoinette, Madame Deficit Taxes, Famine, and the Enlightenment Sieyes' "What is the Third Estate?" The National Assembly Death of the Dauphin Bastille Day The First Mayor of Paris Declaration of the Rights of Man...and The Women's March France at War The Flight to Varennes Storming the Tuileries The Monarchy is Outlawed The Fate of the Colonies The Louisiana Purchase The Reign of Terror The New French Calendar Emperor Napoleon Bonaparte In the Days and Years Afterward And much, much more! Some of the topics covered in part 2 of this book include: An Archduchess is Born Maria Antonia Becomes Marie Antoinette The Dauphine Queen at Nineteen A Marriage at Odds with Itself The Issue of Heirs Madame Deficit Count Axel von Ferson The Lost Children The Diamond Necklace Scandal Queen of Fashion The French Revolution The October Chapter Anxious Days at the Tuileries An Attempt to Flee Death of the Monarchy And much more! So if you want to learn more about the French Revolution, click the "add to cart" button!

*French Revolution: A Captivating Guide to the French Revolution, the Life of Marie Antoinette and the Impact Made by Napoleon Bonaparte* Plume Books

It's the revolutionary world history study guide just for middle school students from the brains behind Brain Quest. film guide on the market. More than four million copies have been sold.

The French Revolution IGI Global

This brief documentary history explores the issue of rights and citizenship that dominated Revolutionary France and helped define modern notions of civil rights. The rich selection of 38 primary documents - many never before published in English allows students to read and analyze, firsthand, the intense debates and subsequent legislation engendered by the French Revolution. An extensive introductory essay discusses the controversies over citizenship and rights current in Enlightenment and Revolutionary France. Headnotes for the documents, a chronology, a bibliography, engravings from the period, and questions to consider are also included.

*Leonard Maltin's Movie and Video Guide 2004* Plume

With more than 300 new entries, 1,000 more videocassette and laser-disc listings, and an enlarged index of leading performers and directors, the 1998 edition of this perennial bestseller continues to be a "must" for every movie buff's bookshelf. "Leonard Maltin's Movie & Video Guide" has long been acclaimed because of its factual authority and sheer depth of information.

*A Documentary Survey of the French Revolution* Routledge

All teachers at all grade levels in all subjects have speaking assignments for students, but many teachers believe they don't know how to teach speaking, and many even fear public speaking themselves. In his new book, *Well Spoken*, veteran teacher and education consultant Erik Palmer shares the art of teaching speaking in any classroom. Teachers will find thoughtful and engaging strategies for integrating speaking skills throughout the curriculum. Palmer stresses the essential elements of all effective oral communication, including: Building a Speech: Audience, Content, Organization, Visual Aids, and Appearance, Performing a Speech: Poise, Voice, Life, Eye Contact, Gestures, and Speed, Evaluating a Speech: Creating Effective Rubrics, Guiding Students to Excellence. *Well Spoken* contains a framework for understanding the skills involved in all effective oral communication, offers practical steps and lesson ideas that any teacher needs to successfully teach speaking in a variety of situations from classroom discussions to formal presentations and includes a set of tools for students from how to grab the audience's attention to how to use emphatic hand gestures and adjust speed for effect. Discover why, year after year, students returned to Palmer's classroom to thank him for teaching them how to be well spoken. You may find, after reading this book, that you have become a better speaker, too.

Liberty or Death Yale University Press

YouTube sensation John D. Ruddy brings history to life with clarity and hilarity in videos that have amassed millions of views around the world. Here, his viral online hit, *Manny Man*, turns Ireland's tumultuous millennia of history into a fun and easy-to-understand story. Why did the Celts love stealing cows? What was the Norman Invasion, and were they all called Norman? From the Ice Age up to the present day, through the Vikings and Tudors, British rule and the fight for independence, he covers it all - with his tongue in his cheek, of course. The succinct, lively text is complemented by comic, colorful illustrations. So if you want a quick fix of Irish history with lots of fun along the way, then *Manny Man* is your only man.

**2004 Movie & Video Guide** Plume

Since 1996, Richard Brookhiser has devoted himself to recovering the Founding for modern Americans. The creators of our democracy had both the temptations and the shortcomings of all men, combined with the talents and idealism of the truly great. Among them, no Founding Father demonstrates the combination of temptations and talents quite so vividly as the least known of the greats, Gouverneur Morris. His story is one that should be known by every American -- after all, he drafted the Constitution, and his hand lies behind many of its most important phrases. Yet he has been lost in the shadows of the Founders who became presidents and faces on our currency. As Brookhiser shows in this sparkling narrative, Morris's story is not only crucial to the Founding, it is also one of the most entertaining and instructive of all. Gouverneur Morris, more than Washington, Jefferson, or even Franklin, is the Founding Father whose story can most readily touch our hearts, and whose character is most sorely needed today. He was a witty, peg-legged ladies' man. He was an eyewitness to two revolutions (American and French) who joked with George Washington, shared a mistress with Talleyrand, and lost friends to the guillotine. In his spare time he gave New York City its street grid and New York State the Erie Canal. His keen mind and his light, sure touch helped make our Constitution the most enduring fundamental set of laws in the world. In his private life, he suited himself; pleased the ladies until, at age fifty-seven, he settled down with one lady (and pleased her); and lived the life of a gentleman, for whom grace and humanity were as important as birth. He kept his good humor through war, mobs, arson, death, and two accidents that burned the flesh from one of his arms and cut off one of his legs below the knee. Above all, he had the gift of a sunny disposition that allowed him to keep his head in any troubles. We have much to learn from him, and much pleasure to take in his company.

*The Fall of Robespierre* Verso Books

With this guide, major help for nineteenth-century World History term papers has arrived to enrich and stimulate students in challenging and enjoyable ways. Show students an exciting and easy path to a deep learning experience through original term paper suggestions in standard and alternative formats, including recommended books, websites, and multimedia.
